## Watch oil will wear out

Evaporation and chemical changes use up watch oil changing it from a lubricating fluid into dust, dirt and rust. The oil is good for 12 to 18 months, then the watch needs cleaning and reoiling. Have this done at Clinton's and it will be done in the best possible way, at the lowest charge good work can be done for.

You save your watch and save money by having Clinton's take care of your watch.

## "ARMS AND THE GIRL"

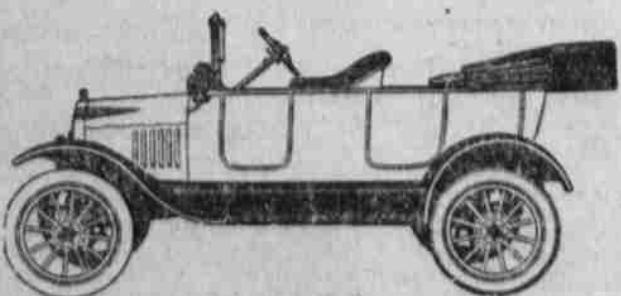

American pluck and wit triumphs. When the clouds burst and the Huns made their futile dash for the gates of Paris, "the Girl" was there with as pretty a romance as piquant, dainty Billie Burke ever played. There's love, laughs, adventure and intrigue a plenty in this thrilling story of life "over there."

### LINCOLN COUNTY BOYS WILL LEAVE APRIL 20th.

Twenty-one stalwart Lincoln county boys will leave Monday night for Ft. Logan to enter training for the national army. They will go to Ft. Logan instead of Camp Funston for the reason that the latter camp will at that time have been filled with men from other sections of the country.

There has been four changes in the list of men recently published. Saml. Johnston of Stapleton, Arthur Nelson of Denmark and Guy James and John Cook of Switzerland have been excused from going at this time because they are actively engaged in farming. The places of these men will be taken by Charles Thomas, of this city who is now at Des Moines. Frank P. Haines, Clarence Beam and Frances Noland, all of North Platte.

#### Stamp Sales at Postoffice.

Up to Wednesday noon the North Platte postoffice reported the sales of War Stamps amounting to \$128,957.96. This covers sales made at all post-offices in the county, as the North Platte office supplies all other offices in the County through orders coming from them. The sales of War Stamps direct to the patrons of the North Platte office were \$75,808.79.

Through the efforts of the city carriers, who solicited their routes, subscriptions to the third Liberty loan in the amount of \$6,785 were secured. This is evidence that the North Platte postoffice is doing its share in boosting war stamps and Liberty bonds.

A. L. Kanold, general chairman of the B. of L. E. passed through on train 19 yesterday enroute home from Omaha. He succeeded in getting several engineers on the Wyoming division re-instated while in Omaha.

The Union Pacific shop band of Omaha, which is accompanying the speakers on the trip over the Union Pacific system, is in keeping with everything connected with the system—first class. North Platte enjoyed the selections by the band and hope they will come again.

The track men on the Third district, extending from North Platte to Sidney, and including the North Platte yards track men, subscribed for a total of \$7,850 third Liberty loan bonds, or an average of \$39 for each man. As track men receive around \$65 per month, the showing is an excellent one.

Did you read the American magazine story "Little Red Decides?" Whether you did or not you will want to see the picture. ### AND NOW COMES THE WAR SAVINGS SOCIETY.

After the bond drive comes the "Carry On" spirit. One stamp buyer is as a single soldier working alone, but the War Savings Society is a whole regiment that goes "over the top" with a real American war whoop. This thrift army has no age limit and no exemptions. Everyone can save his nickels and dimes and join. Why?

1. To awaken a realization among people that in their hands lies the successful carrying on of the war. This is a people's war.

2. To lay the foundation for national thrift and economy. This is the season of self-denial.

3. To obtain money for the government. If money is needed to carry on this war, and it is our war, the appeal to reason is—why is it necessary for a great wave of enthusiasm in order to raise money for the purpose? Isn't the daily casualty list sufficient reminder that men are dying that we may enjoy—

How To Save.—Join a War Savings Society. Sign a pledge to save and give what you can. Ten or more persons may form a society. Organize one. Be a charter member. Make your business, school, district, school, church, club, profession a war savings society. Step to the front, ladies and gentlemen and little children. This is a call for volunteers. Will the lawyers or the doctors, the shops or the churches be the first to respond? Bert Barber has just received appointment by wire as Director of the Lincoln County War Savings Societies. Volunteer organizers of societies should communicate with him at once for application blanks, membership cards, necessary forms, etc.

Every dollar saved now is twice blessed. It releases energy expended in supplying the stay at homes with things we don't need, and aids Uncle Sam in securing the things we do need to speedily carry this war to a decisive conclusion.

## LARD IS WORTH MORE THAN LUMBER

It takes more than his bristles to keep a hog warm.

If he is not otherwise protected, he will have to absorb his own fat.

It is cheaper to use cheap lumber than valuable lard to keep your hogs comfortable.

Also—even a hog responds to the right kind of shelter and care.

### All of which means--

It is PATRIOTIC to raise hogs to supply the much needed fats.

It is WISE to give hogs the proper shelter and care to produce the maximum of fat from the minimum of feed.

It is ECONOMICAL to build the RIGHT KIND of shelter at first instead of later.

It is PLAIN GOOD BUSINESS to secure designs drawn by agricultural experts who know and materials from men who have the right kind at the right price.

Our claims to have both the DESIGNS and the MATERIAL best suited for this work can easily be proven by your personal investigation.

Come in and let us show you.
