

Mother's birthday

Certainly one should remember it with an expression of love and honor other than just words.

Mother does so much for each of us, shares so much with us, we've become accustomed to giving her things all of us get benefit from. She likes such gifts--yes. But let's make her birthday present a purely personal one--something for her own use.

Jewelry is above all things the individual and personal present.

Mother learned a long time ago that Clinton's is the best place to buy jewelry.

You will find appropriate ornaments here, and she will be a little more pleased when she sees our imprint on the box containing the gift.

KNIGHTS OF COLUMBUS WILL HOLD A FAIR.

The Knights of Columbus will hold a fair April 23, 24 and 25, on the third floor of their new building. Committees to arrange for the fair have been appointed and are now at work arranging a program that will be sufficiently varied to guarantee a big attendance each night. The committee has enlisted assistance of the members of the Catholic Girls' Club, and this is certain to add considerable vim to the proceedings each evening.

The object of the fair is to assist in raising funds for furnishing the K. C. hall, and the promoters hope to have programs that will result in attendants getting the worth of the money they expend.

Further announcements of the fair will be made later.

Cafeteria Supper.

Ladies Aid society of the Methodist church will hold a business meeting next Tuesday afternoon in the church parlor. Members are urged to be present. Commencing at 5 o'clock the Methodist ladies will serve the people with a cafeteria supper.

Propose Charity Ball.

The next move of the Sammy Curtis will be a charity ball to be given immediately after the close of the Lenten season. The object of the ball will be to raise funds for buying yarn, and one-half of the net proceeds will be given to the Red Cross. The date of the ball will be announced later.

Orders were received Saturday not to furnish cars for hay shipments. How long this order will hold is not known. Through the efforts of the federal government Leypoldt & Pennington were put in communication with parties in Texas who were sorely in need of hay, and had seventeen cars ready for shipment when the "no cars" for hay order came Saturday afternoon.

Complete Program.

The committee appointed to arrange a program for the celebration of the Golden anniversary of the B. P. O. Elks on Monday evening of next week, have about completed their work. A reception will be held at eight o'clock followed by a musical program, and by special features and then dancing. Refreshments will be served. The committee is making arrangements to entertain at least 150 Elks and their ladies.

Will Infiltrate Big Class.

The Knights of Columbus will initiate a big class of candidates Sunday, March 24 by which time it is expected that the furnishings for the hall in their new building will have arrived. The membership of the class has already reached forty-eight and it is believed that by the date set for the initiation the number will not be less than seventy. Prominent members of the organization are expected to be present at the initiation.

Alderman Day Goes to Lincoln.

Alderman Dave Day went to Lincoln Saturday night for the purpose of taking possession of a seven-chair barbershop which his father-in-law, Mr. Hahn had contracted to purchase for him. The sale will be confirmed if Mr. Day finds everything satisfactory. Dave is a splendid and popular young man who we will all regret to lose should he decide to locate in the capital city.

Shelton Wins Easily.

Shelton defeated North Platte in a basket ball game at the auditorium Friday evening by a score of thirty-eight to seven. The team work of the visitor was superb, while the local boys lacked this requisite and failed to take advantage of the opportunity offered.

CATTLE FOR SALE.

Will have on sale at the local yards on or about February 16th, one hundred head White Faced Cows. Also six milch cows soon to be fresh. Will sell any number at any time.

Restaurant keepers are not permitted to serve more than two ounces of wheat bread to one customer at any one meal. They have not been requested to do so, they have been commanded, and if they violate the command they suffer a severe penalty. Every week there is a tightening up on the food proposition, and the end is yet far away. By the middle of the summer we will be reminded in a thousand ways that we are at war.

Now is the time to get a good selection in a suit. E. T. Tramp & Sons.

Were you ever double-crossed? Probably at some time in your life you believed somebody has double-crossed you for personal gain or to do you an injury, but Pauline Frederick, in "Double-Crossed," does this to save the reputation of her husband. Surely you will be interested in seeing this on Thursday and Friday at the Crystal theatre.

FARM BUREAU SELECTS BERT BARBER AS AGENT.

At a meeting of the officers of the newly created Lincoln county farm bureau Saturday Bert Barber was elected to the position of county agent and will assume his duties as such March first. The selection of Mr. Barber is an excellent one, for he has been a farmer by vocation, and is a graduate of Nebraska agricultural college at Lincoln. He spent a year or more in South America as an expert agriculturist in the employ of the Brazilian government. His knowledge of crop growing and live stock raising and his ability to analyze conditions and suggest remedies particularly fits him for the position. He is full of energy, a tireless worker, and is certain to be of great assistance to the farmers and stock growers of the county.

Agent Barber will have his office after March 1st in the Chamber of Commerce rooms and will be glad to meet all farmers who come to town.

The Tribune feels vitally interested in the organization of the farm bureau and the appointment of the county agent and offers its services to the bureau and to Agent Barber in whatever way it can best serve.

Building Works Under Ground.

Passengers arriving at New York from Amsterdam assert that the Krupp gun works, at Essen, are being rebuilt, this time under the ground. The latter action is being taken as the Germans fear extensive air raids by American flyers in the future. The Krupp works were partly destroyed by a conflagration several months ago, the entire plant being damaged and out. These sections of the gun works are being rebuilt underground and it is understood all of the plant will be rebuilt in time. The passengers all state that activities of Americans in the air are greatly feared in Germany, particularly along the frontier towns and manufacturing centers, where it is thought the efforts of airmen will be concentrated.

Big Poland China Hog Sale Feb. 27. On account of the severe snow storm Feb. 8, our sale was postponed to Wednesday, Feb. 27. There can positively be no postponement then as some of the offerings will farrow in March.

Sale will be comfortably and conveniently held in large barn. Should it be an impossible day again anything unsold will be sold at private sale. 50 of the toppest Poland China's to be put up anywhere.

If interested in this offering send for a catalog. Parties from west coming on local can stop off at Market on the farm, or later trains will be met by automobiles and conveyed to the farm free of charge.

J. O. ANDERSON.

Sixteen Allen Enemies Register.

During last week sixteen German alien enemies registered at the local postoffice, a smaller number than was expected. Postmaster McEvoy is of the opinion that there are some who should register who have not done so because they do not understand what they are expected to do.

Under the original order the date for registering closed Saturday evening, but Postmaster McEvoy has been notified that the time has been extended until tomorrow evening.

Food Conservation Meeting.

A food conservation meeting will be held in the Franklin auditorium on the evening of February 28th. The object of this meeting is to acquaint the people with the exact condition of food stuffs and the absolute necessity of conservation. The meeting will be addressed by Dr. R. H. Wilber, of the Stanford University and Everett Colby, of Orange, N. J., and probably Miss Kelly, of the University of Wisconsin. These speakers have made a study of the food situation and will give the real facts. They are sent out by State Food Administrator Wattles.

Those wanting sale dates let me know soon, as I have dates made for March.

QUICK easy starts in the coldest winter weather and lightning-like pick-ups when you open the throttle—these are yours when the motor is running on Red Crown Gasoline. Red Crown vaporizes readily—even when the motor is stone-cold. The cylinders draw in a full charge of gas that explodes at the first tiny spark. That's why Red Crown saves the batteries of your starter.

And if you want a sudden burst of speed—in dodging through traffic, or on a country road—you'll get it if Red Crown Gasoline is in the tank. For every drop is full of punch and power. And every gallon is like every other gallon—dependable and pure. Get Red Crown wherever you see the sign—at our Service Stations and all good garages.

The best winter lubricant is Polarine. Flows freely in zero weather; oils perfectly at any temperature.
