NORTH PLATTE SHOULD JOIN RINGING OF THE ANGELUS.

Hundreds of cities and towns thr out this country and a number in Ne-braska have endorsed the movement of the national rotary club for one minute of silent prayer each day for the safety of our boys in the service and the successful termination of the war. Signals are provided for this morning prayer and a whistle or bel is souded so that people in all parts of the city may cease work at the same moment and make supplication.
With nearly 500 Lincoln county boys in the service, many of whom are now on the firing line, North Platte should invoke for them guidance and safe delivery by the supreme being.

It has been suggested that beginning Sunday and continuing daily, the fire whistle be blown at eleven o'clock in the forenoon and that all our people cease from labor for one minute and engage in silent prayer.
