THIRTY-FOURTH YEAR.

NORTH PLATTE, NEB., JUNE 7, 1918.

No. 42

JUNE 25th IS SET FOR GENERAL REGISTRATION DAY.

The committee having charge of the registration of all male residents of the county over sixteen years of age, has set Tuesday, June 25th, as registration day.

Outside of North Platte the registration will take place at the school house in each school district and will be in charge of the school officers. In North Platte the registration will be handled in a manner not yet fully determined, the committee now having under consideration several plans.

The object of this registration is to ascertain the age and occupation of every male resident over sixteen, whether he is regularly employed, and if not so whether he is available for farm work.

SIX NOLAN BROTHERS ARE NOW UNDER THE COLORS.

North Platte has the distinction—and it is an exceptional distinction—of being the home of six brothers who are in the service of their country. These six brothers are the sons of Mr. and Mrs. Nolan, who resided at Wood River, and both of whom passed to the beyond some ten years ago. Two years after the death of the parents the children moved to North Platte and have since made this city their home. The removal was suggested by Mr. and Mrs. J. I. Smith, Mrs. Smith being a sister of the mother, Miss Julia Nolan "mothered" the boys and the younger sister Regina, until they reached the matured age, and now the two sisters are left alone.

In the service of their country these six brothers are widely scattered. Paul A. Nolan is in the officers' training school of the Second Infantry at Camp Cody; Jas. F. is with the 24th Engineering Corps, now in France; Francis F. is with Co. G. 355th Infantry at Camp Mills, Long Island; James A. is in a training camp at Gordon, Ga.; Arthur C. enlisted at Grand Island this week, passed through to Ft. Logan Wednesday and from there will probably be sent to Camp Fremont, Cal.; while Charles, the sixth of the brothers, was called to Grand Island last Wednesday to take the examination for enlistment in the Railway Engineering Corps.

It is questionable if there is another family in the state that is represented in the service by six brothers; in fact it is probable that in these entire United States there are very few parallel cases.

It is regrettable that the parents of these patriotic, sturdy boys could not have lived until these days and thus have seen a fruition of the lessons of patriotism they must have taught their children, for certainly these boys are the offspring of a father and mother who loved their country, loved its flag and considered it an honor and a privilege to be citizens of the United States.

Boost Your Men's Class.

The attendance of men at Sunday school is steadily increasing, over 100 present last Sunday. The Christians led with 27, Methodists had 25 leaving them just one in the lead so far in the contest. The time for the extra effort is here now so boost and then boost some more.
