One Year by Carrier in Advance \$1.50

Entered at North Platte, Nebraska,
Postoffice as Second Class Matter.

FRIDAY, JUNE 28th, 1918.

**220,000 MEN SUMMONED
TO ARMS JULY 22-25.**

As a further step carrying out the department's plan to have 3,000,000 men under arms August 1, Tuesday, August 14, General Crowder, Tuesday, August 14, the governors of all states called Arizona and Illinois for the mobilization between July 22 and 25 of 220,000 white draft registrants qualified for general military service. This call is expected to exhaust the number of men in class one, and when added to school requisitions of 23,436 men, brings the total calls so far announced for July to 243,436. To complete its program of having 3,000,000 men under arms by August 1st the department will have to depend on the 400,000 class one registrants expected from the June 5 enrollment, and the 250,000 or 300,000 to be obtained from the reclassification now in progress. Nebraska will furnish 4,000 men in this call, all of whom will be sent to Camp Dodge Iowa.

**1746 U. S. AVIATORS
ARE NOW IN FRANCE.**

Washington, D. C.—There are now 1,746 American aviators in France. It was learned tonight from testimony placed in the record during Charles Evans Hughes' investigation of the aircraft industry. It has been brought out that there are now at the front 378 airplanes bearing the American insignia. These planes are being used by 126 American aviators, who constitute seven squadrons. Few of the planes are of American manufacture. Of the 1,746 American aviators in France a large square of this number are ready to go into air against the enemy, but only 126 have been provided with equipment. There is an equal number of observers and 35,367 enlisted men to act as mechanics and airframe men are to work completing the flying fields to be used by the American forces.

That the training of aviators has progressed with far greater speed than has the production of aircraft is evidence by the fact that there are in this country today 3,487 trained aviators and 4,922 observers and non-flying officers await orders to proceed to France. The enlisted men, many of whom have finished their mechanical training at the flying schools in this country total 98,001.

It would appear that the capacity of the twenty-seven training schools of this country is approximately 35,000 men. At the time there are about 3,294 men being trained as aviators at flying schools and 3,393 at the ground or preparatory schools.

About 4,236 men, passed by the examining board are awaiting an opportunity to enter the ground schools.

There are 1,936 men who are taking advanced training courses in this country, perfecting themselves in pursuit, bombing or observation work. About 2,500 Americans are being trained in schools in France, England, Italy and Egypt.

From records brought up to date it appears that the Aircraft Board ordered 5,300 elementary planes, 2,100 advanced training planes and 11,000 combat planes. The engines ordered comprise 10,200 for elementary planes, 6,592 for advanced planes and 37,500 for combat planes. The program also included orders for 35,113 propellers.

Light Crops Near Lincoln.

Generally speaking the wheat and oats harvest in the vicinity of Lincoln is disappointing. That is to say, the yield is about what the farmers feared early in May, not what they hoped for a month ago. A southern Lancaster farmer said he felt like the Irishman who said "My pig didn't weigh as much as I thought it would." In Yankee Hill precinct, where harvesting has begun, the average yield of winter wheat promises to be about fifteen bushels to the acre. Spring wheat and oats will be cut for hay very generally in this region.—Lincoln Journal.

Primary Election.

Before leaving for Washington the early part of this week Governor Keith Neville issued his proclamation calling for a primary election on August 20th. At this election there will be nominated U. S. senator, congressmen, state officers, state senators and state representatives, supreme judges and county officers, also there will be submitted the question of calling a constitutional convention.

May Launch Offensive.

With the Italians again resting in their original positions along the Piave river it is now a question if the allied force can proceed with its counter offensive or be forced to again take the defensive. A counter offensive on the northern part of the line in the mountainous region, is possible and already under way on a small scale but it is known that the Austrians have their reserve forces massed at this point. As a result the Italian command may be forced to change its tactics.

