In a note to The Tribune Congressman Kinkaid says that he has been so closely tied up at Washington during these war times that he has been unable to look after his political interest in the Sixth district. However, he expects to soon leave for Nebraska and will devote the short time intervening before election to his candidacy. For nearly a year Congressman Kinkaid has been steadily engaged at the nation's capital with only a two week's vacation.

## SWEEEPING INROADS MADE BY ALLIES AT ALL POINTS.

Spectacular allied victories on both western and Balkan battle fronts marked the opening of the new week. Following the capture of Laon and La Fere by the French, the British have advanced north and south of Douai in their "pocketing" movement and it is believed they are in the outskirts of this great German base and that the fall of the city will come within thirty-six hours.

Two German salients have been crushed by these victories on the western front.

Camp De Sissonne, the southern boundary of which is more than six miles north of the Aisne river, has been reached by the French.

The smashing of the Laon-La Fere salient by the French makes it impossible for the Germans to make a stand behind the Oise river, as they had evidently planned to do.

On the front northeast and east of Cambrai the Germans made tremendous efforts Sunday to hold up the British advance toward Valenciennes. All were unsuccessful. After a violent bombardment the Germans attacked around Hespres, but were completely repulsed.

(Hespres is only five miles from the Valenciennes-Metz railway, one of the chief arteries of communication behind the German lines.)

The Americans are meeting with stubborn resistance on both sides of the Meuse river, but their progress in this zone will be materially assisted by the French gains further west.

In the Champagne district the French have advanced a maximum of twenty miles, reaching a point on the Aisne northeast of Rheims. According to late reports the French were approaching Reims, an important German concentration point on the north bank of the Aisne river east of Blancy.

Numerous roads converge at Reims and it lies on the Meuse railway. It is a position of vast strategic importance.

Turkey now has been cut off from her German allies in Europe. The Serbs have captured Nish, the former capital of Serbia, severing the Orient railway, the only direct line of communication between Constantinople and the central empires. The Austro-Germans are falling back on Alexandria, twenty miles north of Nish.

During the last month 90,000 Austro-German and Bulgarian prisoners were captured on the Balkan front.

Liberty Loan Special Returns.

The Liberty loan special of the Union Pacific which stopped here on the evening of October 7th, passed through on the return trip Saturday evening. The train stopped here a couple of hours, the band and orchestra accompanying the train rendering a number of selections and W. P. Gurley and others made short addresses. Private Frank H. Blair, who is assisting the registration board, took up a collection from the crowd for the Red Cross and secured thirty-five dollars.

Winter underwear on sale at THE LEADER MERC. CO. at last season's prices. Our cash purchase of over one year ago enables us to save you money.

Close Pool Halls.

According to a popular demand, the board of health yesterday morning ordered all pool halls closed during the prevalence of the Spanish influenza.

It was argued that while the schools had been closed and all other indoor meetings barred, there was no reason why pool halls, which are most frequented, and especially during the evenings, should be allowed to remain open.

## RURAL SCHOOLS OBSERVE JUNIOR RED CROSS DAY.

Reports are coming in daily from the schools giving the record for the celebration of Junior Red Cross Day. Many schools celebrated October 4th, but some were not open yet, then and they with others are planning on a later date.

Miss Gladys Khapp, teacher in District No. 91 and her pupils celebrated Junior Red Cross Day with a good program and they had 35 visitors. Mr. Prior gave the talk on "What the Junior Red Cross Stands For."

District No. 46 is in line for Junior Red Cross work and the teacher, Miss Mabel Conklin, is enthusiastic about the work.

The pupils in District No. 120 raised enough money at the celebration of Junior Red Cross Day to make their school 100 per cent. Miss Florence Romine is the teacher and she prepared a good program for the occasion.

A good program was given by the pupils of District 87 under the direction of Miss Bernice Wright on Junior Red Cross Day. The school is in line for organization with 14 pupils.

Miss Edith Peterson, teacher in District No. 67 reports that they had 4 visitors at their program on Junior Red Cross Day. The pupils of this school are getting ready to be 100 per cent in a short time.

The first school in the county to send in enough money to make it 100 per cent for the new drive is the Baker school District No. 1. The teacher Miss Marie Hanley, remitted \$22.10 for 17 pupils. A number of schools reported having collected the money and they are waiting for instructions as to what to do with it. We say now to hold it but the new directions are to send it to the central treasurer for the county.

