CITY AND COUNTY NEWS.

O. E. Graham, who is in the employ of the Union Pacific at Rawlins, arrived yesterday to visit relatives and friends.

Miss Blanch Mylander will today file her petition as a candidate for the non-partisan nomination for county superintendent.

Christian Science service Sunday at 11 a. m. Sunday school 12 noon. Wednesday evening meetings 8 p. m. Building and Loan building. Room 25.

M. V. Overstake was brought down from Sutherland yesterday and taken to a hospital. He is suffering from a threatened attack of appendicitis.

Wm. Pittman, who lives four miles northeast of city will sell his personal property Tuesday, August 20th. Mr. Pittman suffers so severely from rheumatism that he can no longer do farm work.

The new fire station on Front street is not ready for occupancy but probably will be soon after September first. Delay in material, shortage of help and other causes have contributed to rather slow progress on the building.

From reports received, the rain Monday night and Tuesday was general over the county and the corn crop has again been saved. Farmers believe that there is now sufficient moisture in the ground to 'make' corn in a very big majority of the fields.

Ed Elsass, foreman of the car shops, has sold his residence and Mrs. Elsass by reason of heart trouble and upon advice of physicians will remove to Omaha, which was their former home. Mr. Elsass will remain here as foreman.

A rather severe form of cholera morbus has effected several dozen people in North Platte during the past week. Some claim that it is due to too much green corn and watermelon while others aver that it is due to some microbe in the air.

The big pile of coal stored by the Union Pacific west of the round house is on fire, the result of spontaneous combustion through moisture. The company is looking for a location to unload 38,000 more tons which it is expected to ship in for storage during August and September.

The draying for May, June and July was cheerfully contributed by T. M. Cohagen and A. H. Abel, saving us a matter of \$12.00.

Spend a morning or afternoon at THE LEADER MERC. CO. during the August bargain sale. The store is filled with goods at prices that you should not miss.

Miss Joyce, a teacher in the city schools of Colorado Springs, has been the guest of Mrs. Rincker for several days past. Miss Joyce has been the honor guest at two or three informal functions during the week.

If you wish to hear "The Whisp'ing Chorus," see the picture in which self-sacrifice is the dominant theme at the Keith Monday and Tuesday.

In a list published in the Omaha Bee giving the percentage of Nebraska trap shooters who have shot at 1250 targets or more in regular competition, appears the name of M. F. Hosler, of this city. He shot at 1,500 targets broke 1,328 and secured a percentage of 88 1/2 per cent.

Miss M. Sieman, steam baths and Swedish Massage, ladies and gentlemen. Phone 897. Brodbeck bldg 851.

L. S. Smith, Jr., this week has been threshing the wheat off his big tract of land south of the river. We are told that 500 acres of the wheat averaged twenty-five bushels to the acre. The other 400 acres will not yield quite so heavy. Part of the wheat threshed has already been sold and delivered to Leyoldt and Pennington at practically two dollars per bushel.

Coal dealers report that North Platte residents, and especially those who have heating plants, are pretty well stocked up with a winter supply of coal. This being the condition, the demand for coal during the winter months will not be so heavy as usual, and should a shortage of shipments from the fields occur there will not be so many customers to be supplied.

For Sale—Two lots and 4 room house. Call Black 697.

The North Platte Artificial Ice Co. is shipping its ice to practically all towns between here and Julesburg. The present capacity of the plant is nine tons per day, which is insufficient to supply the demand. In operating the machinery four electric motors furnish the power, replacing the oil engine which by order of the court was thrown out on account of being declared a nuisance. These motors have a combined capacity of sixty horse power.

RULES CONCERNING FARMERS AND THE NEW REGISTRANTS.

The local registration board has received the following bulletin from W. L. Anderson, acting provost marshal of Nebraska:

Referring to orders that no 1918 registrant might be involuntarily inducted until the available 1917 class was exhausted, I wired the Provost Marshal General asking whether we could still continue to temporarily omit from call the farmers of the 1917 registration while calling 1918 registrants who were not farmers, and in reply I got the following telegram which is herewith given for your information and guidance: "No. E-2100. Retel 439. No 1918 registrant may be involuntarily inducted until all Class 1 registrants of 1917 class have been inducted. Farmers deferred under my B-50 must be inducted before registrants of 1918 class are involuntarily inducted.---CROWDER."

This means that while you may take 1918 registrants on any call where volunteers are permitted, yet if on any such call it becomes necessary to involuntarily induct or if you have a general or special call where volunteers are not allowed, then before you call any registrant of the June, 1918, class you must have called all of your properly qualified 1917 class. That is, if the call is for Class 1 men qualified for general military service, you must call all of such Class 1, Group A, men, whether farmers or not, before you call a single one of the 1918 class registrants.

Announcement.

I hereby announce my candidacy for State Representative from the district composed of Lincoln county.

