SAMMIES BEAT OFF A GERMAN STORMING FORCE.

Twelve hundred Germans storm troops, the largest number ever concentrated against the American troops for an offensive operation, were hurled against American positions on a one mile front west of Remenches forest, northwest of Toul, Saturday, after a terrific bombardment of gas and high explosive shells.

The enemy succeeded in penetrating the front line trenches and taking the village of Seicheprey, but after furious hand-to-hand fighting, which was still going on at nightfall, the American troops recaptured the village.

German airmen, flying at low elevation, poured machine gun fire into the American troops, but the anti-aircraft batteries came into play and American airmen took the air, bringing down two of the enemy planes and dispersing the others. All the American airmen returned safely.

The attacking troops carried rations and entrenching tools, indicating that they intended to occupy the American positions for a long period.

The enemy's casualties are believed to have been the heaviest sustained by them thus far in any operation against American troops. Numbers of German dead are lying in No Man's land in front of the American trenches. The Germans claim to have taken 185 American prisoners, but this report is not confirmed by Pershing.

British Advance Line.

In two local operations Sunday night the British slightly advanced their lines on both of the principal battle fronts. A strong attack by the Germans on the front north of Albert was repulsed. North of Lens, raids were made and prisoners and machine guns captured.

On the French line a German raid Sunday night failed of its purpose, the French repulsing the enemy and taking a number of prisoners.

Heavy artillery fighting continues all along the western front.

Analysis of the German long-range gun bombardment of Paris shows that shells have fallen on 17 days since March 23, and that with figures or two days missing 118 persons were killed and 230 injured.

Pershing's casualty list issued at Washington contains seventy-one names, ten killed in action, five died of wounds, two died of disease and accident, two died from other causes, seven severely wounded, and forty-two slightly wounded. No reference is made in the 183 American which the Germans claim to have captured Saturday.

Next Friday is Liberty Day.

President Wilson has proclaimed next Friday, April 26th, Liberty Day to be observed as a public holiday in furtherance of the Third Liberty Loan. On the afternoon of that day the President requests the people of the United States to assemble in their respective communities and liberally pledge anew their financial support to sustain the Nation's cause. Patriotic demonstrations should be held in every city, town and hamlet throughout the land under the general direction of the Secretary of the Treasury and the immediate direction of the Liberty Loan committee organized by the federal reserve banks. Let the Nation's response to the third Liberty Loan express in unmistakable terms the determination of America to fight for peace, the permanent peace of justice.

For the purpose of participating in Liberty Day celebrations, all employees of the Federal Government throughout the country, whose services can be spared, may be excused at 12 o'clock noon, Friday, the twenty-sixth of April.

Jeffers' Appreciation.

Editor Tribune:—Please express to the people of your community, especially to the children and school forces, my very honest personal appreciation, and the appreciation of all those who have accompanied me, on the Union Pacific Liberty Loan Special. The enthusiasm and patriotism shown by the people of your community is an inspiration to us all and is evidence of the determination of American citizens to make certain that the Third Liberty Loan will go way over the top, and thus contribute toward a successful conclusion of the war in which the very life of our Nation and its institutions is at stake.

W. M. JEFFERS.

Notice of Dissolution.

The National Surgical Dressings Committee, which has been making French dressings and in the past three years has turned over twenty-three million surgical dressings to the hospitals of the allies, will cease to exist on May 1st, 1918. This dissolves the local committee, and from now on any French dressings will be under the supervision of the local Red Cross. This action is taken voluntarily on the part of the committee deeming it best in order to uphold the principles of the Red Cross in a true spirit of patriotism.

MRS. J. S. SIMMS, Chairman.

Food Consumption by Soldiers.

The American soldier consumes four and one-half pounds of foodstuffs daily according to a statement made public today by the quartermaster's department of the army.

To feed a million and a half of men it is necessary to obtain daily 1,500,000 pounds of beef, 225,000 pounds of bacon, 210,000 pounds of ham, 135,000 cans of tomatoes, 225,000 cans of jam and 3,000 bottles of tomato catsup, aggregating some 6,750,000 pounds.

WORK OF THE Y. M. C. A. IN THE OVERSEAS TRENCHES.

American soldier boys under shell fire in the provinces of Lorraine in France are being given all possible comfort and assistance in their battle against autocracy, according to an announcement just received here from the National War Work Council of the Y. M. C. A. At the present time there are more than 250 American Y. M. C. A. secretaries under shell fire. These men moved forward with Pershing's troops and have stayed with the men throughout the battle.

In its work in America and Europe the Y. M. C. A. is now expending a total of \$5,000,000 a month. There are 2,200 Y. M. C. A. workers in France and England and 3,000 workers in American camps.

At the request of General Pershing the Y. M. C. A. has taken over the entire canteen system with the American army in France, and this will require the services of more than 3,000 volunteer workers alone. An effort is now being made to secure at least 1,000 business and professional men of high standing who will go to France for all sorts of Y. M. C. A. service before July 1.

It is estimated that 8,000,000 feet of film are being exhibited weekly to the soldiers at home and abroad. A recent shipment of athletic equipment for the troops in France consisted of 79,630 baseballs, 19,000 bats, 10,000 gloves and mitts, boxing gloves, volley balls and various other kinds of apparatus for promoting the play spirit among the troops in their leisure hours.

The Y. M. C. A. has established a chain of huts and dugouts along the front lines occupied by American troops "over there" and is meeting the needs of the Sammies as they take their places in the Lorraine trenches. The Y. M. C. A. huts on the Russian front have been demolished by German guns and the 150 secretaries have retired before the advance of the Huns and are now established in Siberia awaiting an opportunity to return to Russia.

Field Manager Bryan of the American Sugar Co., received a telegram from his company Saturday, to the effect that they are endeavoring to comply with the federal food administration's request for an increased production of sugar and have increased the contract price for beets delivered in the North Platte district in 1918 to \$9.50 per ton. Mr. Bryan also has instructions to canvas for additional acreage, which he is doing. This makes the new prices \$9.50 for field deliveries and \$1 additional for siloed beets.

The seed for this year's planting was shipped from Grand Island the 15th and the greater portion of deliveries should be made this week. The acreage taken by the American company has been very perceptibly increased during the past few weeks, and late instructions to the field manager of this district is to report each field real name unknown, to the effect that the increased acreage each day so that they may be taken into their totals.—Hershey Times.
