

Christmas 20 Days Earlier. It is Now Time to Shop.

By government orders, shipment of Christmas gifts out of town should be made before December 5th. That makes Christmas almost three weeks early for many of your gifts. For the boys in France, you must purchase much earlier. These presents must be sent by November 15th. This store is ready with a plentiful supply of appropriate Christmas presents. If you are not ready to complete the purchase now, you can have any article put aside for you by making a small deposit.

WATCHES

The gift of a watch is more appropriate than ever this year. With the many extra duties everyone has, it is extremely important that no time be wasted. The accurate watch is the chief factor in making every minute count to the utmost.

BRACELET WATCHES

Beautiful, round and odd shapes, in solid gold and filled gold cases. The best Swiss and American movements—\$12.50 to \$40.00. A special value in a small movement, in a 20 year case—\$16.50.

MILITARY WATCHES

Dependable timepieces, the best American makes. Both plain and illuminated dials. Unbreakable, non-explosive crystals. Wrist watches will be packed for safe shipment through the mail, if you so desire.

MEN'S WATCHES

A splendid stock to select from, at a time when the demand is great, and factory production seriously curtailed because of war work. Standard American movements, with the best made cases, carefully tested after casing. \$7.50 to \$75.00

The Government says buy useful Christmas presents, a set of China would make a useful and very acceptable present. CLINTON, the Jeweler.

ROY BUNNELL TELLS OF RAILROADING IN FRANCE.

Sergt. Roy F. Bunnell, of the 61st Engineers, writing from Rennes, France, says:

"Well, Mr. Bare, I have seen a lot of country since I left dear old North Platte, and I am now more than ever convinced that she stands at the top of the list. I certainly will be glad when I get back home. France however, is a great country—hilly and rough. They have a good double-track railroad, but the motive power is very poor. The engines have no cabs, just a windshield in front of the engineer and as there are no seats, the engineer stands up all the time. The cars are small—about one-third the size of those on the Union Pacific. We get all the oil we want for our engine, but coal is very scarce and costs eighty dollars a ton. Small trains are handled so that good time can be made, and we never fail to make the schedule time. The French don't seem to understand how we can make the running time we do. Railroading in this country is where it was in the United States thirty or more years ago.

At this date, October 15th, things look good, and we may be home sooner than we expected. Give my best regards to all my friends."

Ship Fruit Pits and Shells.

Three barrels of fruit pits and nut shells were shipped out by the collecting committee last week and two more barrels will be shipped this week. These pits and shells are used by the federal government in producing carbon which when placed in respirators save the lives of our soldiers by absorbing German poisonous gases. It may seem trivial for you to save a hand full of pits or shells, but if each household in North Platte contributes a hand full the aggregate becomes great. All over the country these pits and shells are being saved and as a result thousands of barrels of them are being converted into carbon. Do your bit.

Austrians Suffer Frightful Loss.

The Austrian retreat under pressure by the Italians and their allies northeast of the Piave river has taken on the appearance of a rout at several points. The fighting is fast and terrific and the Austrian losses are assuming appalling proportions. It is estimated that up to Wednesday night 25,000 prisoners have been bagged by the allies, while the killed and injured is more than double this number.

The Italians are now fully ten miles east of the Piave, the greatest progress being made east of the Monticane river. Austrian prisoners taken were in ignorance that their country and Germany had asked for peace.

Turkey Will Open Dardanelles.

Amsterdam, Oct. 30.—According to a Constantinople dispatch, reports are current that Turkey, under the peace negotiations has invited the allied fleet to enter the Dardanelles. Troops are not to be landed, it is said, with the exception of a small detachment to supervise the demobilization of the Ottoman army.

The Constantinople newspaper, Ikdam, on Sunday printed a statement from a "competent source" that Turkey had commenced official peace negotiations with the entente, adding that delegates already had left the Turkish capital. In other quarters in Constantinople, however, it is declared the negotiations are unofficial.

DRAFT CALL EFFECTIVE NOVEMBER 11th TO 15th.

Ninety-three Lincoln county boys who were called to leave for Camp Kearney, Cal., last month, but which call was suspended by reason of the prevalence of the influenza, will leave for that camp within a five-day period beginning November 11th. The order re-instating the call was received at Lincoln from Washington Wednesday and from Lincoln it was sent out to the local boards yesterday.

A couple of changes in the list of men selected and as published will need to be made on account of exemption and inductions, but with these exceptions the ninety-three boys will leave for San Diego week after next.

Wileox Endorses Judge Letton.

