

Tired eyes

If work tires your eyes, it is not likely that "not using them" after working hours will do much good.

The tired feeling is due to eye strain.

Properly fitted glasses will end the strain.

Nothing else will. Avoiding reading or other close work will not give the eyes the rest they need.

If your eyes are tired, see Clinton's optometrist. His examination will determine the best thing for your sight.

J. J. Halligan returned yesterday from Washington where he went to argue a case before the United States supreme court. While in Washington Mr. Halligan learned much about war conditions. The outstanding facts of which are that country has the men, the ammunition and the food, but lack the ships to transport them overseas. The real need of the day and the hour are ships and more ships.

ARTHUR McCaIG KILLED IN AN AUTO ACCIDENT.

Arthur McCaig, aged seventeen, who resided with his parents who live a mile south of Brady, was killed about eight o'clock Friday morning when a Ford car in which he was riding plunged over the side of the south bridge south of Brady. Young McCaig, in company with his brother Fred McCaig, Floyd Slayard, Dewight Pullian, and Harold Waterbury left Brady for the south side of the river where they were balling hay. When the car reached a point near the south end of the south bridge across the Platte river it suddenly veered to one side and crashed through the railing. Arthur McCaig was sitting in the front seat with Salyard, who was driving and all the boys were thrown free of the car, except Arthur who was pinned underneath. Though there was considerable water in the river, the boys quickly extricated Arthur, carried him to shore and summoned a physician, but the internal injuries he received resulted in the spirit taking his flight shortly after he was rescued.

The funeral was held at Brady Sunday, a very large crowd of people attending.

"The Rise of Jennie Cushing," the Artcraft production starring Elsie Ferguson was shown at the Crystal theatre, Thursday and Friday, is adapted from the book by M. J. S. Watts, and is a big, gripping story, modern in its theme and fearless in its treatment, significantly commenting on the tendencies of society today. Those who have read the book and have laughed and cried over the "Rise of Jennie" will weep copiously and shriek with laughter at the touching scenes and the flashes of comedy in this play, which marks the second appearance of the noted star in the films. Notwithstanding the high position in stardom attained by Miss Ferguson, she is still young in years, and her beauty is famous on two continents. She makes an ideal picture subject, her youth and splendid natural acting making one forget it is a play, and rather forcibly impressing the audience with the idea that it is looking at actual happenings from life.

Charley Liston was over from Dickens yesterday conferring with County Chairman Temple in regard to the bond drive. Mr. Liston is chairman for the south Lincoln county district and has already organized his committees at Wallace, Dickens, Wellfleet and Ingham. "We will hit the line hard," said Mr. Liston, "and we are certain that the south part of Lincoln county will show up well in subscriptions to the Liberty bonds."

For Rent—Furnished room, apply at 118 west Third street.

Cy Shaw, an old offender, was arraigned before Justice Sullivan yesterday on the drunk and disorderly charge and given a sentence of sixty days in jail. Last Friday, March 1st, five of the cheaper cars raised their prices as follows—\$50, two—\$80, one—\$100, and one—\$140. Don't you think a Dodge car at the same price is now and will be ever more of an advantageous buy in the future when compared with these others. Dodge price is guaranteed at \$985, at North Platte until April 1st.—J. V. Romigh, Dealer.

Director General McAdoo has issued the statement that according to reports received, 96,000 more cars are now in commission on eastern lines of road than there were in active use on January 1st. He cites this fact as an argument showing that the taking over of the roads on the part of the government is having its effect in increasing the volume of transportation.

LINCOLN COUNTY SLOW ON PURCHASES OF STAMPS.

The total amount of war saving stamps allotted to Nebraska is \$25,920,120, and up to March 1st the amount purchased had been \$7,020,612, or a little over twenty-seven per cent.

The Lincoln county quota is \$375,960 and of this amount there had been sold up to March 1st, \$34,295, or a little over nine per cent.

It will thus be seen that in the purchase of stamps the people of Lincoln county are lagging. Only seventeen counties in the state show a less per cent of sales than Lincoln county, while seventy-six counties show a greater percentage.

This showing is not commendable to our county, it looks as though we were not backing our government as strongly as we should for a county that has over \$4,000,000 on deposit in our financial institutions. The percentage of Dawson and Keith counties is double that of Lincoln, and Frontier county is almost double. Platte county, a German stronghold, shows over eighty-two per cent. Grant county, north of us, leads all, showing a percentage of eighty-seven per cent.

Purchases of war stamps and Liberty bonds are published to the world; the men in New York or Frisco know just the amount Lincoln county has subscribed. Allied with our desire to assist the government should be at least a certain amount of local pride—we should have sufficient pride to have Lincoln county make as good a showing as the average Nebraska county, which up to March 1st it had not by any means.

WORD FROM THE BOYS WHO ARE IN SERVICE.

Friends of Carl Harris, who enlisted in November as a photographer, heard a few days ago of his safe arrival in Europe.

Lee Bird, late at Camp Funston and who was home on a furlough last week, has been transferred to the aviation corps and will report at the camp at Urbana, Ill., March 23d.

Harold Applegate, of Sutherland, left Thursday night for camp in New Jersey where he will become a member of the engineering corps. He enlisted in that branch at Sidney recently.

