This sign appears at our filling stations

We have completed our Gas Station and are now shipping our own Gas by Tank Car Lots.

Our Gas is the highest test than can be refined in all the southern field.

A trial will convince you it has more power, less carbon. Car starts easier than heretofore.

**J. S. Davis Auto Co.**

## LOCAL AND PERSONAL

Mrs. Thos. Golden and two sons are visiting at the home of Mrs. Golden's parents, Mr. and Mrs. L. R. Duke.

Earl Cantlin, of Caspar, Wyo., enroute east by auto, spent Sunday with his cousin Ray Cantlin, of this city.

Mr. and Mrs. Frank Barber returned Sunday from Estes Park, where they spent two weeks. The trip was made by auto.

Mrs. Margaret Hall and daughter Catherine will leave shortly for Los Angeles, where they will probably make their future home.

The directors of the Chamber of Commerce will meet tomorrow evening, elect officers for the ensuing year and transact such other business as may come before them.

Leslie Baskins has made application for entrance into an artillery officers' training school but as yet has not received word of acceptance. It is probable, however, that he will be called in a short time.

W. J. Tiley has returned from a week's trip in Dawson and Custer counties where he took orders for the Hawkeye truck now handled by the J. S. Davis Co. He succeeded in placing thirty in the hands of sub-agents.

Pleasure cars are difficult to obtain by dealers these times, at least some makes. The Davis Co. received six Nash cars last week but these were only a drop in the bucket as compared to their needs in filling orders booked.

Letters from North Platte boys in service in France come in bunches. One man received five from his son one day and five the next, all written on different dates. Another family received four one day and three the following day.

Three troop trains passed east yesterday forenoon and were extended the customary canteen service during the time the trains remained here. There were about 1500 men on the three trains.

Geel! but it's great to meet friend from your own home town! If you were ever sidetracked sixty miles from nowhere, you'll go wild over Charles Ray at the Crystal Thursday and Friday for the photodrama "His Own Home Town" will give you every phase of your experience.

## A GREETING AND A STATEMENT TO OUR OLD CUSTOMERS AND THE NEW ONES WE HOPE TO GET

We wish to express our thanks for favors shown us during the past few years, and also we want to interest you in our plans and aims for the future.

Owing to the great world war of today, which has brought about the scarcity of help, the high cost of merchandise and many other things which are dissatisfying, we are preparing to enter upon a

**Strictly Cash and Carry Plan**  
**September 1st, 1918.**

It is our intention to give our customers the benefits of the saving, which means from 15 to 20 per cent on the every day necessities of life and to insure them better and prompt service.

Depend upon us to keep up the high standard of the goods we sell, to give you honest weights and full measure and to cut the corners off prices. We shall depend on increased business and the power of cash to bring results.

**SEPTEMBER 1st, STRICTLY CASH AND CARRY.**  
**Lierk-Sandall Co.**

## NEWS ABOUT THE BOYS WHO ARE IN SERVICE.

Mr. and Mrs. L. R. Duke have received a card stating that their son Harold had arrived safely overseas.

Sergeants McFarland and Peterson, and Corporals Marti, Brewer, Eyerly and Van Doran, who had been visiting friends in town returned to Camp Cody Sunday.

Arthur Carney, of this city, who has been stationed at Camp Fremont, Cal., as a truck driver in the ammunition train is expected to pass thru in a few days to an eastern training camp.

Word received from Archie Hawley by his parents states he was in on some of the skirmishes on the Fourth of July over in France. He remarks this celebration was far different from what it was the Fourth a year ago.—Hershey Times.

Marston VanDoran, who is division instructor in bayonet drill at Camp Cody, spent the latter part of last week visiting the home folks. Friday evening he drilled the Home Guards in bayonet drill and put the boys thru an hour of very strenuous work.

Corp. Leigh Eyerly, of Camp Cody, visited his parents Mr. and Mrs. O. H. Eyerly at Hershey the latter part of last week. Leigh secured a six day furlough, but as it takes four days and nights on the road, his visit at home was brief but certainly pleasant.

Geo. N. Gibbs left Sunday for Camp Pike, Ark., where he will enter the officers' training school, his application having received favorable action a week ago. Mr. Gibbs is beyond the present draft age, but he felt it his duty as a patriotic citizen to enter the service.

Andy Wessburg received a card Friday from his son Lieut. Abner Wessburg, which was written at Montreal, Canada. When heard of previously Lieut. Wessburg was stationed at Camp Lafayette having been transferred there from Camp Pike, Ark. The fact that he was at Montreal last week is taken as evidence that he was enroute overseas.

