In the auto races at Mitchell last Thursday E. N. Smith of this city won second place in two races and third in one, and Albert Preitauer also won two seconds and one third. Each pulled down about \$150. King Riley's car left the track went into the fence and ripped out eighteen posts but he was not injured. Shockley's car also left the track and he sustained a cracked rib.

TWO CARS ARE STOLEN BUT BOTH ARE RECOVERED.

Last Thursday night the garage on the premises of Charles Vernon was broken open and the Hupmobile driven away. The thieves drove the car to the Grant McNeel ranch eleven miles northwest, and leaving it in the main road walked a half mile north to the McNeel building where the lock was broken and the National car taken out.

The muffler on the car was open and this started a dog barking and the noise awakened Mr. McNeel, but by the time he got out of the house the car had reached the main road and was headed east. McNeel at once telephoned to Sheriff Salisbury who hopped into his car and started out to intercept the thief. When he reached a point north of the river he heard a car coming and laid in wait. The stolen car was being driven rapidly and as it approached the sheriff called a halt two which the two men paid no attention, and swerving to one side ran into a post, Salisbury at the same time shooting at the tires. Hitting the post resulted in a slowing down of the stolen car, and seeing that arrest was possible the men jumped from the car and ran into the brush and made their escape. Other than a bent front guard and the breaking of a small rod connecting the frame, the McNeel car was not damaged, while the Vernon car left at the McNeel ranch was not damaged, though covered with mud.

Western Nebraska Stockmen Active.

The Association of Western Nebraska Stockmen which was organized last May is already making its influence felt in that portion of the state.

That it has struck a responsive chord in the minds of stockmen is evidenced by its growth from a mere handful to a membership of over 250 in the two months of its existence. This membership represents practically every county in the state west of the 100th meridian, and the association expects to have a membership of one thousand by fall.

The secretary is now actively engaged in digging out the live stockmen, listing and classifying them according to their interests, and publishing this information in a two hundred page directory, which will be sent free to members and others, supplying him with the necessary information pertaining to their herds.

Besides the directory, the association has succeeded in getting the Durac members together in sufficient numbers to hold a cooperative board sale during the Lincoln county fair at North Platte this fall.

The object of this association is not however, to sponsor any breed, but to lend its influence to the development of all. This is but a beginning. It will be particularly serviceable in discovering and bringing together breeders of similar stock and to work for

stockmen's interests in general. Such an institution is like a telephone, valuable in proportion to the number of people it reaches. It is therefore the earnest desire of this association to reach every stockman in Western Nebraska, worthy of the name.

Parties interested should address, The Western Nebraska Improved Live Stock Breeder's Association, North Platte, Nebr.

Four dollars a day does not seem an attractive wage to the day laborer these days, at least Charley Whelan has been short of men for work on the new bridge for ten days past and is still short. Quite a few men go down and look over the work for which men are needed, but most of them seem to conclude that they are too heavy for such light work—or vice versa. Mr. Whelan is advertising for twenty men.

For Sale.

4 head of horses, 2d hand hay loader, saddle, light work harness, A. F. Streltz.

Card of Thanks.

We wish to thank our friends and neighbors for their kindness and sympathy and the beautiful floral offerings extended to us at the death of our little baby.

Telephone Rates Lower in the United States Than in Europe

Rates for telephone service should be based upon the cost of materials and labor and the kind of service furnished.

Wages paid telephone employees in this country are practically double those paid in Europe for the same kind of work.

Telephone materials also cost a great deal more in America than abroad and the grade of telephone service furnished here is far superior as everyone who has traveled in Europe knows.

Thus, the same materials could be purchased, the same amount of labor employed and service, such as is provided, could be furnished for less money in Europe than in America.

When the cost of operating is twice as much in America as in Europe, telephone rates in Europe, to be proportionately equal, should be only a dollar for service costing \$2.00 in America, and a long distance call costing \$1.00 here should only cost 50 cents in Europe.

Henry Cordes Passes Away.

Henry Cordes, for more than thirty years a resident of the county, passed away Saturday afternoon at the home of his daughter Mrs. Edward M. Hogge south of Hershey. Death was due to kidney trouble and hardening of the arteries and he had been failing rather rapidly for several months.

Mr. Cordes came to Lincoln county in the 80's and homesteaded southwest of town, remaining on the land for about fifteen years when he removed to town.

He leaves a son William, now in San Francisco, and daughter Mrs. Hogge, his wife having died several years ago. Henry was a kindly soul, a great visitor with his friends and a man of integrity and honor. He was past seventy-four years of age.

The funeral was held from the Episcopal church yesterday, Rev. Koch conducting the service. He had been a member of the Lutheran church for many years.

Public Library Notes.

Over 200 books for Camp libraries were shipped from the North Platte library last week. The books were all in good shape and just the kind to please the boys. Among them were forty-three donated by Mrs. Muchlinski and a large number given by Mrs. F. Buchanan.

During the month there has been a large increase in the number of men who have taken advantage of the cool and comfortable reading room.

Mrs. Anna Church will be in charge of the library while the librarian has her vacation.

Applications for Nurses should be returned this week.

Wanted—Men for firemen, steady work, \$100.00 per month. No. Platte Light and Power Co.
