Do It Now.
 When the Home Guards were first organized a good number of citizens said they would not become active members but when finances were needed they would help out. Funds are now needed to help uniform the Guards, the drum corps and the band, and Captain Shilling has issued an S. O. S. for about four hundred dollars. This sum, together with the amount in the treasury will fit out the drum corps. The band and about 100 guards in the regular Home Guards uniform. Those who wish to donate to this fund will please hand Captain Shilling their check or cash before the end of this week.

Announcement to the Public.
 I wish to call attention to the fact that I have purchased the Dr. Crook dental practice of this city and will maintain the same until I am called into the service of the United States. I enlisted in the medical corps last November and have been awaiting summons since that date. When that time comes I shall close my office and be absent for the duration of the war.

MIKE SHAHEEN WINS LAND IN THE DRAWING.

In the drawing for 204 acres of land adjoining the town of Arthur, which was conducted at the United States land office Saturday afternoon, the name of Mike Shaheen, a resident of Arthur, was on the first ticket drawn from the box and he was declared the winner of the right to make entry on the land. The second slip drawn contained the name of O. R. Robinson, deputy postmaster of this city, and should anything occur to Shaheen that would render him ineligible to make entry the right of entry would fall to Robinson. Shaheen did not have his naturalization papers and the entry was suspended until he can secure them. Eighty-one persons had registered in this drawing.
 The successful registrant for the forty-acre tract, for which a drawing was conducted, was Albert F. Taylor, of this city.

Old Settlers Picnic.
 The combined Old Settlers and Sunday school picnic held at the Ross farm in Myrtle precinct Sunday was attended by a big crowd and the day proved a most pleasant one. A splendid program was rendered, and the basket dinner served included spring chicken and ice cream. Four of the real old settlers were present, the oldest of which were Mrs. W. H. Null and D. McNichol, both of whom located in that section of the county thirty or more years ago.

We are anxious to have the people of North Platte know about our optical department. We have the most up-to-date optical instruments and with these we are able to give a careful examination for all eye defects. Our optometrist in charge is a graduate of the Northern Illinois College, one of the largest and most recognized schools of its kind. Our lens grinding plant is most complete, which enables us to offer one day service on broken lenses or on new glasses. Our work is guaranteed to give satisfaction. Give us a trial and you will be convinced.

RICHARD L. GRAVES NEWARK LADY LAST TUESDAY.

The Tribune received Saturday a card bearing this inscription:
 "Mr. Richard L. Graves and Mrs. Carrie L. Knapp announce their marriage, on Tuesday the thirtieth of July, one thousand nine hundred and eighteen, Newark, New Jersey."

We certainly most heartily congratulate our old friend Graves, and so will hundreds of other acquaintances of long standing in North Platte. Ordinarily a man possessed of Mr. Graves' home-loving disposition, would have taken the step thirty years ago, but there is a destiny that apparently shapes our ends, and it was only at the end of that long period of years the affinity appeared. We have no knowledge of the lady of his choice, but knowing Graves as we do, it is a certainty that she will ever and always receive the kindest consideration and loyalty.
 It is regretted by North Platte friends that the wedding trip is to the Maine coast, and not to this city, for we certainly would enjoy welcoming him and his bride.

Enemy's Fire is Heavy.
 Reuter's correspondent at French headquarters in France, in a dispatch dated yesterday afternoon at 2 o'clock says:
 "The enemy's fire is very heavy along the whole line of the Vesle, and the Germans are opposing very vigorously resistance to the allies. Nevertheless French patrols have succeeded in crossing the river and at several points between Sermoise, east of Soissons, and Fismes, where the Americans crossed and between Fismes and Mulzon.
 More than 500 guns and 500 trench mortars have been captured by one French army alone, that of General Mangin, since the beginning of the allied offensive on July 18.
 The German crown prince has engaged 40 of his divisions (540,000) men, in the Champagne and 47 divisions (635,000) men between the Aisne and the Marne since he began his offensive on July 15, the intransigent states."

NEW MAN POWER BILL INTRODUCED IN CONGRESS.

The new administration man-power bill, extending the selective service act to all men between the ages of 18 and 45 inclusive, was introduced yesterday in both houses of congress. The measure was referred to the military committee. Congressional leaders plan to have it considered this month.
 In presenting the bill to the senate Chairman Chamberlain of the senate military committee gave assurance that everything would be done to expedite its passage.
 Provost Marshal General Crowder, in a statement submitted by Senator Chamberlain, suggested Sept. 5 as the date for a national registration of men within the proposed new ages.
 Weekly registration of youths attaining the age of 21 during the next few weeks, was proposed by General Crowder as the only means of obtaining the 200,000 men to be called to the colors in September. This could be done by presidential proclamation and would add about 80,000 to the number of men available.

Colored Men Leave.
 The three colored registrants of Lincoln county who left for Camp Funston Sunday and the preceding Funston Sunday evening were given a farewell reception the preceding evening at court house park. At this meeting J. E. Swans presided and the following program was given: Selections by the band, reading by Miss LeDolyt, song by a ladies' quartette, address by Rev. Koch and the presentation of sweaters and comfort kits. The men who were sent were Robert Saunders, Louis Norman and Eugene Baker. Alonzo Poynter who registered in this county went to Omaha and joined the contingent from that city.

E. T. Tramp & Sons will retire from the grocery business and devote their time and energy to the dry goods lines exclusively. This move has been hastened by the entrance of Arthur Tramp into the service, the scarcity of help and the constantly increasing expense of the delivery system which already is enormous. We know to a certainty that this firm will escape great jabs of grief when they retire from the grocery line. In fact we don't know of any class of business where the grief element has not increased 100 per cent during the past five years.

In the bill introduced in congress yesterday changing the draft ages to 18 to 45, it is figured the registration in Neb. will be 189,245, or 71,000 more than in the first registration. Based on the number registered in 1917, the total registration in Lincoln county under the new law will reach about 2,000.

We Want Your Wheat.

Do you know, Mr. Farmer, that it takes nearly 800 bushels of wheat every day to run this mill? We can use every bushel of good wheat raised in this vicinity and still have to ship wheat in. Don't sell any wheat without consulting us about it. We haven't time to drive through the country hunting you all up but you can find us all day, every day at our office, and those we have dealt with are our best boosters.
