THIRTY-FOURTH YEAR. NORTH PLATTE, NEB., APRIL 12, 1918. No. 26

ORGANIZE EMPLOYEES FOR A LIBERTY BOND DRIVE.

A. L. Kanold, of Laramie, general chairman of the B. of L. E., and D. W. Smith, of Council Bluffs, general chairman of the B. of L. F. and E., spent yesterday in North Platte arranging the preliminaries for a Liberty loan drive to be made among employees of the Union Pacific system. The plan outlined is similar to that used in the first Liberty loan, with the exception that the bond payments will cover a period of but ten months instead of twenty, that is an employee who subscribes for a \$100 bond will have deducted from his pay checks \$10 per month for ten months.

Chairmen Kanold and Smith were here for the purpose of getting the campaign started by arranging for a meeting of employees to be held in the near future at which the plan will be outlined and soliciting committees appointed. Similar meetings will be held at all division terminals on the system.

Governor Neville Contributes \$200.

Mrs. Geo. B. Dent, president of the Lincoln County Chapter of the Red Cross, was pleasantly surprised yesterday when she received a check for two hundred dollars from Governor Keith Neville as a donation to the chapter. The Governor has been making donations to the Lincoln chapter of the Red Cross, but in addition deemed it only fair that he also recognize the energetic and patriotic efforts of the women of his home town, hence his liberal donation. It is unnecessary to add that the officers of the chapter will at once tender Governor Neville a vote of thanks.

To Organize Red Cross.

We are requested by residents to announce that a meeting will be held in the school house in District 44 Saturday evening, April 20th, for the purpose of organizing an auxiliary of the Red Cross for a district composed of Kem, Sellers and Plant precincts. All residents of those precincts are urged to attend.

At the same time there will be organized an auxiliary to the County Council of Defense among the people who live within the precincts named above.

Dr. Morrill, Dentist.

DEAN BOWKER GOES TO WYOMING NEXT MONTH.

Dean J. J. Bowker, who was selected as Archdeacon of Western Nebraska, and who has filled that position for nearly a year and a half, has given his resignation to take effect on May 1st. Two invitations were recently extended to the Dean, one in Cleveland, Ohio, and one in the jurisdiction of Wyoming. Both invitations proving unusually attractive, Mr. Bowker concluded to accept one or the other, and after some investigation gave his acceptance of the offer from Wyoming and will enter upon his new work sometime between the 10th and 15th of May. He expects to have his center at Rawlins, with charge of the parish there, but will have a very large sphere of work as Dean of a wide territory.

North Platte people generally will regret to have Dean Bowker and Mrs. Bowker leave. In church and patriotic work they have been active, and within and without Episcopal circles they have many warm friends who will unite in wishing them success in their new field of endeavor.

FORGET THE QUOTA; A BOND IN EVERY HOME.

North Platte, April 12, 1918. Editor of North Platte Tribune:

While every precinct, town and county in the entire nation seems to have gone "over the top" during the first week of the drive, Secretary McAdoo has announced that at least 20,000,000 Americans should invest in bonds of the Third Liberty Loan, and that the minimum quota should be sold three or four times.

The following telegram from Executive Secretary Rowe has just been received: "Many counties report their quota already over subscribed. Instruct all county chairmen to forget their quota and put a bond in every home."

The prompt response of the people of our western Nebraska is highly appreciated by all workers connected with the campaign.

Respectfully,
F. L. MOONEY,
Chairman District No. 2.

Union Pacific Bond Drive.

The Union Pacific, having decided to make a drive on the Third Liberty Loan Bonds and to work through the various organizations in its employ, W. L. Richards and M. Hayes have been appointed to interview the members of the B. of L. E. and K. M. Sturtevant and D. C. Gilderson for the B. of L. F. and E. and this committee will be pleased to meet all engineers and firemen at the committee room in the new depot. Solicitors for the O. R. C. and B. R. T. will be added to the committee as soon as arrangements can be made.

NEWS ABOUT THE BOYS WHO ARE IN SERVICE.

Herbert Leach, of Co. A, 134th Infantry at Camp Cody is expected home on a furlough soon.

Harold Langford, who had been spending a month in town recuperating from illness, returned to Camp Funston yesterday morning.

Corp. Harry I. Ballar, a member of Co. F, 13th Ry. Engineers, now in France, writes a very interesting letter to his father, Conductor I. L. Ballar, excerpts from which will be published Tuesday.

Chas. Cockle and Fred Anderson of Sutherland have returned from Omaha where they passed an examination for the navy. They expect to leave next week for a training station on the east coast.

Wm. Thompson, of Sutherland, received a message from Camp Pike, Arkansas, on the 1st that his son John had been operated on for mastoiditis on Easter Sunday and was doing as well as could be expected.