I wish to emphasize the fact that I have been a resident of Lincoln county for nearly a quarter of a century and belong to no organization whose patriotism has been questioned. I am tied up to no business and have no axes to grind but if nominated and elected will first support the ratification of the National Prohibition Amendment and any moral or educational measures that will benefit Lincoln county and the state of Nebraska and give my entire time and attention to my duties.

E. S. DAVIS.

CITY AND COUNTY NEWS

Mrs. McMillen, who had been a guest at the Miltonberger home, left Wednesday morning for Idaho.

Alex Fenwick came down from Cheyenne Tuesday to visit friends and transact business for a day or two.

Edgar Schiller, of Central City, visited friends in town Wednesday. Mr. Schiller is now on the road selling goods for the E. E. Bryce Drug Co., of Omaha.

Dr. Shaffer, Osteopath, K. C. Bldg.

Sebastian Schwaiger returned a few days ago from a month's visit with his daughter in Seattle. Mrs. Schwaiger, who accompanied him, will continue her visit there.

Mrs. Chas. Bogue and daughter Emma left Wednesday morning for San Francisco to visit Ted Bogue, who is stationed at Mare Island, and from there will go to Los Angeles to visit Mr. Bogue's mother.

Dr. Brock, Dentist, over Stone Drug Store.

D. E. Martin, who was down from the Birdwood country Tuesday, said the corn that was hit by the hail last week is coming through in good shape. "We cried before we were really hurt," said Mr. Martin.

Trainmen reported heavy rains Tuesday evening and Wednesday all the way from here to Cheyenne. This rain insures splendid corn crop in the western Nebraska counties along the line of the Union Pacific.

D. C. Congdon received a wire Wednesday morning announcing the birth of a daughter the preceding day to Mr. and Mrs. Guy Congdon, of Chicago. Grandmother Congdon was in Chicago to welcome the advent.

Wanted to Rent—Small farm place close to town. Ernest Helms, City.

W. A. Tanner, of Glendale, Cal., spent a day in town the early part of the week visiting Mr. and Mrs. F. T. Redmond while enroute to Lincoln. Mr. Tanner was a former resident of North Platte and married Miss Grace Redmond.

Mr. and Mrs. Eugene Sawyer, of Los Angeles, were guests of Chris Sawyer and family this week while enroute to Lincoln by auto. They were former residents of North Platte but have been living in California for four years past.

For Sale—String beans for canning, pickles, potatoes and corn. Order pickles now before the vines are dead. Doolittle, Phone 782F022.

T. L. Carroll, of Gothenburg, visited his son Leigh Wednesday while enroute to Oregon where he was called by the illness of his father who is ninety-four years old. Mr. Carroll is a candidate for the republican nomination for float representative from the Seventy-seventh district composed of Dawson, Lincoln and Keith counties.

We Want Your Wheat.

Do you know, Mr. Farmer, that it takes nearly 800 bushels of wheat every day to run this mill? We can use every bushel of good wheat raised in this vicinity and still have to ship wheat in. Don't sell any wheat without consulting us about it. We haven't time to drive through the country hunting you all up but you can find us all day, every day at our office, and those we have dealt with are our best boosters.

Freeze Buys More Land.

W. H. Freeze, whose home is in the west part of the state and who last spring bought the Henry Parker 320-acre farm on Jack Morrow flats for \$16,000, has added to his Lincoln county holdings by purchasing the O. H. Thoelecke farm of 320 acres in the same neighborhood for \$16,000. The two tracts corner and it is generally conceded that each are as good land as there is on the flats.

Lincoln County Casualty.

In the list of casualties published in the daily papers the name of Homer Raymond Ridenour of Wallace appeared as severely wounded. Ridenour's name does not appear on the selective draft list, so he must have enlisted, and that too, soon after the war was declared by this country. This is the first Lincoln county boy to be mentioned in the casualty lists.

Ford Turns Turtle.

An auto driven by Ansel Peterson and with H. L. Pennington and Peterson's brother as passengers turned turtle near Bigard Wednesday afternoon, but fortunately none of the men were seriously injured. The accident was due to a bucking of the steering apparatus when moving at a twenty mile an hour attempt was made to pass a car ahead. The car turned completely over, throwing Peterson's brother clear of the wreck but Peterson and Pennington landed under the body but it rolled off them. Peterson was scratched and bruised and Pennington had a knee thrown out of joint, but was put back by a physician who came along in a car.

Announcement to the Public.

I wish to call attention to the fact that I have purchased the Dr. Crook dental practice of this city and will maintain the same until I am called into the service of the United States. I enlisted in the medical corps last November and have been awaiting summons since that date. When that time comes I shall close my office and be absent for the duration of the war. DR. L. J. KRAUSE, Dentist.

Mass Meeting Sunday Evening.

A mass meeting of citizens will be held next Sunday evening in the Franklin auditorium. Rev. John Pearson, of Kansas City, representing the National Public Welfare League will be present and will give his popular lecture "The World After the War and Present Duty."

DO YOU WANT TO SELL