In a letter to his folks, from France dated July 2d, Dan Becker says he was located at Bordeaux, and that harvest had just started there. He says it looks funny to see an American harvesting machine being pulled with a yoke of oxen. Dan's folks think he has been in the big counter offensive as his division was among those mentioned as being drawn up on the 18th of July.—Hershey Times.

There is an exhibition in a window of the Clinton store a three-inch shell sent from Camp Dodge to Mrs. Ed Wheelock, by her son Cayton Wheelock, who left that camp last week for an eastern camp to be outfitted for overseas duty. This shell had evidently been used for target practice, but not as an explosive, for part of the timing gear is missing. The shell is attracting much attention from passers-by.

From a Fon Du Lac paper it is learned that Major J. Rhoades Longley, a former North Platte boy, has arrived safely in France. He enlisted in the medical corps and received a commission as lieutenant and later was commissioned a captain and before leaving the United States was advanced to Major. Major Longley was a cadet at the state university at the time General Pershing, now commander of our forces abroad, was military instructor at the university.

All the banks in Lincoln county have forwarded to the Kansas City federal bank a statement of their condition, showing deposits, loans and other data. This showing is made presumably for the purpose of arriving at the quota of bonds of the fourth issue the people of Lincoln county will be expected to buy. It is thought that Lincoln county's quota will be around \$550,000.

**WILLIAM B. ROSE**  
**JUDGE OF THE SUPREME COURT**  
**CANDIDATE FOR RE-ELECTION**

Eight years Assistant Attorney General, Ten years Judge of Supreme Court.

Clark Perkins, the well known publisher, in speaking of Judge Rose, says: "He has weighed every question on its merits, formed his conclusions fairly and expressed them courageously in his written opinions. An analysis of his record will show that it compares favorably with that of any judge in the land."

Three judges of the Supreme Court to be elected. Each voter may vote for three.

Primary Aug. 20 - Election Nov. 5

# Hay and Grain Growers Attention

We have the most completely equipped plant for the handling of your products of any concern between Omaha and Denver and can give you service second to none. Our bids on grain are the highest that conservative business will permit.

We buy more prairie hay direct from the Producer and sell direct to the Consumer, than any other Shipper in the United States, and are, therefore in a position to bid you the top market, or better, at all times.

Branches: Newport and Atkinson, Nebraska, on the C. & N. W. Railway.

### World-Wide Publicity.

R. H. Dill, of the freight house force, has received from Corp. A. J. Davis, now in France, a copy of the Paris edition of the Chicago Tribune of July 11th which contains the item this paper published relative to the Home Guard ministrals wanting the loan of a pair of lady's 8 1/2 shoes. When published the want was a real want and the shoes were furnished, but as the item had appeared in a Chicago paper and now in a Paris paper, there was evidently a misfiling on the part of the Home Guard ministrals who did not appreciate the re-publication of the item has given the North Platte Home Guards a world-wide publicity.

### Attempts Suicide.

Seventeen year old Emma Schiltz, employed at the Dickey laundry, attempted to take her life Friday morning when she swallowed an ounce of carbolic acid. She appeared at the laundry for work at eight o'clock, greeted as usual the other girls employed there and entering the supply room picked up a bottle of the acid, used for reducing marking fluid, and drank a portion of the contents. Suffering intensely from the burn of the acid she cried for help and telling her fellow employees what she had done, Dr. Redfield was summoned who gave first aid and the girl was removed to the General Hospital.

Through prompt and careful treatment the girl has passed the danger point and will survive her impetuous act, which it is understood was the outcome of a love affair.

### Boys Leave This Week.

Eight Lincoln county selective draft boys leave tomorrow morning on train No. 6 for Kansas City where they will enter an automobile school selected by the government, there to learn auto mechanism preparatory to going into the truck service. The young men are: Leo Miller, Earl Woodruff, Paul Farnstrom, Fred Ellsworth, Henry Clark, Ray Marovich, W. C. Wright and Arthur Discow.

Thursday morning Robert Pease, Owen Hansen and Beryl Haines leave for Lincoln to enter the training school at the state university.

In addition to these, Stacy McMichael of Wellfleet, Leo Anderson who resides in the east part of the county and Russell Cox of Sutherland, leave today for Logan, Utah, to enter a training school.

### Announcement to the Public.

I wish to call attention to the fact that I have purchased the Dr. Crook dental practice of this city and will maintain the same until I am called into the service of the United States, I enlisted in the medical corps last November and have been awaiting summons since that date. When that time comes I shall close my office and be absent for the duration of the war.  
DR. L. J. KRAUSE, Dentist.

