NEWS ABOUT THE BOYS WHO ARE IN SERVICE.

Arthur Tramp, a class 2-A man, went to Denver Sunday night to enlist as a musician in the navy. Otto Westenfeldt, who made application for enlistment as a musician has been accepted, and he left Sunday for Camp Dix, New Jersey. Word was received Saturday that Jay Smith, who had been stationed at Camp Upton, N. Y., in the aviation corps, had arrived safely in France. James L. Johnston, of Sutherland, one of the 1918 registrants, has enlisted as a concrete worker and will be sent to Camp Forrest at Lythe, Ga. Ed Wheelock received a card yesterday from his son Clayton at Camp Dodge in which he said his company had packed up and were ready to go east. Major M. C. Harrington, now in France, writes he has been assigned a division of troops as quartermaster and says "it is some life over here." Ivan Gordon, James McMurtry, David Wood and Harry Farnham, four young men of Sutherland, left Sunday night for Denver to enlist in the navy. Lee Bird, who is at the Ft. Worth aviation field, writes about flying among the clouds, for he is now one of the fliers. In the last letter received he referred to having reached an altitude of 8,000 feet. Clarence Spicer, who was sent to Camp Funston, has been transferred to Camp Dodge as an ambulance driver in the medical corps. He writes that he will probably be sent east in a short time. Joe McGee, of Brady, who has been in a military hospital in London for nearly nine months, in a letter to a friend says: "The three incisions they made in my thigh to get out pieces of metal have healed up and give me no pain. The old wound is still unhealed, but is not painful. I only hope there is no more metal or dead bone to be removed. I am still weak from the loss of flesh, cannot even sit up, but if I have no set back I hope to be able to walk a little in six weeks or two months. Joe was wounded while a member of a Canadian regiment."

LUCIUS SMITH WEDS MISS GEORGIA HOXIE SUNDAY.

Miss Georgia Hoxie and Lucius S. Smith, Jr., were united in marriage Sunday night at 10:40 at the home of the bride's parents. Mr. and Mrs. Frank G. Hoxie, and an hour later Mr. and Mrs. Smith left on a wedding trip to points in the east. The ceremony was performed by Rev. Dr. Curry in the presence of members of the family, immediate friends of the contracting parties and girl friends of the bride. The bride was attended by Miss Dorothy Hinman, just home from California, and the groom by Wm. R. Harcourt, the father giving the bride away and Mrs. Harcourt rendering an American wedding march. The bride was gowned in an exquisite blue silver-toned traveling suit with hat to match. The bride has been a very popular member of the younger society set in North Platte, is a most charming and accomplished young woman and The Tribune congratulates Mr. Smith that he has won such a worthy bride. Mr. Smith came here from Illinois a year or so ago for the purpose of placing under cultivation a large tract of land south of the city owned by his father. He seeded about 900 acres to wheat last fall and has been rewarded by a very generous crop. This year he has also broken up about a thousand acres of land near Big Springs and this together with the land south of this city will be seeded this fall. These extensive operations in the agricultural line demonstrates his progressiveness and good management. In all particulars Mr. Smith is a splendid young man.

Efficiency Needed.

It must be apparent to all that these are times when efficiency is needed in all public offices, and that it is no time for inexperienced people to take up the reins. This is particularly true of the duties of the county clerk, who is a member of the exemption board, and upon whom falls the greater part of the clerical work of the board. As clerk of this board the duties are exacting, good judgment is required in order that the work of the board may be carried out with fairness and impartiality to men who have been registered and those who will be registered in the future. Mr. Allen has proven his efficiency as county clerk as well as a member of the registration board, receiving no compensation for his duties as a board member yet very frequently burning the midnight oil to the end that the work might be performed in order and on time. If the voters place full value on the work Mr. Allen has performed they will not hesitate to renominate him for county clerk on August 20th.

Must Be 100 Per Cent American.

Prior to entering the primaries for the democratic nomination as U. S. senator R. L. Metcalf wrote a number of letters to prominent men in both parties asking their advice as to his entering the primaries. We clip from the Omaha Nebraskan the following characteristic letter written by T. C. Patterson in response to Mr. Metcalf, which we believe will be of interest to our readers: "In these war times I am for America first and against all its enemies at home and abroad, after that I am a republican. I am decidedly in favor of both the democratic and republican parties in this state placing in nomination men who have been for America after the declaration of war, but they should also be men who prior to our entering the war did not in any way give aid or comfort to our present enemies, and they should be men who when peace negotiations are being considered can be depended upon to stand up for all of our allies. In other words both parties should have candidates that will appeal to the 100 per cent voter. In Ross L. Hammond's candidacy, the 100 per cent American members of the republican party have a candidate that answers these specifications, and your candidacy would appeal to the 100 per cent Americans in the democratic party. With you and Hammond representing the head of the tickets in both parties, there would be an assurance that which ever was elected would be satisfactory to the 100 per cent American voters of the state. For these reasons I hope you will accept the nomination and be a candidate in the primary. There is no question but what the 100 per cent American voter is in a great majority in both parties and they are entitled to have candidates for the great office of U. S. senator in both parties who will faithfully represent them."

The Happy Hour Club will meet Friday afternoon with Mrs. Mesauraul, 407 south Maple.

Mrs. Fred McFarland and children left this morning for Salt Lake City, where Mrs. McFarland was called by the illness of her sister.

Will Build Pouch Plant.

The Sutherland Courier says:—The engineer for the U. P. arrived in the city yesterday morning and is now busy locating the sidetrack for the Republic Chemical Works which will be located on the Wallace Porter farm just west of Sutherland. The Republic Chemical Works will soon commence work laying the pipe line from the north lake to where they will build their plant.

Capture German Base. The Franco-American troops, continuing their pressure on the Germans in retreat from the Marne, have reached and crossed the Quercy river and penetrated town of Fero-en-Tardenois one of the great German supply bases for the enemy troops inside the Sisson-Rheims salient.

Driven Back Twelve Miles. Under the battering tactics of the Americans and French, the German line on the south has now been driven back more than twelve miles from the point south of Chateau-Thierry where the allied troops locked the door to Paris against the enemy July 18 and themselves became the aggressors in what has turned out to be one of the greatest battles of the war.

Stecher Joins Navy. Altho they are both in class 2-A of the draft and will probably not be called for two months or more. Joe Stecher, logical contender for the heavyweight wrestling championship of the world, and brother Tony, who handles the business side for Joe's affairs are not to wait for the draft wheels to grind out the name that has put Dodge, Neb., on the map. Both have passed the examination for admittance into the navy at Omaha. Howell Withdraws. R. Boecher Howell, candidate for the republican nomination for governor, will not make the race at the August primaries. This announcement was made in a signed statement from Omaha given to the press Sunday evening. Saturday evening following a meeting in Lincoln held at the city auditorium Mr. Howell announced that he had been called into the naval service and must report for duty August 15th. GEO. B.