Jay Smith, son of Mr. and Mrs. J. I. Smith, of this city, is now at Camp Green, N. C., as a mechanic in the aviation corps. It is probable that he will soon be sent to Detroit for special instructions in aeroplane construction and Liberty motors.

Vic Anderson, son of Mr. and Mrs. Andy Anderson living west of town, has been at Kelly Field, Texas, in the clerical department for several months but in the last letter to the home folks he said he expected soon to be transferred to some other camp.

Carl Harris, who enlisted last November and was sent to Kelly Field, Texas, as clerk in the aviation corps and later took an examination as photographer and was sent to Staten Island, is now in England taking instruction in a war photographic school.

Mrs. Nels Lofdahl has received a letter from her son Elmer from Manila, Philippine Islands, saying he had arrived safely and was feeling fine and liked the country very much. He enlisted in the regular army in September and sailed from San Francisco Jan. 12th.

Letters received yesterday from Ernest Rincker and Jim Clinton state that they will leave Goat Island, Cal., next Monday for a camp near Washington, D. C. It is not probable that the boys will long remain at the eastern camp, and that they will soon see hospital service overseas.

Will Baslins, of Stapleton, who had been visiting the home folks for ten days, left for the east this morning. He enlisted in the navy last August, was on board one of the big dreadnoughts for a time, and was then transferred to the submarine service and is now stationed at Bridgeport, Conn.

Mrs. Robert Carpenter, of Sutherland, received a letter from her son Floyd Young from "Somewhere in France" saying he had arrived safely and was feeling fine. Mr. Young was sent to France with the second draft and sailed for France at the same time Tom Wauha did and in the same branch of the service.

Chester Triplett, of Sutherland, died at Camp Funston April 6th, after an illness of ten days with pneumonia. The funeral was held from the M. E. church Sunday, April 7th, and he was laid to rest in the cemetery south of Sutherland. He was the first Sutherland boy to die in service and was one of the very best young men of that village. He had only been in the service about a month. The sympathy of all goes to the family of this fine young soldier who gave all for his country.

Hart in "The Silent Man."

William S. Hart, the foremost portrayer of western types, will be seen in his latest effort, "The Silent Man," at the Keith on Monday and Tuesday.

This photoplay, made by Thomas H. Ince for Artcraft, introduces Hart as a miner who has his claim "jumped" in an original manner. Hart sets about recovering his mine, and after a series of adventures in which thrills and sensations rise to the nth degree, he wins the uneven fight and incidentally has the pleasure of knowing that the heroine of the story has given her heart to him.

Hart's role in "The Silent Man" gives him manifold opportunities to display his talents as a gun fighter—a resourceful, tireless, fearless contender against odds that would discourage the average man, and the hundreds of thousands of admirers of this famous screen star will revel in the actor's achievements during the unfolding of the story.

For Sale.

Ford Touring car, 1916 model, first class condition. Owner leaving city. Inquire 409 W. Third. 26-4

Wednesday afternoon fifteen ladies of the Fourth ward met at the home of Mrs. Booth and organized a sewing circle to be known as the Women Foreign Relief Workers. Mrs. Effie Booth was elected chairman, Mrs. Saddle James secretary and treasurer and Mrs. Minnie Perkins publicity manager. The society will meet Wednesday afternoon of each week and its object is to make garments for the French and Belgian children. Each member is to invite a friend to join, and each housewife in town is asked to contribute garments that can be used while yet good. The meeting next week will be held at the home of Mrs. M. H. Mische.

Casualties are Mounting.

A Washington dispatch dated Wednesday said: Official reports of casualties in General Pershing's expeditionary force, giving the names of 108 dead and 622 wounded in the last seven days, were accepted by officials today as proof that American forces now are heavily engaged in the operations on the western front. Today's casualty list contained the names of 283 men, 255 of whom were wounded, eight died in action or by wounds, and two missing. This is the heaviest loss reported on a single day since American troops were sent to the front. The dead and wounded are believed to include some of the troops recently brigaded with the British and French and sent to the fighting line.

Sammies Turn Back Boches.

The Germans attempted an attack against the American positions northwest of Toul just before sunrise yesterday morning and were completely repulsed.

Two German prisoners said the enemy planned the attack with a force of 800 men, but that it was stopped in its full strength by the effective fire of the American artillery.

The Americans lost no prisoners. One of the German prisoners died later of wounds.

The attack was the heaviest yet made on an American force. Brilliant work by American gunners dispersed the German infantry before they reached the wire entanglements and those of the enemy who got into the wire were accounted for with machine gun and rifle fire.

First Lutheran Church.

Through the courtesy of our Episcopalian brothers, we shall hold our services, during the interim, in their church. Morning worship, 8:30 o'clock, subject, "To What Extent may a Christian Adversely Dance?" Union Sunday school at 9:45. Evening worship 8:15 o'clock, subject, "Out of Bondage Into Liberty." Our friends will be heartily welcome at all these services.