### An Old Station Agent.

One of the interesting pioneers of Nebraska is E. M. Searle, Sr., of Ogallala. While yet a mere boy he went to war from Indiana. As a telegraph messenger at the front he learned telegraphy. After the war he worked a year for an Indiana railroad. Then the lure of the new Pacific railroad brought him west. He sought a job at Omaha, but was advised to go out along the railroad line. He was offered one of the advance stations in Wyoming, but declined when he found the former agent had been killed in an Indian raid. He went to North Platte, which was then the end of the line of the road, and was assigned to Alkali, thirty-one miles west, where the station was a tent. He saw the road built on past toward the Pacific, and after about twenty years, service as agent at Alkali, later named Paxton, he was transferred to Ogallala, where he had taken a homestead. He has long since given up railroad work but has remained active as a builder of Western Nebraska.—Sutherland Courier.

Don't suffer the misery of indigestion which you can get relief from Peckley's Ash Bitters. It cures pain and drives out badly digested food. One does not do the work. Try it. Price \$1.25 per bottle. Gunsmere-Dent Drug Co., Special Agents.

## DR. J. S. TWINEM, PHYSICIAN & SURGEON, NORTH PLATTE, NEBRASKA.

Physician, Surgeon, Obstetrician. X-Ray.

For your comfort and accommodation The Nurse Brown Memorial Homeopathic Hospital, Homeopathic medicine for acute and chronic diseases. A trial will convince you that there is no system of treatment its equal.

## Don't Fail to Obtain Our Prices on Wheat, Oats, Barley, Rye Hay and Alfalfa

You will have more dollars in your pocket  
**HARRINGTON MERCANTILE COMPANY**

### Examination Tomorrow.

Beginning tomorrow morning at seven o'clock the 1917 selective draft men who were re-classified and the forty-three 1918 registrants whose claims for agricultural exemption were disallowed by the district board at Omaha last week will be examined.

Among the men who passed thru yesterday as members of the Sixty-seventh Heavy Artillery, was a nephew of Mrs. R. A. Garman who enlisted from Wayne county, this state and was sent to a western training camp. Mrs. Garman availed herself of the opportunity to visit with him.

The Home Missionary society of the Methodist church and members of their families will hold a picnic at the city park Friday afternoon of this week. Lunch will be served at six in the evening. All friends are invited to join in this basket picnic. Members who need transportation to the park will assemble at the church at 3:30 p. m.

With all the baiting of the press that we have had in these latter times by men delegated to act in public affairs, it was supposed that we had about reached the limit, but it remains for the exemption board at Waterloo, Iowa, to play the high trump. This board has notified thirteen employees of a Waterloo newspaper, according to telegraphic advices that they must engage in a productive employment or be transferred to class one of the draft. It is fair to assume that this action is taken entirely without orders or authority from the provost general and if so it is a rough joke that will be pretty difficult to appreciate.—Kearney Hub.

### A TWICE-TOLD TALE.

#### One of Interest to Our Readers.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a North Platte man is confirmed after five years.

Hans Johnson, 814 Walnut St., says: "For a number of years I have been troubled off and on by kidney complaint, due to heavy work. I have used Doan's Kidney Pills, procured from the Rexall Drug Store and have always found them splendid. A short use has been all that is necessary to rid me of the backache and lameness and the other ailments that go with kidney trouble."

AFTER A LAPSE OF OVER FIVE YEARS, Mr. Johnson said: "I have had no kidney trouble for some time and I give Doan's Kidney Pills credit for having rid me of it. I can recommend Doan's more highly than ever." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Johnson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## Charles W. Pool

Hyannis, Nebraska  
DEMOCRATIC CANDIDATE FOR CONGRESSMAN SIXTH DISTRICT.

NOW SERVING A SECOND TERM AS SECRETARY OF STATE

I homesteaded 630 acres in Grant county in 1912. I have voted and paid taxes in Grant county since that time. I spend as much time in my home county as any official duties will permit, but our State Constitution provides that the Secretary of State must remain permanently at the capital during his term of office. I have been a resident of Nebraska for more than fifty years and believe that I am familiar with the needs and wishes of her people.

The one great question before the American people at present is that of winning the war. If nominated and elected I pledge to President Wilson my most earnest and loyal support in his every effort to bring about that result.

If you believe my past official record and pledge as to future action justify your support, I shall be grateful for it.  
Primary Election, Aug. 20th; General Election, Nov. 5th, 1918.
