

## The same care your family doctor gives you

You can come to Clinton's to have your eyes examined with the same confidence you have in the family physician.

It is a professional matter with us—ascertaining the exact condition of your eye and advising you as to the best thing to do.

Glasses are not recommended unless they are needed. If they are, we can provide the glasses your eyes require, at a fair and reasonable price.

**C. S. Clinton**  
Jeweler and Optician  
At the Sign with the Big Ring.

### DISCONTINUE NORTH SIDE DAILY MAIL SERVICE.

Inability to secure a carrier to cover the sixty-four miles on motor mail route B on a salary of \$1,800 a year has resulted in a discontinuance of that part of the route north of the river. This order became effective Wednesday. The west end of the route, more familiarly known as route one will be continued as heretofore. Under the postal law the salary of a carrier on a daily route up to seventy-five miles is limited to \$1,800, and therefore an increase in the pay of the carrier on route B could not be increased. Six or seven carriers have been on this route since it was established a few months ago, and each have declared that the upkeep of the car is so great as to leave them nothing for their labor.

It is evident that the pay of a carrier is not equitably rated. For instance the carrier on route one, who travels twenty-nine miles a day, receives \$1,200 a year, but when the north side route was consolidated and thirty-five miles added, the increase in pay was but \$600 a year, whereas the more than doubling of the distance daily traveled should, in all fairness, have increased the salary \$1,200. Counting the cost of gas, oil, tires, repairs and depreciation of car, a carrier on route B cannot run his car for less than four dollars a day, which leaves him less than fifty dollars a month for his services, while he should receive not less than \$100.

Postmaster McEvoy has asked that route B be made into two routes with two carriers, in which case each would receive \$100 per month. Whether this request will be granted has not yet been learned.

#### Musicals Largely Attended

The musicals and tea given Tuesday afternoon by the O. E. S. committee of the Red Cross was largely attended and the program of readings and music rendered highly appreciated. Tea was served by the ladies in charge. Though no admission was charged the attendants dropped coins amounting to twenty-seven dollars.

#### Will Unfurl Service Flag.

In connection with the annual ball to be held by the city fire department on the evening of April first, a service flag will be unfurled. This flag will have seven stars, representing the following members who are in the service of their country: Fred Peterson, Marston Vandorran, Louis Johnson, John Eves, G. R. Tighe, Carl Schmidt and W. A. Robinson.

#### Red Cross at Somerset.

A correspondent at Somerset writes as follows: The Red Cross ladies of Somerset Chapter gave a plate supper in connection with an auction sale Saturday evening at the school house. All were pleasantly entertained in various ways. Talks were made by M. H. Dermott and Dr. Rundstrum and there were readings and recitations on the program. The plates and auction netted \$77.00 and to say that the ladies of the chapter are proud of their efforts would be putting it mild, especially when you take into consideration that there is hardly a family to the square mile in this neighborhood.

#### Wanted.

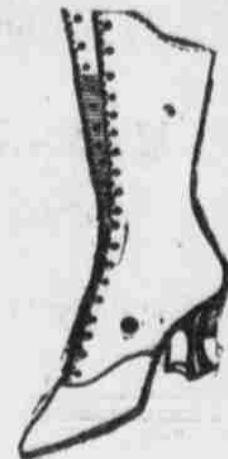

Summer range with plenty of water for fifty gentle cattle. Give location and price per head per month. 14-2 JOHN BRATT, North Platte

SAVES YOU MONEY ON SHOES

ONE DOOR SOUTH OF KEITH THEATRE BUILDING

#### Unearths Prairie Chickens.

Game Warden Owen Jones made a "find" yesterday, and somebody is likely to get into trouble. He succeeded in unearthing at the Union Pacific passenger depot a package containing nine undressed prairie chickens which had been left there to be delivered to a dining car on one of the trains, and later to be served to patrons. Jones took the prairie chickens to the county jail where they will be held pending evidence as to who killed and delivered the chickens at the depot, who acted as the agent for the dining car conductor, and the name of the dining car conductor for whom they were intended.

This may be evidence that is difficult to get, but in case of failure Warden Jones will fall back on the Union Pacific company.

Killing and selling prairie chickens to the dining cars is a vocation that has been plied all fall and winter, and is an unlawful procedure. Warden Jones has known that it has been on, but this was the first time he had been able to grab the chickens.

#### Buy Granger Interests.

The interests of Granger Bros. in the Stacey-Granger Co., wholesale produce dealers of this city, has been purchased by the Stacey Company and the local firm is now known as the Stacey Mercantile Co. The change occurred last Saturday and the former management has been retained.

The Granger company concluded to close out its branch houses and confine its attention solely to the Lincoln house.

Fred Ginapp, Jr. had a narrow escape from serious injury or worse last Friday while driving his car to North Platte to see the Case male exhibition. Mr. Ginapp was about eleven miles this side of the county seat when his car swerved from the road and crashed through a fence, throwing him to the ground where he was found unconscious. Otherwise from being badly bruised and scratched up he soon recovered sufficiently to continue on his way to the "doins" and returned home driving the car.—Brady Vindicator.

Some twenty-five or thirty men braved the storm Wednesday evening and met at O'Fallons to talk over the sugar beet situation. Mr. Fulk, president of the beet growers association called the meeting to order. Mr. Simmons of Scottsbluff having failed to arrive, the time was spent in general discussion of beet growers problems. The meeting adjourned to meet again when it is possible to have Mr. Simmons with us to give us definite information concerning the factory if possible.—Hershey Times.

Do you have spells of dizziness and everything turning black before the eyes? These are symptoms of torpid liver and a clogged condition of the bowels. Take Prickly Ash Bitters and get rid of the misery. It is the right thing for such disorders. Price \$1.25 per bottle.—Rincker Book & Drug Co., Special Agent.

Fred Ericsson, southeast of town lost a valuable White Face bull Monday. The loss, Mr. Ericsson advises, is \$500.—Maxwell Telepost.

It is now Trainmaster Shevlin, the new man arriving from Evanston last night. It is understood that at Evanston he was very popular with employees.

R. A. Miller, L. A. Riley and Blaine Runner shipped out a car of cane seed yesterday. This car contained nearly 1200 bushels and netted the producers in the neighborhood of \$4500. The Farmers' Co-operative Assn. handled the sale.—Hershey Times.

## Some Day YOU'LL Own a GMC

TODAY horses and lightly constructed trucks are either practically useless or too expensive in operation and upkeep for the prompt service your customers demand.

You must keep pace with competition. You need a truck of proven record—one which gives you constant dependable service at least cost.

GMC Trucks because of their simple and sturdy construction, their need of only reasonable attention, are the logical trucks

for your business. Some day your name will go on a GMC.

You can increase your range of operation, bring new districts within your reach at a low cost, and prove to your customers that their needs receive the utmost attention that modern means provide.

GMC Trucks are in all practical sizes, from 3/4 to 5 ton capacity. One will just fit your business. Let us give you facts and figures.
