Early Christmas Shopping a War Time Duty

The government requests that Christmas shopping be done now. As a patriot, you are expected to obey this request. If you do, and urge your friends to do likewise, you will be doing your part toward keeping uninterrupted the flow of munitions, food and supplies to our armies in France. That is a duty you owe your country in the cause of liberty.

JUNIOR RED CROSS DRIVE THIS MONTH.

The Junior Red Cross membership drive is to be carried on during Oct. All schools which were members of the Junior Red Cross last year ceased to be members on the first of Sept. This is the gist of the new orders received this week. We had expected that the drive for this year would be held in December or in January or during the holidays at the time the American Red Cross is to hold its drive. The National Committee decided that the Junior Red Cross year should extend from the opening of school in the fall and we cannot but acknowledge the wisdom of the decision. Now to carry it out.

Every school in the county should at once arrange for the funds. An amount equal to 25c for each pupil in the school, must be raised. This fund may be raised by direct contributions of the children or by an entertainment, or a sale of donations or by any other suitable method. We are advised not to solicit funds from others than the pupils. One of the information blanks is to be filed out and with the money is to be sent to me. I will approve the blank and forward it to State headquarters at Omaha and they will send the certificate for the school room wall. We will forward the whole amount of money to the treasurer of the Lincoln County Chapter and he or she will send you a receipt for the whole amount and place the money to your credit. We will send you the buttons, one for each pupil in the school.

Remember—every pupil in the school must be a member and 25c must be sent in for each member.

Remember—No one is allowed to spend any Junior Red Cross money except the Chapter School Committee and every cent of Junior Red Cross money must be sent in to the Chapter Treasurer.

Remember—You are always to insist on getting a receipt from the Chapter Treasurer for every bit of money sent in. As a matter of convenience for the present we will receive the money you send to us and turn it over to the Chapter Treasurer for you. Or you may send it direct.

This month is given over to organization. Next month we will have something new to offer.

There will be a meeting for Junior Red Cross workers in the Franklin auditorium on Saturday, Oct. 26th. This meeting is held in North Platte and will open at 2 p. m. Each school is entitled to be represented by the teacher and one pupil. Bring a good Junior Red Cross worker and be on hand at that time. We will ask for a report from every school in the county at that time.

NORTH PLATTE CITIZENS FAVOR UNCONDITIONAL SURRENDER.

At a public meeting held at the court house square Tuesday evening the following resolution was unanimously adopted:

Whereas, the result of armed conflicts for the past three months between the Allied powers and Germany upon the bloody fields of France and in the Balkan states, has been to bring to bay the haughty rulers of the German Empire; and

Whereas, the German Government has accepted the terms of peace as enumerated by President Wilson; and Whereas, the President has now notified the German Government that the arbitrary power which has heretofore been lodged in the Emperor of Germany to disturb the peace of the world, will have to be, either, entirely destroyed or made impotent before peace can be made with Germany;

Therefore, be it resolved by the citizens of Lincoln County, Nebraska, at a public meeting assembled that we heartily endorse such stand taken by President Wilson in his late reply to the communication of the German Government;

Be it further resolved that an unconditional surrender of the armies of the Central Powers and of Turkey must be brought about and that no compromise ought to be accepted.

That a copy of these resolutions be sent to the President.

Following the adoption of the resolutions, J. G. Beeler made a brief but very forcible address. Music for the occasion was furnished by the drum and bugle corps.

Harry Churchill Dies.

Harry Churchill, a North Platte boy in training at Camp Dodge, died Tuesday of influenza. His wife had been notified of his illness and was on her way to Camp Dodge when death occurred. He leaves a wife and two children.

Chris Johnson Passes Away.

Chris Johnson, for many years a resident of North Platte, died Tuesday at his home fourteen miles northwest of town. For a number of years Mr. Johnson was employed as a train and engine crew caller, resigning ten or more years ago to live on a homestead. He was sixty-seven years of age.

