### THE BOYS WHO WILL LEAVE ABOUT JULY 22d.

Clerk Allen, of the local registration board mailed out cards yesterday to the Lincoln county boys who will form the contingent that will go to Camp Dodge within the five-day period beginning July 22d. Sixty-nine boys will go, almost as many as went in June to Ft. Riley and Camp Funston, and it is expected that the call for August will take as many as go this month.

To fill this quota of sixty-nine from Class One men necessitated taking some men who had been classed as farmers, but there was no other way to do so as the government stated specifically that none of the men who registered in June could be taken for the July call. And to get the sixty-nine required close raking of the class one list.

The men to whom the cards were addressed, and their present residence are as follows:

- Clarence Cumpston, Stromsburg.
- Roy Lum, Edgar.
- Ambrose C. James, Daley, Col.
- Rudolph A. Anderson, Emporia, Kan.
- Philip Musil, Dickens.

### SUMMER INSTITUTE OF THE JUNIOR RED CROSS.

A very important meeting is to be held in North Platte in the near future. It is the Summer Institute for the Second District of the Junior Red Cross. This district comprises Garden, Deuel, Arthur, Keith, McPherson, Lincoln and Perkins counties. You know of the Junior Red Cross and its work and it is in preparation for the work of the coming year that this institute is called. Speakers from the state headquarters of the Junior Red Cross will be here and all Chairmen of the Chapters and Branches, Chairmen of Chapter School Committees and members of School Committees, County Superintendents, Superintendents and Principals of city grade schools and others interested are invited. The date is Thursday, July 18. The opening session will be at 10 a. m. and the discussions will continue all day.

Some of the subjects offered for discussion are as follows: "The aim of the Junior Red Cross," "How to organize a School Auxiliary," "The opportunity of the County Teacher's Institute," "Relation of the Junior Red Cross to the Chapters and Branches," "Methods of raising money," "Spending the money and forms of accounting," "Enlisting the co-operation of the community with the Junior Red Cross," "Work suitable for Rural Schools," "Work for the smaller children," "Correlation of regular school studies with the work of the Junior Red Cross," and related subjects.

If we are to take our places as leaders of this work it is necessary that we become informed of the best that is known on the subject. The District Institute is intended to educate the leaders. I hope you can be with us and help.

Very truly,  
**WILSON TOUT,**  
Leader Second District.

The little romper wash suits for the little boys in ages from 2 to 7 years, the best that are made, are on sale at **THE LEADER MERC. CO.**

**Baptist Church.**

Sunday school at 9:45, morning worship at 11, subject: "Our Possibilities." B. C. P. U. at 7 o'clock. Evening service at 8. This service will be devoted to a cantata showing how the work is carried on in China. The girls of a missionary society have grown tired of missions, but are taught a lesson which changes their minds. Every one welcome.

### NEWS ABOUT THE BOYS WHO ARE IN SERVICE.

Chas. Huper will return today from Omaha where he successfully passed the examination for entrance to the school for naval ensigns. He will remain in town until he receives a call to some training camp.

Lieut. Byron B. Oberst, who had been attending a school of rifle instruction at Camp Perry, Ohio, for thirty days, arrived Wednesday morning and will visit his family until tonight while enroute back to Camp Cody. The lieutenant says his work is hard but he thoroughly enjoys it, and that he is getting along nicely.

Clifford Dorrain, who is on the U. S. S. Receiving Ship "Philadelphia," at the Puget Sound Navy Yard, sent the home folks the menu card of the dinner served the boys on July 4th. It was certainly some dinner, the equal of any served at any first-class hotel in a metropolitan city. Cliff says that he had been granted a forty-eight hour leave of absence last Saturday and expected to spend the time in Seattle.

Russell Langford, who has barely reached the age of enlistment, but effervesces with the military spirit and the desire to get into the game of whipping the Hun, left yesterday morning for Sidney for the purpose of enlisting in the coast artillery branch of the service. Here's hoping that he may successfully pass and that his cadet knowledge of military tactics may assist him in getting rapid promotion.

Geo. P. Eves, who was one of the first Lincoln county boys to go to Camp Funston and later transferred to Camp Mills, is now in England as a member of Co. E, 354th Infantry. In a letter to his mother George says: "This is a fine place, and I like it. The trip over did not make me sick and I enjoyed it. The nights here are cool, but the days are warm. The wheat is fine and everything is green and nice."

Fred A. Anderson, formerly employed by the W. R. Maloney Co., and who was sent out with the third call for men but rejected when reaching camp, later succeeded in enlisting in the provisional squadron and is now in the spruce timber country near Yakima, Ore., cutting trees and building railroads. He says it is hard work but good care is taken of the soldiers. He asks that his thanks be tendered the Sammy girls for the sweater and comfort kit given him.

Happiness comes to him who seeks it, therefore see "The Bluebird" which symbolizes happiness, at the Keith next Monday and Tuesday.

W. V. Hoagland left yesterday on a professional trip to O'Neill.

### Germans Respect American Bravery.

The German army has declared officially that the American soldiers are "remarkable." Regardless of the stuff the Kaiser's propaganda bureau feeds to the German people and to neutrals about our soldiers not being able to fight, for its own use the German army compiled its own estimate, which looks forward to finding the Americans "formidable adversaries."

This estimate is set forth in an official German army report captured the other day. This report not only speaks in most respectful terms of the nerve and bravery of the Americans fighting northwest of Chateau-Thierry, but confesses that the German intelligence officers were utterly unable to get information from the few Americans they captured. What is of most significance, the report marvels that while the majority of the Americans captured were born of foreign-born parents, they all had the pure American spirit. It can be stated that some of the Americans captured were German-Americans.

Mr. Romigh, the owner of the Dodge car which won first in two of last week's races, states that this car is one of the oldest Dodge cars in the country, has seen three years of extremely hard service, and most of it on the Paxton to Lena mail route. Yet this car will go better than 60 miles an hour in 40 rods, and is a stock chassis. Dodge Brothers cars do "Stand Up." Get yours ordered early. J. V. ROMIGH, Dealer.