Hard work acts unfavorably on the body that is bilious or constipated; producing low spirits, weakness and loss of energy. Prickly Ash Bitters is a system cleanser and invigorator. It creates energy, good appetite and cheerfulness. Price \$1.25 per bottle. Chummers-Dent Drug Co. Special Agents.

MICHELIN

Twelve Tire Tests No. 9

This series of twelve tests is designed to take the uncertainty out of tire-buying.

Tube-Fit

This photographic reproduction teaches an important lesson.

The tube shown was made by cementing together sections of two tubes of the same branded size—one a Michelin, the other a standard tube made in the ordinary way. This composite tube, slightly inflated, was then laid in a casing, cut in half longitudinally.

Note that the Michelin half fits the casing perfectly (because Michelin Tubes are made ring-shaped like the casing) whereas the other tube naturally wrinkles. Such tubes are easily pinched in fitting; wear thin in spots; or break, where creased or folded, under the pressure of inflation and use.

In selecting tubes, therefore, it is important for you to know whether the tube is naturally straight or naturally ring-shaped. You can determine this by holding the tube up while deflated; straight tubes hang straight, while Michelin tubes, which are ring-shaped, hang in a decided curve.

Just try a Michelin and see for yourself.

Michelin Tube at Right—Ordinary Tube at Left.

Remember this:—
Michelin Tubes - Ring Shaped
All Others - Straight

HOME GUARDS AT BRADY ORGANIZED WITH 99 MEMBERS.

A company of Home Guards was organized at Brady Tuesday night with a membership of ninety, and as the muster roll will be kept open for a time, it is confidently expected that this number will be largely increased. The officers elected were: H. L. Ainlay, captain; Henry Gustafson, first lieutenant; Leroy Rasmussen, second lieutenant. Lieut. Gustafson has had four years experience in the navy, and the Brady Guards therefore start out with an experienced drill officer, which is a distinct advantage. Upon invitation of the local Home Guards, including the drum corps, drove to Brady and were present at the organization. Upon arrival there the drum corps and guards paraded the streets, and at the conclusion of this an open air meeting was held presided over by Col. Wm. Beatty. Short talks were made by Messrs. Patterson and Bare, and the men in the audience then repaired to the town hall where the formal organization of the company took place. The enthusiasm displayed at Brady is evidence that a live interest will be taken in the Guards.

To Limit Profit of Millers.

A new plan of limiting the profits of the flour millers, which is expected to eliminate wasteful operating methods and prevent profiteering, will be inaugurated by Food Administrator Hoover on July 1. Instead of the maximum profit of 25 cents a barrel on flour allowed the millers during the last year the food administration will allow a maximum differential of \$1.10 a barrel between the cost of the wheat to the miller and the price he receives for the flour and feed. This differential will cover the cost of production and profit.

Dr. Brock, Dentist, over Stone Drug Store.

MAN REFUSES TO REPORT IS TAKEN BY FORCE.

Francis M. Cline, residing about one mile and a half this side of Elm Creek experienced more trouble than he had anticipated when he attempted to evade seeing service in the draft army of the United States. Cline was called to go with eighteen men to Camp Funston Monday night. When the men were checked at the court house Cline was found to be missing. Sheriff Funk and Deputy Henderson were dispatched to find out the trouble and discovered that Cline had no intentions of seeing any service. He explained in loud tones that he did not believe in fighting and therefore saw no reason why he should. Sheriff Funk tried to explain to him but to no avail. Cline picked up a crow bar and informed the sheriffs that if they wanted him they would certainly have to come and get him. Deputy Henderson awaited his chance and then rushed him. He pinned him to the house and then Funk got in and put handcuffs on the prisoner. He was brought to Kearney and kept until No. 4 arrived when he was taken to the train.—Kearney Hub.

German Program Upset.

Germany's entire offensive program may have been upset, in the opinion of Americans by the crushing defeat of the Austrians along the Piave river. Official reports reaching Washington bear the picture of the Austrian disaster given in press accounts from Italy, altho the full extent of the Italian success is not yet apparent. It is regarded as certain, however, that the central powers have been dealt a blow that will further shake the morale of their people and probably will compel the German high command to make a complete readjustment of its plan in France.

