REPUBLICANS HOLD COUNTY CONVENTION YESTERDAY.

A mass convention of republicans was held at the court house yesterday for the purpose of selecting thirteen delegates to the state convention to be held at Lincoln next Tuesday. The attendance was rather small, only a few of the outside precincts being represented. County Chairman G. S. Thompson, of Hershey, presided as chairman and S. M. Souder officiated as secretary.
On motion J. E. Evans, T. C. Patterson and Ira L. Bare was appointed a committee on resolutions.
Delegates to the state convention were selected as follows: J. E. Evans, W. V. Hosland, G. S. Thompson, Chas. A. Liston, David Johnson, M. M. McDermott, Ira L. Bare, W. P. Snyder, Scott Reynolds, Ed Hostetter, S. M. Souder and E. S. Davis.

A Fighting Parson.
There sifted down from Hershey yesterday the details of an occurrence that has rocked that village, and given the people something to talk about. As reported to The Tribune by a son of Rev. J. E. Largent, the Methodist minister at Hershey, was employed at shucking wheat Wednesday on a farm of County Commissioner J. S. Koch. Trouble between this boy and another boy arose during the afternoon with the result that with the evidence against the minister's son he was discharged when Mr. Koch arrived home after spending the day in this city attending a meeting of the board. It happened that Rev. Largent arrived at the Koch ranch about the same time Mr. Koch did, having been summoned there by his son. When Mr. Koch, announced his intention of discharging young Largent the reverend gentleman got into a controversy with Mr. Koch, with the result that quite unexpectedly the minister struck Mr. Koch a blow in the face knocking him down and almost putting him "to sleep." Quite naturally when Mr. Koch was able to get to his feet, and fearing further attack he "went at" the minister and at the end of the "mill" the ranchman had bested Rev. Largent.
Following the encounter a meeting of the church people was held and the resignation of Rev. Largent was asked or and we understand it was presented.
Band Concert Program.
The North Platte Municipal band, under the direction of Earl Stamp, will give their usual weekly concert Friday evening at 8 p. m. at the Court house park. Following is the program which has been arranged. In addition to the numbers shown on the program, various popular selections will be interspersed.

Overture, "Zampa," Herold.
Intermezzo, "A Night in June," King.
Waltz, "Alpine Sunset," King.

The band as well as most of our public institutions has felt the effect of the war, there being now seven stars on their service flag. The prospects are that there will be three more stars representing some of their best men in the near future. However with all this handicapping the band will endeavor to the best of their ability to keep these concerts up to the end of the season, as well as appearing at the various patriotic functions in which they have always been more than willing to assist.

TERRORS GIVEN INDIAN NAMES

Mrs. Wilson Credited With Idea That Really Has a Good Deal to Be Said in Its Favor.
Selecting names for the many new vessels soon to slide from American ways is a task needing patience and application. It is one of the duties of Assistant Secretary Roosevelt of the navy department, who, though he finds many volunteer assistants, is always hard pressed in his pursuit of suitable names. The wife of President Wilson has now come to his aid with a list of names.
Mrs. Wilson is a descendant of Pocahontas. The names she suggests may be calculated to spread terror among the enemies of America afloat. They are taken from Indian history.
When an enemy vessel sees the Siamahoning approaching flying the Stars and Stripes, the captain is likely to think one of the devils of the deep is in pursuit. If the Siamahoning is followed by the Sialadobis and the Sialadobis by the Skanateles and the Shiwanguk—all names conferred by the president's wife—the enemy may well believe that the day of legendary sea terrors has returned.
Suppose, again, that the Saccarappa, the Sagaporack, the Tobesofka and the Tonganoxie were to sail forth together, is there any power on the sea's surface or beneath that would court encounter with such an orthographical onslaught? There is a warwhoop in every name. If the Shickshinny does not suggest scalping, or the Sheshequin an ambush, it is because one is unfamiliar with Indian nomenclature.

Foch Holds Initiative.

Each day's operations bring further proof of the completeness with which the genius of General Foch has turned the tables on the Germans.
General Foch holds the initiative on all battle fronts and, it is believed, it will take the Germans at least two or three months to get up another full dress offensive. Meanwhile American troops continue to land.