Lieut. Cecil Cool, of Company C 126th Machine gun battalion, stationed at Camp Cody is home on a visit, having arrived last night. He is suffering from a fractured arm, sustained when a horse he was riding fell.

Harold Langford, stationed at Camp Cody, arrived home Sunday night on a furlough. He is convalescing from a bad siege of pneumonia, but strength is coming back and he will soon be in normal condition.

Harvey Sorenson, who has been mail carrier on Route No. 2 south of the river, left Saturday night for Kelly Field, Texas, where he will enter the service of his country as a member of the aviation squadron.

Vincent Fitzpatrick arrived from Camp Cody yesterday on a ten-day furlough. "When I left," said Vincent "nothing was known of the Nebraska boys leaving for France, as stated in Monday's Omaha Bee. If we were to move, they would not likely have given me a ten-day furlough." Vincent says that outside the dust, everything is fine at Camp Cody.

Let's Go to Hershey.

The people of Hershey and adjoining country have staged a big affair for next Saturday, a Red Cross sale in the afternoon and a big patriotic meeting in the evening. This shows that their hearts are attuned to the patriotic call of their country and that they are keeping step with the great home army that is supporting with enthusiasm the boys in the trenches.

Everybody feels like commending the good people of Hershey, and the best way to show that commendation is to go up and mingle with them. We hope that all North Platte people who can will spend Saturday afternoon and evening in Hershey.

Night Classes.

Mrs. J. S. Surms expects to begin night classes in shorthand, typewriting and bookkeeping on February 11, Monday, Wednesday and Friday evenings of each week. If desired private lessons will also be given. Drill in spelling and grammar will be given to the shorthand pupils. For particulars Phone 38.

Phone 247 for efficient cab service day or night.

Fast Basket Ball.

In a basket ball game Friday evening between the girls teams of the Ogallala and local high schools the former won by a score of twelve to eight. The local girls ended the first half with a score of five to three in their favor, but the visitors came back very strong in the second half and won out.

A Statement.

In reference to the item appearing in Friday's Tribune relating to the trouble between Ed Burke and L. R. Wood, permit me to say it was erroneous. Mr. Burke did not owe money to Woods as stated and the fractured limb was caused from a severe kick by Woods and not from the fall.

NEBRASKA SOLDIER BOYS SOON TO GO TO FRANCE.

An El Paso dispatch dated Sunday said:

General superintendents of three railroads and the Pullman company have just concluded a conference at Camp Cody with the chief of staff and division quartermaster officers with regard to any and all needs the Thirty-fourth army division at Cody may have for cars of all classes at any time in the future.

The El Paso review, together with arrangements being made by railway officials, in all probability means that the Nebraskans soon will entrain for France. Rumors were current some time ago that the 12th field artillery would be transferred to Fort Omaha to work with the balloons there, similar to the plan now carried out in France.

Undoubtedly when the order comes for the Camp Cody contingent to entrain it will be composed mostly of Nebraska, Iowa and Dakota boys, who are in the vast majority at Deming.

The Nebraska boys of the Fourth and Fifth National guard have been in training for over a year, having seen service for six months on the Mexican border. Returning home, they were inactive for only a month when the European war broke out.

They are considered by army officers to be perhaps the best trained soldiers in the United States. The old Fourth Nebraska has taken to the artillery work with a vengeance, the letters home declare, and are even more efficient in this work than they were as infantrymen.

Governor Goes to Washington.

Governor Neville and the six delegates he appointed left Omaha for Washington Sunday night. With Mr. Hoover they will discuss the price of cattle and hogs.

Stockmen are asking for the same price for fat cattle which they now have ready to market as fat cattle were selling for at the time when they purchased the stock they now have on hand. They say they are losing money at present prices and ask for a readjustment which will give them a fair margin.

Stockmen insist that they are intensely patriotic and do not wish to give up feeding at a time when the nation needs their products and they will gladly continue their operations if the government will assure them a fair margin and a more staple market. They allege that Nebraska feeders have lost thousands of dollars in the last few months.

Christian Church Services.

The services on last Lord's day at the Christian church reached the high water mark in point of attendance and interest in these special meetings thus far. Dr. Oeschger delivered three most excellent sermons during the course of the day. The Good Fellowship luncheon was enjoyed by all who were present, and Dr. Oeschger's sermons are messages of great spiritual power and uplift. They are full of inspiration and encouragement to all who hear them. Tonight he will deliver his lecture on "Mormonism." This is the very best and most unique lecture on that subject. It is illustrated with 130 stereoscopic slides. He is the only Gentle that has been given special permission by the President of the Mormon church to show the inner views of the Temple. The admission fee to the lecture will be 25 cents for adults and 15 cents for children. The closing sermon of the meetings will be delivered at 7:30 o'clock on Wednesday night.

Often Annoying

It is especially so in these war times, that there seems to be plenty of things to be had, of a grade or quality which you do not care for, but the very thing you want seems always to be short or "just ordered" or "we have received the invoices but they are not here yet."

So it is with Dodge Brothers cars, while the factory is producing more than they ever did, no dealer can keep Dodge cars in stock, for the simple reason that the people want them and are willing to buy them winter or summer at the very reasonable prices prevailing for this quality product. An early order is your ONLY protection.