Mr. Editor:

There will appear on the ballot next Tuesday the names of six candidates for supreme Judge, each voter is expected to vote for three.

By reason of the fact that Judge Perry is known to so many of the voters that he lives in Western Nebraska, and is so well qualified it is conceded that a very large proportion of the votes will be cast for him.

I want to say a word for Judge Letton, who is also a candidate and who I trust will also receive a large vote.

Judge Letton has lived in Nebraska ever since it has been a state. He was a lawyer for many years at Fairbury, Nebraska; was the district judge for several years in that district, and has been on the supreme bench of Nebraska for ten years. Judge Letton is an able, honest and a very conscientious Judge, and no better man can be elected to the supreme bench of Nebraska.

The Suffrage Amendment.

County Council of Defense, North Platte, Nebraska, November 1st, 1918. To the Voters of Lincoln County:

The most important question that comes before the voters at this election is the proposed amendment of the State Constitution of the section relating to suffrage.

Under the present constitution the foreign born emigrant may vote and hold office if he has been a resident of the state six months before the election and has declared his intentions of becoming a citizen of the United States 30 days before the election.

Under this provision of the state constitution the foreigner is permitted to vote and hold office and make laws under which we live and yet detain his citizenship in the country of his birth, and in the present war, claim exemption on the ground that he is an alien.

The proposed amendment to be voted on at this election denies the right of suffrage to any person who is not a fully naturalized citizen of the United States or native born.

Be sure and cast your vote for this amendment and put a stop to alien enemies voting and holding office in this state.

Respectfully,
T. C. PATTERSON, Chm.

China plates, all sizes, tea cups and saucers, oatmeal dishes, soup plates, sauce dishes, bakers, casseroles, platters, sugar and cream pitchers in sets or by the dozen. CLINTON, the Jeweler.

Stop that cough now—Elkoy's White Pine, Tar and Wild Cherry Cough Syrup. Sold at THE REXALL STORE.

\$8.95

at the

Shoe Market.

Expression of Thanks.

We desire to thank each and every person, whether they be a chairman, committee man, banker, Home Guard, pastor, newspaper man, four minute men or in fact every man, woman and Boy Scout who helped and assisted us in putting the 4th Liberty Loan over with the good margin of \$156,000. Your work was a worthy one, you did fine and we shall expect to call on you again—if needed. We remain yours for anything Uncle Sam wants us to do.

Respectfully,

C. F. TEMPLE, County Chairman.
J. E. SEBASTIAN, Deputy County and City Chairman.

Now is the right time to lay in your winter supply of outing flannels. Plain white, greys and fancies on sale at THE LEADER MER. CO. at 18c, 20c, 25c, 27 1/2c and up. Big line to select from.

State Ban Off Tonight.

A Lincoln dispatch says: Friday night, November 1, at 12 o'clock the ban upon public gatherings ordered by the state board of health will be lifted and from then on until further orders one may go to church, picture shows or even political meetings without fear of getting in bad with the authorities.

Local authorities of cities and towns still have the power to continue the ban if they decide that the public health demands it. This is the ruling of the state board of health and means that things will be as they were before the order was made.

We have cash customers for well located live and six room cottages and bungalows. If you wish to make quick sale list with BUCHANAN & PATTERSON.

A Word for Grant Martin.

Nearly every man can recall some one who was good to them when they were boys. Honorable Grant Martin, one of the candidates for the Supreme bench was good to me. I have known him and his people for nearly forty years. His record is clean. He comes from good stock and his qualifications are such that the voters of Nebraska take no chances in supporting him at the polls next Tuesday. His four years as Deputy Attorney General and four years as Attorney General as well as his present position as one of the Commission of the Supreme Court qualifies him without question.

I most earnestly ask the voters of Lincoln county to support Grant Martin as one of the three members of the Supreme court to be selected. Yours for unconditional surrender.

E. S. DAVIS.

Rexall Cold Tablets. A safe and reliable remedy. Sold only at THE REXALL DRUG STORE.

POLARINE

FEEDS FREELY IN FREEZING WEATHER

NO MATTER if the road is obstructed with ice and snow, your car has the energy to plough through, if Polarine is keeping every moving part friction-free, every cylinder clean.

Polarine feeds freely in cold weather. It is non-congealing, non-carbonizing; free from grit and acid. Polarine is made at zero temperature. It is acclimated to freezing weather, yet it withstands intense engine heat.

Fill your crankcase with Polarine, and watch the car respond. Look for the sign.

Red Crown Gasoline is the most economical cold weather fuel.

At every good garage and service station.