For quick action and satisfactory sale list your land with Theebecke. ft

Has Faith in Bolsheviki.

Louis Edgar Browne, American war correspondent, has just returned to Chicago with Lieutenant-Colonel Raymond Robins and the other members of the American Red Cross mission, convinced that the bolshevik government under Lenin and Trotsky will bring order out of chaos in that harassed, war-weary land. He likewise is certain that Russia today is an aid to the allies and this aid will grow in time and proportionately injure the German cause without the intervention of Japan.

Why Not in Lincoln County?

A dispatch from Beatrice appearing in an Omaha paper says: "A number of women are driving Ford cars in the harvest fields which are attached to binders. The cars do the work much quicker than horses and furnish more power with which to pull the machine." There are at least a hundred women in North Platte who drive cars. Why not have them help in the Lincoln county wheat fields as they are in Gage county?

The state of Nebraska, to all persons interested in said Estate take notice that a petition has been filed for the appointment of H. W. Flint, as administrator of said Estate, which has been set for hearing on July 19th, 1918, at nine o'clock a. m. Dated June 19th, 1918.

Wm. H. C. WOODHURST, County Judge.

Notice of Petition.

Estate No. 1569 of Jeremiah Snyder, deceased in the county court of Lincoln county, Nebraska. The state of Nebraska, to all persons interested in said Estate take notice that a petition has been filed by Charles Sullivan for the probate of the last will and testament of the said Jeremiah Snyder, deceased and prays that a day may be fixed for the hearing and proof of the execution of said instrument and the appointment of C. H. Kuhns as Executor of said last Will and Testament, which has been set for hearing on July 19th, 1918, at nine o'clock a. m. Dated June 20th, 1918.

Wm. H. C. WOODHURST, County Judge.

Notice of Creditors.

Estate No. 1564 of Thomas Simants, deceased in the county court of Lincoln county, Nebraska. The state of Nebraska, ss: Creditors of said estate will take notice that the time limited for presentation and filing of claims against said Estate is October 26th, 1918, and for settlement of said Estate is June 21, 1919; that I will sit at the county court room in said county, on July 26, 1918, at nine o'clock a. m., and on October 26, 1918, at nine o'clock a. m., to receive, examine, hear, allow or adjust all claims and objections duly filed.

Wm. H. C. WOODHURST, County Judge.

Notice of Hearing.

In the county court of Lincoln County, Nebraska. In the matter of the Estate of John Bratt, deceased.

To all persons interested in said Estate: Notice is hereby given that Elizabeth Bratt, Elizabeth M. Baldwin, Jessie M. Hendy, Grace S. Goodman and Nellie E. Buckley, (nee Bratt) on June 21, 1918 filed in this court instruments purporting to be the last Will and Testament of John Bratt, deceased, and a Codicil thereto, and which Will and Codicil relate to both real and personal estate, and also a petition praying that the said instruments be admitted to probate and that letters testamentary be issued to them, upon the estate of the said John Bratt, deceased and that said petition will be heard before the county court in the court house in the city of North Platte, county of Lincoln and state of Nebraska, on the 15th day of July, 1918, at nine o'clock a. m., at which time anyone may appear and contest the probate of said Will and Codicil and show cause, if any there be, why letters testamentary should not be issued to said petitioners.

Dated at North Platte, Nebraska, June 21, 1918.

Wm. H. C. WOODHURST, County Judge.

Notice of Final Report.

Estate No. 1528 of William M. Hay, deceased in the county court of Lincoln county, Nebraska. The state of Nebraska, to all persons interested in said Estate take notice that the administratrix has filed a final account and report of her administration and discharge as such administratrix and for final decree of distributing which have been set for hearing before said court on July 5th, 1918 at 10 o'clock a. m. when you may appear and contest the same.

Dated June 8th, 1918.

Wm. H. C. WOODHURST, County Judge.
