#### LOCAL AND PERSONAL

Arthur De Graw, the Buick salesman, left yesterday morning on a business trip to Grand Island.

Miss Esther Wheeler, of Marceline, Mo., is visiting Miss Hildegarde Clinton, having arrived Thursday.

Preston, the young son of Mr. and Mrs. J. W. McEvoy is suffering with pneumonia and blood poisoning.

Engineer Meeks is confined to the house with a sprained back which he sustained Wednesday night when he slipped and fell at the round house.

Ray Cantlin was taken to the General Hospital Tuesday with a threatened attack of pneumonia. This, however, has been overcome and he will be released in a day or two.

Mrs. Geo. B. Dent was able to leave the hospital at Omaha this week, but will remain in that city for a couple of weeks.

We will give you \$52.50 for a \$59.00 bond, \$105.50 for a \$100.00 bond and sell a piano at the sale price.—Walker Music Co.

During the less than three months pastorate of Dr. Curry thirty seven have been taken into the membership of the church, and a dozen or more will be received within the next month. That indicates activity and influence on the part of Dr. Curry.

At the Methodist church Sunday forenoon at eleven o'clock a service flag will be unveiled. On this flag are twenty-five stars, representing the number of young men of the church and congregation who have entered the service of their country. Mrs. J. G. Beeler will make the presentation speech.

At the regular meeting of the Elks Monday evening, F. J. Bremer was taken into the membership and several applications were received. A committee to arrange for the golden anniversary of the order on February 16th was appointed and is now at work. Twenty-five dollars was donated to the Red Cross chapter.

#### INVESTORS IN OIL LAND HEAR GOOD NEWS.

Fifty or sixty North Platte men who invested in oil land near Angleton, Texas, are feeling jubilant over the following message which was received this week:

"Have struck oil at 1215 feet. Can't tell how much until we get casing and strainer set showing warrant testing at the depth. Driller says formation can't be beat. Will set casing and make test at once."

The telegram is signed by the president of the company and the man who has charge of the drilling.

The North Platte men who are interested each bought a small tract of land with the proviso that a certain number of wells should be drilled, and no matter on which particular tract of land oil should be found, each tract owner would share in the oil produced. The North Platte men invested an average of \$250 each.

#### You'll Have to Come Through.

Elsewhere we publish an article concerning the method which the state and county defense councils will employ in the next Liberty bond sale. This method is no surprise to those who have been associated in the work of boosting the two previous sales of bonds. The fact was apparent that many people who could afford to buy bonds did not buy them, at least they did not buy in the quantity they should. In the next sale—which will begin the latter part of this month—the financial standing of every man in Lincoln county will be learned, and if he does not invest to some where near his ability he will be reported to the government—and the government will probably do something the individual may not fancy.

Not only will the individual be expected to subscribe in accordance with his finances, but his record as to his donations to the Red Cross, Y. M. C. A., K. of C., and other war work funds will be ascertained.

If in these matters you have been somewhat of a slacker, you must make up your mind that you've got to come through. Your Uncle Sam is not a trifter.

#### Flour Regulations.

Wholesalers' sales to retail trade must be in the proportion of one pound of other cereals, or flours such as rye, corn, barley and others. Retailers must sell to consumers proportion one pound white flour to one pound substitute.

Retailers profit on flour, limited in original packages, eighty cents to one twenty per barrel depending upon service performed.

Retailers sales in amount less than original mill packages shall not exceed one cent per pound. Substitutes for wheat flour must be sold at not more than reasonable profit over actual purchase price.

The above rules are in immediate effect. See that they are strictly enforced in order to prevent hoarding of flour.

#### FOOD ADMINISTRATOR.

#### Vote on Bonds 130 to One.

Last Tuesday the voters of the Brady section voted on the proposition to issue bonds in the sum of \$30,000 to aid in the construction of a series of bridges across the channels of the Platte river south of that village.

That the people wanted these bridges is evidenced by the vote of 130 for and one against the bonds. At the voting place south of the river the vote was sixty-eight for and none against, at the north side polls the vote was sixty-two for and one against. The Brady people are trying to figure out the identity of the one voter who opposed the bond.

The proposed bridges will be constructed of concrete at a cost of \$60,000, one-half of the cost to be borne by the state.

#### Millions to Sing "America"

At eight o'clock Friday evening, February 22—Washington's Birthday—every man, woman and child will be expected to arise and sing "America." This mighty chorus will extend from Coast to Coast, across the Pacific to Hawaii, over the seas to France, in fact to every country where Americans may live. We suggest that Supt. Tout, of the city schools, lead this great chorus in North Platte and that the municipal band play the accompaniment.

#### EVERYONE WHO IS ABLE MUST BUY LIBERTY BONDS.

A systematic campaign for funds for the war work activities will be conducted in the future by the organizations of the Nebraska state council of defense.

The state organization has adopted the card index system to keep record of the amount of money subscribed by each man in the county to war work.

A card has been adopted by the council which when filled out and recorded will give a survey of information sought by the government to assist in financing and supporting war needs.

The following card has been adopted and will be used by the county councils of defense:

Follow-up Plan to be Used.  
The county councils plan to divide the burden of the campaigns for funds among the members of the community. Those who fail to respond upon the first notice will be sent a second card which will be the last notice before receiving the call "up on the carpet" should the man fail to act.

The state council offers the following plan to the county organizations for their use:

First, a card is sent to the citizen stating that the United States has called for subscription for the third Liberty loan bonds. The card reads, "You are requested to call at the office of ..... in ..... and give your subscription for your pro rata share of these bonds on or before the ..... day of ..... Please appear before said day as we do not want to be compelled to give you further notice." This card is signed by the chairman of the sifting committee.

Should the man fail to respond a second card is sent. This card reads as follows: "This is the second and last notice we are sending you requesting you to call at the office of ..... in ..... for the purpose of making your subscription for your pro rata share of the third issue of Liberty bonds. If you do not appear on or before ..... day of ..... 1918, this committee will report your failure to the central committee for further action."

#### Red Cross Notes.

The White Elephant sale which had been announced will be postponed until after Easter, when it will be held in connection with a big fair that the Red Cross will give then.

Unless funds are available at once the work rooms will have to be closed. In order to raise some money solicitors will start within a week and make a thorough canvass of the residence section of the city. Any amount is acceptable, but every household is urged to give at least a quarter toward the fund.

Each lady or housekeeper is urged to save her light colored scraps and ravelings from sewing to stuff small pillows. This will be a great help to the society.

I now have funds at 5 1/2 per cent on choice bottom table land. Gene Crook, Room 4, Keith theatre Bldg.