Fifty-seven dollars was the proceeds of the Junior Red Cross entertainment held in District No. 3 by Miss Fern Douglas and her pupils. An auction of rabbits and chickens which were donated by the patrons and a great grab bag with 10c a grab were ways in which some of this money was earned. A good program was enjoyed by 14 visitors.

Miss Thelma Brown is the teacher of 17 boys and girls in District No. 48. This school has raised \$21.40 by a social given on Junior Red Cross Day. The program sent in looked especially interesting.

Forty-five visitors listened to the program given by Miss Caddie Mead and the pupils of District No. 58 last Thursday. Over \$30 was taken in at the sale which followed the program. Send us the report of what you are doing. We need it in our work.

WILSON TOUT, County Chairman.

Railroad Men's Subscriptions.

Up to noon yesterday the subscriptions to the Fourth Liberty Loan by the Union Pacific employees of North Platte had reached a total of \$95,450. In the Third Liberty loan the total subscribed by these employees was \$88,000, but as the quota for Lincoln county in the Fourth loan is just double that of the Third, the increase in proportion is hardly as large as it should be. After the soliciting committee had solicited seventy-five per cent of the employees, it was found that the amount each individual was subscribing was so small that even the total of the Third loan could not be reached. With this condition staring them in the face, the committee concluded that the employees who subscribed \$50 must raise to \$100, and those subscribing \$100 must also double. This "working over" has now been in progress for several days and the total of the subscriptions has been largely increased.

Yesterday the local committee received this message from Genl. Manager Jeffers: "There will be no speed restrictions or limited tennage in your movement today and the balance of the week on the Fourth Liberty loan. I trust you will be able to make the most excellent showing."

Up to Saturday evening \$421,850 had been subscribed by ninety-three per cent of all employees on the Nebraska division and \$446,200 by seventy-nine percent of all employees on the Wyoming division. The local committee hopes to make a 100 per cent showing at North Platte by the end of the week.

TELL OF ENEMY'S APPROACH

Certain Birds and Animals Make the Best Kind of Sentinels That an Army Can Employ.

A wounded soldier, asked what had surprised him most in the battle zone, told of finding a robin's nest in an empty shell case.

As a rule birds are the finest sentinels in the animal kingdom. They become aware of approaching aircraft long before man hears anything. Early in the war parrots were kept at the Eiffel tower as sentinels, but they grew accustomed to the sound of enemy planes and were no longer of use. Pheasants always grow restless and chatter noisily if Zeppelins are approaching, even when they are far away, so far that man can hear no sound.

What is perhaps stranger is the fact that such ordinary creatures as pigs should sight a balloon when it is coming over. The "blister" makes no sound, yet, should one appear against the sky, miles from a farmyard, the farmer will be made aware of the fact by the curious antics of his pigs and the clucking of his hens.

Toy dogs always are susceptible to the presence of danger, and many a pet shows uneasiness before a raid. Cats, too, show fear of gunfire and seem to know when danger threatens.

Dogs, birds and horses are very sensitive to sound. Watch the birds during a daylight raid, listen to the dogs, and visit the stable where the horse restfully stamps up and down. But that all animals can accustom themselves to sounds that cause fear is proved by our cavalry horses, dogs that accompany their masters into the firing line, and the robin's nest in the empty shell case.

**TWICE PROVEN.**  
If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's North Platte evidence—doubly proven.  
Geo. W. Weinberger, 721 W. Ninth St., North Platte, says: "Two years ago, I became afflicted with kidney trouble. I had agonizing pains in my back and my kidneys didn't act properly. I was gradually becoming worse and I got stiff and lame, couldn't rest at night and became all run down. Doan's Kidney Pills, procured from the Rexall Drug Store, gave relief from the first and about six boxes in all cured me. I needn't say how gratifying this experience was to me, as I had to lay off for several months from work. I feel Doan's Kidney Pills have saved me from many months of illness."

**OVER FIVE YEARS LATER.** Mr. Weinberger added: "Occasionally I use a few of Doan's Kidney Pills and they always do good work. I still recommend Doan's highly."  
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Weinberger had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.
