The totals for School Savings and War Savings last week was \$253.35. One little girl of the Jefferson school earned 25 cents at knitting and another earned three cents for wiping dishes and her daddy gave her a quarter. Every cent of this was invested through the school.

The slogan "Save at least Half the Money you Get," is being generally accepted. A number of pupils are living up to this motto. One Eleventh grade boy says he has carried out this plan for the past three years.

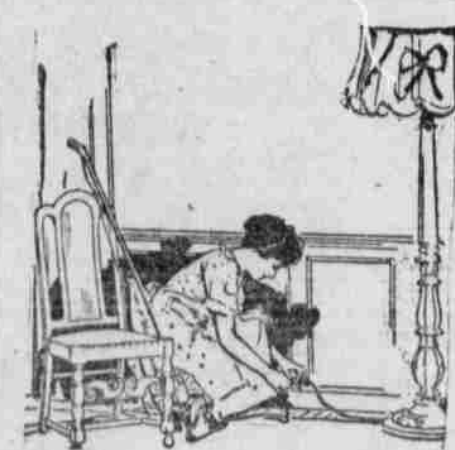

Money is not the root of all evil, but it is the meanness in our hearts that makes money an evil. There is no such thing as tainted money. It is the people who handle it that are tainted if there is any wrong about it.
