LIGHT VOTE IS CAST AT THE PRIMARY ELECTION.

At the primary election last Tuesday the total votes cast did not exceed twelve hundred, or about one-third of the normal voting strength. The vote in North Platte was even lighter proportionally than in the country precincts. This lack of interest was largely due to the fact that the contests for county offices were not keen, and that none of the candidates did any work either in town or in the county at large.

The exact vote on the candidates could not be obtained for today's issue, but with two precincts still missing, the following figures are given: For the democratic nomination for governor Neville received 413 votes and Bryan 219; while McKelvie republican candidate for governor has a big majority over his opponent. Morehead, democratic candidate for U. S. senator, ran away ahead of his opponents, while the vote for the republican candidates for senator was Hammond 221, Norris 218 and Sloan 131. The vote on legislative representative for this county E. S. Davis 421, Lincoln Carpenter 213, Miss Gantt for county superintendent received 756 votes to Miss Mylander's 418. For county clerk Allen received 482 votes and Miss Lindenmeyer 177. Allen also received forty-three democratic votes and he therefore becomes the democratic as well as republican candidate. This is also true of S. M. Souder candidate for county treasurer. For float representative on the republican ticket Carroll received 290 votes and Doty 266, while on the democratic ticket for the same office Higgins received 351 votes and Beal 233. For the democratic candidacy for county attorney Grant received 351 votes and Baskins 243. For the republican nomination for Sheriff Salisbury had no opposition and for the same office Russell had no democratic opposition. Judge Woodhurst had no opposition as the non partisan candidate for county judge and Springer republican candidate for Commissioner had no opposition within his party.

The county candidates at the November election will be: For treasurer, S. M. Souder; for clerk, A. S. Allen; for sheriff Salisbury republican and Russell democrat; for county superintendent Miss Gantt; county attorney J. T. Keefe republican and John Grant democrat; for county judge W. H. C. Woodhurst; for representative E. S. Davis; for county surveyor Paul Meyer; for county commissioner E. H. Springer republican and Jas. Rose democrat.

Americans are Big Factor. Professional German soldiers like Generals von Blume and von Liebert do not seek to belittle the significance of the American army on the west front.

General von Blume, who is on the retired list, writes an article on the subject which appears in the Rheinische Westfaelisch Zeitung of Essen. He frankly admits that "we have to recognize that the Americans, all in all have done very smart work and it will be a very serious thing if the German army command had to face an American fighting army of millions."

General von Liebert, who was former German commandant at Lodz and who now is military critic of the Taegliche Rundschau of Berlin, tells the public that the American army has actually become a big factor and the debarctions in France are proceeding regularly. General von Liebert says, "The French and British owe their recent success to their trans-Atlantic ally, without whom their offensive would have been doomed to disappointment."
