

## HOW MANY LIBERTY BONDS DOUGHT YOU TO BUY.

You'd give fifty dollars quickly if it was all that stood between you and spending just one night plugging thru mud up to your knees, with the rain beating down on you, the temperature just about freezing, with no place to get warm, no chance to rest, or ease your body from the grief of a heavy pack, or to get your hands off of an ice cold rifle. Yes, you'd give most all the money you have to escape just one night of that.

Yet your \$50, \$100, \$1000 subscription to the Fourth Liberty Loan will shorten by months the nights that two million and more of American boys will spend like that. How many Liberty Bonds ought you to buy? The man with both legs shot off can say, "I've given all the legs I can." Don't you dare say, "I've bought all the Liberty Bonds I can," until you search your soul to devise means of buying another Liberty Bond.

## Back of these Coats and Suits is a Tailoring Experience of forty-five years

WORKMANSHIP is everything today—without it the finest and costliest fabrics would disappoint; with it even inexpensive materials take on a sharpness and render extraordinary service.

For 45 years our tailors have been gathering garment knowledge—and sewing it into their creations that you may be saved the worry of consulting pattern books and avoid the pitfalls of making to measure. Their knowledge of textures, of style tendencies, of making ways, of incorporating much value into every garment, far exceeds yours, even ours. There is a "know how" inviting confidence and ensuring unfailing satisfaction.

## LIBERTY LOAN CAMPAIGN WILL OPEN MONDAY.

While in many towns in Nebraska and other states the Liberty loan campaign actively began this week, and in some instances towns and districts have already subscribed their quota, County Chairman Temple has followed instructions of the national chairman not to begin soliciting until next Monday morning. Chairman Temple has devoted this week to a publicity campaign which includes mailing a personal letter to every property holder and voter in the county, the general distribution of literature and the supervision of newspaper advertising.

The Union Pacific solicitors have, however, begun their work and report good success. Other buyers of the bonds are not waiting for the formal opening next Monday and are placing their orders for the bonds at the banks. One bank reported the sale of about \$30,000 up to yesterday morning.

For this bond campaign the city and county is splendidly and very effectively organized, and there is not a man in the county who will not be solicited and expected to subscribe according to his property possessions, whether these possessions are city or country real estate or money and mortgages. Lincoln county's quota is \$606,000, which is less than one-fifth the deposits in the banks of the county. These bonds are payable in installments.

The District Apportionments.  
In the Fourth Liberty loan drive the apportionment of subscriptions to the districts are as follows:

North Platte district.....	\$291,000
South part of county.....	91,250
Brady district.....	79,750
Maxwell.....	20,000
Hershey.....	54,000
Sutherland.....	60,000

Total for County.....\$606,000  
Included in the North Platte district are East and West Hinman, Lemon, Hall, Miller, Osgood, Sellers, Plant and Myrtle precincts.

Tonight's offering at the Crystal will be Vivette with Vivian Martin. It presents a good lesson for girls besides being good entertainment.

The old adage, "Do unto others as you wish to be done by," is well exemplified in "Other Men's Daughters," the photoplay in which Miss Peggy Hyland is to appear at the Keith theatre tonight. The play certainly shows that is makes all the difference in the world whose daughter is being trifled with. The picture is a series of stirring incidents.

Presbyterian Rally Day  
Next Sunday is Rally Day at the Presbyterian church. The Sunday school will give a program at the morning service. Classes will be promoted, certificates awarded and recognition of the cradle roll members. Reception of members. The communion of the Lord's supper will be at 8 p. m., instead of 11 a. m. There will be reception of members and baptism. Let all the members and friends take notice and be present. Good music by the choir, Mrs. Gilfoyl leader, Miss McKay, organist.

## Woman's Liberty Loan Notes.

Mrs. Eleanor Wilson McAdoo, national chairman of the woman's committee writes: "The women's committees throughout the country have been largely instrumental in securing the smaller subscriptions—the ones hardest to get, but which mean the most from the standpoint of the awakening of the national spirit, and it is perhaps in this awakening of the people to the necessity of their support of the Government in this crisis that the value of woman's participation in financing the war is most clearly demonstrated. . . . The results of the last campaign have more than justified the belief of the Treasury Department in the ability of women to stand shoulder to shoulder with the men in organizing and conducting the campaigns for the sale of Liberty Bonds and in their right to the title of equal partners."

This week has been educational week for the Fourth Liberty Loan. The Woman's Liberty Loan Committee have marshaled their forces in splendid order and the appointed captains and lieutenants have visited personally every home in this city, listing all women and girls and giving all information concerning the Fourth loan. Next week, beginning Monday, they will again visit these homes for the actual sale of the bonds. Reports coming in indicate a wonderful success. It is impossible in this issue to name all the captains and lieutenants, but this will be done in a latter issue.

Sunday, October 6th, has been designated as Liberty Service Day. It is hoped to make this the greatest "Go to Church" Sunday in the history of the country. An appeal has been made to all clergymen to observe this day.

"Wild Youth" at the Keith.  
When "Wild Youth," by Sir Gilbert Parker, was published it was considered one of the six best sellers of the year. It has now been produced for the screen by J. Stuart Blackton, and has received a tremendous amount of favorable criticism.

The story deals with the familiar call of youth for youth, and proves that the drawing together of people about the same age works as surely as that gravitation pulls the apple from the tree, and that old age which tries to hold back the youngsters of its generation will only be defeated. It is the story of a young girl married to an old man who abuses her, and how she is saved after a runaway accident by a young neighbor. There exists between them, unacknowledged even to themselves, a sort of tacit understanding, a sympathy, unspoken, unobserved, yet strong in itself. Matters seem inextricably tangled when a quick turn of fate leaves the girl a widow. The Chinese servant, Li Choo, plays a prominent part when he lends a helping hand to the young lovers, and the young widow feels she owes him a debt of gratitude at least.

As the story has a happy ending, you are promised an evening of rare entertainment and amusement. We trust you will come early and bring your family with you to the Keith, Monday and Tuesday.

Turkey Will Sue for Peace.  
Washington, Oct. 3.—Germany will be unable to hold Turkey in line. Official quarters were convinced of this fact Thursday when word reached the capital that the Kaiser's government had protested against the Sultan suing for peace.

Germany no longer has any influence in Turkey, officials say. They point out that the crushing defeat of the Turks in Palestine has left the Ottoman government with only one army, that which now is in Transcaucasia, and a small force near Constantinople with which to carry on the war.

## Women in War Work Day.

Saturday, October 5th, has been designated by the Secretary of the Treasury as "Women in War Work Day," for the furtherance of the Fourth Liberty Loan, according to our advice from Mrs. George W. Fuller, our federal district chairman.

In compliance with her request the Lincoln County War Loan Workers, under the direction of Mrs. Frank Buchanan, had planned an appropriate observance of the day in the form of a torchlight parade. However, in order to cooperate in every manner with all organizations in the cause of the Fourth Liberty Loan, the woman's committee accepted the invitation of the Men's Liberty Loan Committee to join with them in one grand parade to be given Monday evening, October 7th, the women to retain the same formation as previously planned.

The committee urgently requests that every Liberty Loan worker take her place in this parade.

The line-up, with the directors of the several divisions, will be the following:
