AMERICAN TROOPS STOP THE FIFTH GERMAN DRIVE.

The Germans began their fifth drive this week, in their hope to break through to Paris, but the allied lines have stood firm. The offensive east and west of Rheims has had the brakes applied to it by the strong resistance of the American, French and Italian armies. Nowhere has the enemy found it possible to press forward, and tear his way thru opposing positions to points of vantage.

Some gains have been made but they are trivial compared with those of other attacks. Instead of in miles they may be reckoned almost in yards. And from some of the positions captured the enemy have been ejected summarily under vicious counter attacks delivered by the American troops fighting alone as a unit and Americans fighting shoulder to shoulder with their French comrades in arms.

Tactful admission that the enemy has been retarded in their assaults, if not halted, seemingly is contained in the latest German official communication. In dealing with the fighting of Tuesday, it says allied troops on the Marne front have delivered "violent counter attacks," and that to the east of Rheims "the situation is unchanged." The only claim made in any success by the communication is that there were "some local successes to the southwest of Rheims."

The successes of the Americans and the French give back to them points of strategic value on the heights dominating the Marne valley. The Americans alone recaptured Possoy and Cresancy, east of Chateau-Thierry and at one point near Possoy drove back the enemy across the river and took a number of prisoners.

Farmers Cure Three Slackers.

(Copper's Weekly).
 Three wealthy farmers in Stafford county, Kansas, told their neighbors who were soliciting for the Red Cross that "they had made their own money and could do as they pleased with it." They gave the solicitors to understand they were entirely independent of the rest of the people. The Wichita Beacon tells what followed: All the farmers in the township held a meeting. Some of the more hot-headed ones proposed the use of tar. But one philosopher suggested something worse. "We'll take them at their word and have nothing to do with them," he said.

Everyone present signed an agreement to cut off all relations with the three. Then they took the paper to town and had the merchants sign it. The next day one of the three farmers drove to town in his car to buy some supplies. "I can't sell you anything," said the merchant. He went to the bank and the banker said, "Here's your money. I don't want your business." He went to the garage to get some gasoline. "I can't let you have it," said the proprietor. He then went to the telephone exchange to telephone home for gasoline. "You haven't any telephone," said the manager. "You are cut off."

Quentin Roosevelt Killed.

Lieutenant Quentin Roosevelt, Colonel Roosevelt's youngest son who has been attached to the American line forces on the Marne front, was killed at Chateau-Thierry on July 14th.

Lieutenant Roosevelt, the dispatch says, was returning from a patrol fight when he was attacked by a German squadron.
 It was seen that Roosevelt suddenly lost control of his machine, having probably received a mortal wound.
 On hearing the news Colonel Roosevelt said: "Quentin's mother and I are very glad that he got to the front and had the chance to render some service to his country and to show the stuff there was in him before his fate befell him."

46,000 Men Called for August.

Provost Marshall General Crowder yesterday issued a call for 46,000 men for the period between August 5th and 9th. Nebraska's quota will be 100 men, and they will be sent to Camp Fremont, California. This will take probably two or three men from Lincoln county.

This is the first general call for August, during which month the military program provides for the enlistment of 300,000 men. Some special calls already issued account for 19,941 of this number.

YANKEE ROBINSON SHOW COMES NEXT WEEK.

Yankee Robinson's 3-ring Wild Animal Circus comes to North Platte next Wednesday, July 24th.

There must be merit to a big enterprise of this calibre when it can announce and present such a new high class list of attractive circus features as are offered this tour in a long praise-worthy program. It is not only commendable to the management, but pleasing to the patron.

The opening costly, gorgeous scenic display is rapidly followed by a thrilling program of skillfully executed circus acts unequalled in merit. Capt. Irving's double group of performing lions, Alber's wonderful trained polar bears, VanAndrew's mixed group of leopards, jaguars and pumas; Ruth Le Nore and her performing mountain lions, all these wild animal exhibitions are given in the big protected steel arena; there are score of educated ponies, dogs riding monkeys, brown bears, herds of elephants; Buchanan's educated horses led by Tango Chief, and Texas Tommy are the new real wonders of the equine family, said by expert horsemen to be the most wonderful dancing horses ever seen on exhibition any where at anytime. They are blue ribbon winners at the latest New York and Boston horse shows, and are alone worth the price of admission.

When an immense flock of trained doves and pigeons are given their liberty from separate cages, they fly to the "prima donna on horse-back," Miss Bessie Harvey, and hovering about her form a very attractive feature.

Another new act that will prove a novelty is the trained and educated pigs. These are the first and only porkers ever seen on exhibition in a family group, doing entirely new and laughable stunts.

As an extra feature Steve Savage

and his athletic company of famous wrestlers will be seen at both the afternoon and night exhibitions.

It is a ticklish job to cross a swift stream but Blue Blazes Rawden (Wm. S. Hart) accomplishes this without turning a hair. See him at the Keith Monday and Tuesday.

German Loss is Heavy.

Casualties sustained by the German troops in the offensive this week are estimated to number 100,000, according to news received in London from the battle front in France.

The position for the allies at the present stage of the German offensive in France is said to be distinctly satisfactory. The French losses are stated to have been very small. They have lost no guns, the report declares.

LINCOLN COUNTY CLUB NOTES.

(By Benj. M. Johnson.)
 If cheap rubbers or old rubbers are used in canning it will mean a loss in the canned product.
 The canning season in Lincoln county is here. This year we must can, dry or probably do without. The government warns us it may need all the factory canned and otherwise prepared product in providing the allies and our soldiers with food. There are various methods of canning, but the easiest, simplest and best method for the home is without doubt the cold pack method. This method will be demonstrated in various places in the county during the months of July and August.

Remember it is a patriotic duty to preserve eggs for winter use and sale. One quart of waterglass will preserve 15 dozen eggs, the waterglass costs about 50 cents a quart. It may be purchased at any drug store. Boil 9 quarts of water, let cool, add the waterglass, pour in a 5 gallon crock, cover with a board or glass, and drop into the solution only fresh clean and preferably infertile eggs.

When I was appointed Lincoln County Club Leader last spring, I was impressed that it was my duty to visit all the gardens in the county but later instructions outlined my work to be entirely different therefore you members cannot expect personal visits from me. Through the cooperation of the people I hope to organize the Boys' and Girls' Club work to the extent that every member may receive individual assistance next year. This is our first year in this work and too much must not be expected.
