

## The Newest Styles in Bracelet Watches

A great deal of satisfaction in owning a bracelet watch is in the ornamental value of the timepiece. Clinton's pays much attention to this feature, at the same time being very particular to have each watch an accurate time-keeper.

You will enjoy seeing our display of bracelet watches. Here you will see the latest ideas in round and odd shapes—exquisite little ornaments one will be proud of anywhere.

### ORGANIZE A CENTRAL LABOR UNION IN TOWN.

A central labor union was organized in North Platte Friday evening by H. H. Long, of Grand Island, state organizer of the American Federation of Labor. The local unions represented in the meeting were the painters, barbers, boilermakers and musicians, each of which had previously elected three delegates to this organization meeting, these delegates representing 126 members of those unions.

Officers were elected as follows: R. L. Cantlin, president, Clinton York vice-president, Earl Stamp financial secretary and treasurer, E. B. Payne recording secretary, A. Oval guide, A. O. Swarthout guardian, trustees E. F. Serling for eighteen months, Robert Wicks for twelve months and J. E. Laven for six months.

### Smut Treatment for Wheat.

6,190 acres of wheat will be treated for smut this year, according to definite promises made by Lincoln county farmers to do their part, in this simple way, to help increase production.

According to past experience, this should not a saving of approximately 10,000 to 30,000 bushels of wheat.

Ask Mr. Barber for a demonstration at the Fair Bureau booth on the Fair Grounds.

### Plead Guilty to Gambling.

Perry Sawyer and Frank Boyer were arraigned in the county court Saturday afternoon on the charge of gambling or running gambling games. Both pleaded guilty and were bound over to the district court under bonds.

The information charged them with running gambling games in rooms in the rear of the Carson barber shop and in the rear of the Den cigar store.

### Mexican Fined \$100.

Jose Padilla, the Mexican who was arrested Thursday night at the Commercial Hotel for illegal possession of twenty-five pints of whiskey, drew a fine of one hundred dollars and costs in the county court Friday afternoon. Jose pleaded moneyless and was sent to jail to lay out the fine. In such cases as this the diet should be confined to bread and water, as laying in jail and being well fed is no punishment to a Mexican.

### Save Fruit Stones and Nut Shells.

The War Department has asked the American Red Cross to collect fruit pits, stones and nut shells. The following should be saved:

Peach pits, apricot pits, plum pits, date stones, cherry pits, brazil nut shells, olive pits, shells of hickory nuts, walnuts and butternuts.

All pits and shells must be thoroughly dried, either in ovens or by the sun, before they are placed in the barrels.

These shells and pits are used for making carbon best suited for use as a protection from German poison gas. Barrels have been placed at all the grocery stores of the city for the purpose of depositing these stones and pits. The committee will attend to shipping them to the War Department.

### Mrs. Warner Passes Away.

Mrs. Sarah A. Warner, for many years a resident of North Platte, died at her home in Denver, Sept. 16th. The Denver Post contained this notice of her death:

In the death of Mrs. Sallie A. F. Warner, 2330 Washington street, the community loses one of its oldest and noblest citizens. Next Sunday she would have celebrated her ninetieth anniversary. Her life was full of good work. Altho blind for many years and a constant sufferer, no one ever heard a word of complaint escape her lips.

Mrs. Warner was the widow of the late Rev. Marshall D. Warner. Four sons and a daughter blessed the home, of whom Erwin B. Warner and Mrs. Harriet E. Nickerson, both of Los Angeles, survive. Mrs. Harry Shook, a granddaughter, lives in Denver.

The thoughtless Mrs. Warner was busy with her rugs and quilts until a few days before her death came. Her last work was on a beautiful rug for the Denver General Hospital, No. 21, Aurora. Mrs. Warner was laid to rest by the side of a granddaughter in Fairmount cemetery Thursday afternoon.

### For Rent.

Irrigated farm of 200 acres, five miles northwest of Hershey, under the old ditch. C. R. LAWRENCE, 312 east Third, North Platte.

## Are Shoes Priced too High?

**No! Positively--Emphatically, No!**

**BECAUSE**

Shoes are made from skins of animals which are raised for meat, milk or for beasts of burden—not for their skins. These skins are available for shoes only, as animals are slaughtered for food. Consider the prices you pay for meat!

Kid skins come from the four corners of the earth. Consider ship scarcity.

Leather is not all. Sixty-five other items of materials come from all parts of the world.

Materials are not all! Consider labor! It requires the labor of 300 people and 110 machines to produce a woman's shoe, ready to wear. You know the scarcity of labor and how high-priced it is.

It requires 135 separate and distinct operations to make one shoe—270 to make a pair. Think what it means to make a fine shoe—a Queen Quality.

Manufacturers and merchants have

used brains, skill, scientific methods and honesty in production.

You get more for your money in shoes than any other article of wearing apparel. Compare the wear and hard knocks given to shoes, with any other article. Consider the protection, the comfort and satisfaction you get from your shoes.

Shoes are really the cheapest article in your wardrobe, when you consider all these things.

The shoes of 25 years ago, made as they were made then, would cost many times the prices of today.

Improved machinery, scientific methods and standardization have kept prices of shoes within reasonable bounds.

The conservation policy of manufacturers has kept prices from going to unreasonable heights this fall and winter.

Queen Quality shoes represent a solid standard of value, nationally known.
