LINCOLN COUNTY \$16,000 OVER TOP IN RED CROSS DRIVE.

Chairman Dixon stated last evening that indications were that the subscriptions to the Red Cross drive in Lincoln County will aggregate \$27,000 or \$10,000 greater than the quota. While there are quite a number of districts yet to report, those which have reported have nearly all gone over the top and figuring that those yet to hear from will do as well as those which have reported, the claim of \$16,000 over the top does not seem overdrawn, especially when it is considered that North Platte alone is \$7,000 over its quota.

SOLDIER BOYS ARE GIVEN BIG RECEPTION LAST NIGHT.

The thirty Lincoln county boys who left for Camp Dodge, Iowa, this morning were given a big reception last night at the Franklin auditorium. The attendance was greater than the seating capacity, which means that more than one thousand were present. As a prelude to the meeting the Home Guards headed by the band and the drum corps counter-marched on Dewey street.

The thirty young men were given seats on the stage, and the meeting opened with selections by both the band and the drum corps. Mrs. John McGraw, mother of the Sammy Girls, presided, and in her opening address stated that the thirty boys who were the guests of honor would be given sweaters, caps and comfort kits, and that the Sammy Girls had ready forty outfits for the boys who go in the future. The program opened with a piano solo by Florence McCoy who was encored, followed by a reading by Miss Esther Kelly, and so well did she do that she was recalled. Rev. Fr. McDavid delivered the address of the evening and confined his remarks largely to the boys. "We are in this war up to the neck," said the speaker, "and we must sink or swim, but with the aid if you boys and other boys we are going to swim." A solo by Miss White was the concluding number and then the boys were presented with carnations, sweaters, caps and comfort kits.

The boys left for Camp Dodge on the local at six o'clock this morning, quite a large number of relatives and friends being at the depot to wish them good luck and God speed.

DOROTHY DALTON IN "FLARE-UP SAL"

A dramatic story of the frontier produced by Thos. H. Ince.

Crystal Theatre, THURSDAY and FRIDAY, May 30-31

TO BE A "GOOD FELLOW" IS SOME TIMES COSTLY.

It cost a former North Platte resident, now in business in Laramie, \$133.46 yesterday for being a good fellow. This man, whose name appears on the county court docket as "John Doe" left Laramie Sunday for Fremont to attend the Nebraska trap-shoot. He knew that many of his friends from different parts of the state would be there; he also knew that with some of them it had been a long time between drinks. Out of the goodness of his heart he put ten pint bottles of booze in his grip with which to assuage the "great thirst" of his trap shooting friends. When the train reached Sidney two deputy sheriffs boarded the train and proceeded to "test" the weight and the "rattle" of the passengers' grips, among the grips tested was that of the former North Platter—it was heavy and there was a suspicious crinkle of glassware. Then the owner of the grip was watched so that no one might approach him to give him the tip. When the train reached North Platte "John Doe" got off to visit friends between trains—and the deputy sheriffs also got off. An hour later a warrant was issued for "John Doe" charging him with the illegal possession of booze. He was arraigned before Judge Woodhurst, pleaded guilty and fined \$100 and costs.

10,000 AMERICAN TROOPS LAND IN FRANCE DAILY.

The first crucial test of the fighting qualities of the American army in France is at hand. The Yankees will soon be at grips with the Hun. Information reaching Washington from France indicates that an enormous force of Americans has been brigaded with the French and British armies, where they have been equipped and are being maintained by the allies. The American reinforcement of the allied armies has contributed a degree of strength which inspires confidence that the forthcoming drive will be completely defeated. In the resistance to the German onslaught the American army placed at the disposal of Generalissimo Foch will be fighting all along the line. Great Britain has been chiefly responsible for the achievement of the United States in pouring soldiers into France recently at the rate of 10,000 a day.