The funeral was held yesterday afternoon.

Directors for Red Cross.

Fifteen directors will be elected at the annual meeting of the Lincoln County Chapter of American Red Cross at the court house October 23. The polls will be open at 1 p. m. and close at 6 p. m. Any member of the Lincoln county chapter will be entitled to vote on the presentation of their membership card.

On or before 10 days after the election of directors, the executive committee shall be elected by the board.

Printed notice of all meetings shall be published in the newspapers at least five days in advance of the meeting.

No matter what Furs you want— We can supply them

PEACE TALK DOES NOT EFFECT ARMY PREPARATIONS.

The military deficiency bill, carrying \$4,345,755,000 for the enlarged war program, was reported to the house Wednesday by the appropriations committee. It provides \$6,152,002,000 for the army; \$187,217,000 for the navy and \$70,000,000 for family allowances of soldiers and sailors.

An army of 5,000,000 men, 80 divisions in France and 18 in training at home by July 1 next is what the new army program calls for. To prepare and maintain it, the amount now proposed is sought in addition to \$17,500,000,000 provided by the annual army bill and the fortifications bill. It will

bring the total of appropriations and authorizations for the year up to \$30,000,000,000.

VOTE FOR KEITH NEVILLE

NEBRASKA'S WAR GOVERNOR

BECAUSE

1. Every pledge made to the people has been fully and faithfully redeemed.
2. He has given whole hearted support to the Federal Government, and his experience is an asset in the prosecution of the war.
3. He has made it possible for Nebraska's heroic sons in the service to exercise the right of franchise, and has protected their property rights in their absence from the State.
4. He will exert every effort to protect the people of Nebraska from organized profiteering.
5. He has vigorously opposed all things calculated to embarrass the Government in the prosecution of the war.
6. His administration has been clean, honest and businesslike, free from graft, favoritism and ostentation.
7. The General Fund levy for 1918 has been reduced to three mills, and the amount raised in taxes for the General Fund, will be the least raised in thirty years.
8. Hundreds of thousands of dollars were saved to the farmers through the embargo placed upon seed corn in 1917. The price per bushel in Nebraska ranged from \$3.00 to \$5.00, while in Iowa and surrounding states, the prices reaped by seed speculators ranged from \$5.00 to \$12.00.
9. He appointed a committee of prominent stock feeders to confer with the Federal Food Administration, and a market for heavy beef cattle was created, averting disaster to the stock feeding industry of Nebraska.
10. The State Hail Insurance law has been administered in an efficient and businesslike manner, and all losses sustained by policy holders during the past season will be paid in full. No other State selling hail insurance has ever paid 100 per cent of its losses.
11. The Seed Analysis Branch of the Pure Food Department has, during Governor Neville's administration, made more than 5,000 seed tests, without cost to the farmers of Nebraska.
12. Being advised that there was a shortage of hog cholera serum and virus, and that Nebraska hog raisers were experiencing difficulty in securing prompt delivery of the product, Governor Neville recommended to the Regents of the State University, that the state serum plant be reopened. The Regents acted favorably upon the Governor's recommendation, and immediately directed the reopening of the plant.
13. Prohibition has been energetically enforced throughout the State. There have been 4,527 prosecutions and fines have been assessed aggregating \$125,000.00.
14. He was born and reared in Nebraska, and understands the needs of the people.
15. It is unwise to change horses in the middle of a stream.

Nebraska has excelled all other states in the amount of war work endeavor. The re-election of Governor Neville will mean a continuation of this work.

Restock the World's Barnyard

According to the U. S. Food Administration there are one hundred and fifteen million fewer meat animals in the world than there were at the opening of the year 1914.

This includes cattle, sheep and swine. Fowls have suffered yet more severely.

The close of the war will find Europe almost destitute of meat and dairy animals.

Mr. Farmer, your duty is clear. Help to increase the domestic livestock population. If you need funds to produce more or better stock tell us your story.
