### GIFTS OF SAMMY GIRLS ARE HIGHLY APPRECIATED.

Fl. Leavenworth, Kans., May 8, 1918  
Sammy Girls,  
North Platte, Nebr.

Dear Girls: This is to advise you that we received our comfort kits today and it will be difficult indeed to let you know through mere words how much we appreciate them. About all we can say is "thank you girls" and when we come back we will certainly bring you all a relief of some kind from "over there."

There are a good many little trials for a fellow going from civilian life into the army, that are discouraging to some of us who have spent most of our time around the good old town, among home folks and home friends, that have a tendency to start our spirits on the down grade, and to be remembered with a gift from our friends and home, such as you Girls have sent us, will certainly brighten us up and make our troubles seem smaller and give us a stronger heart for the work that is before us and will help us to do our bit to whip the Kaiser.

Fl. Leavenworth is an old post and has well built barracks and everything is well organized to handle large bodies of soldiers so we don't get a taste of the life in the cantonments, but of course its soldiering just the same and that's different from rail-roading. All of the North Platte boys at this post are railroad men and I think there are seven or eight of us

here now. From all that we can learn from higher authority, we will soon be on the move and that means that we will be in France before long.

In closing please allow us to thank you again for the comfort kits and assure you that we will remember the Sammy Girls back in our old home town of North Platte and we shall do our best to uphold the name of the good old town.

Yours very truly,  
Wm. THAYER,  
JAS. H. TAGADER,  
R. E. BIGGS.
