SCHOOLS TO OPEN MONDAY STRICT QUARANTINE ENFORCED.

City Physician Redfield stated yesterday that the influenza ban will be lifted Monday morning, the schools re-opened, picture shows and public gatherings permitted. In doing this, however, a strict quarantine will be enforced on every residence where a case of flu exist. The board of health is of the opinion that a strict quarantine of infected homes will do more to prevent the spread of the disease than the plan which has been pursued for the last three weeks, namely, keeping the schools and picture houses closed and preventing public gatherings, yet not quarantining infected houses and allowing neighbors and friends to run in and out and permitting unrestricted running about of members of families where the disease exists.

City Physician Redfield stated yesterday that there were about thirty cases of the disease in town, and that he did not think that at any time there had been more than that number. He said that several of the deaths that had occurred had been through lack of nursing.

The removal of the ban next Monday will be somewhat experimental. If it is found that the disease spreads the lid will again be put on even tighter than it has been.

Troops Ordered to Hold On.
German troops have been ordered to hold on at all costs to enable the German diplomats to strike a favorable peace bargain, if possible, according to news from the battle front.

The Germans are making the most stubborn resistance, in spite of the important French advance west of Rethel, which is imperiling anew the German lines of retreat eastward.

LACK OF NURSES MAKE INFLUENZA CONDITIONS SERIOUS

The Spanish influenza in North Platte shows some increase this week, from five to eight cases being reported daily. The worst feature of the disease is the lack of nurses. In some of the households both mother and father have been stricken and with children too small to be of service these patients are suffering from absolute neglect. President Seeberger has called on those women who registered as home nurses, but the response from the registrants has been anything but encouraging. They respond by saying that they want to do army nursing and not home nursing, yet they registered as home nurses. Perhaps they did not understand for what service they registered. Every day President Seeberger has call for nurses and he has been unable to secure any. This, as we have said, is the bad feature.

Physicians in the city, now so depleted in number by reason of several going in to army service are almost run to death. Wednesday night at ten o'clock one physician said he had made ten calls since supper, and he had a number yet to make before he retired for the night.

The detention hospital opened Tuesday with three patients, the fourth was taken there Wednesday and yesterday two more were added. Six is the present capacity of the hospital, and no more can be received until some of the present patients are discharged.

President Seeberger, of the Red Cross, said yesterday that unless conditions improve, people of North Platte must volunteer their services as nurses, for which service they will be well paid. He had information that one patient had died of the disease largely through neglect. As humane people we cannot allow such to occur.

White is for Hoagland.
Sutherland, Neb., October 31, 1918. To Lincoln County Voters:

I guess I am one of those who would sign a petition to hang myself. I notice that A. R. Leavitt is publishing an endorsement for state Senator with my name attached. I signed a petition in Sutherland one day as I thought, for some democrat to get on the ticket. I don't know who it was.

I want the people to understand that I am not supporting A. R. Leavitt for state senator. While I am a democrat, I believe Senator Hoagland accomplished more for our district than any one we ever had in the senate. His experience will do the work now. He is honest and loyal to our farmers and stock interests. He is 100% American. If we want to accomplish something, let us get the man who knows how to do it. Mr. Hoagland's previous work ought to get him the unanimous vote of our people regardless of political parties. Let us give it to him.

Yours for the Kaiser's scalp.
D. B. WHITE.

OLD RESIDENT OF COUNTY PASSES AWAY MONDAY

James Herman VanBroeklin, for thirty-four years a resident of Lincoln county, died at his home in Well precinct last Monday morning at the age of nearly seventy-four years. Death was due to diabetes and gangrene.

Funeral services were held at the school house in his neighborhood Tuesday, conducted by Rev. J. H. Curry, of the Presbyterian church, and the body brought to this city to be laid by the side of his late brothers Martin and DeWitt VanBroeklin. The pall bearers were George Schrecongost, Chas. Girkin, Joseph Kuester, John Reimus, Frank Votaw and Eli Votaw, all old-time friends.

James Herman VanBroeklin was born in Oneida, Madison Co., New York, Dec. 4th, 1844. He spent his early life with his parents on a farm. Arriving at the age of manhood, he followed the profession of a civil engineer and was for several years in the southern states employed on railway surveys and construction work. He also spent several years on a survey of the Aurora Road in Peru, South America, said to be the most costly, difficult and expensive road in the world. Later on he was resident engineer on the Tehantepec railroad in Mexico, and assistant engineer on the Meruan Central, during its construction.

In 1884 he retired as civil engineer and came to North Platte and associated himself with his brothers locating on what is known as the old Van Broeklin ranch and has lived in Well precinct continually ever since.

His living relatives in Nebraska are a sister-in-law, Mrs. Zella Van Broeklin, a nephew Martin VanBroeklin, two nieces Mrs. Geo. Mang of North Platte and Mrs. Jessie Spitzer of Sterling, Colo. He also has three sisters, Mrs. Mary New, of Syracuse, N. Y., Mrs. Agnes Hitchcock of La Grange, Ill., and Mrs. A. D. Orr, of Fresno, Cal.

"The White House, Washington, D. C., Oct. 28.—Hon. Edward P. Smith, Omaha, Neb.: I cannot refrain from expressing my deep interest in the election of Mr. Morehead to the United States Senate.

"I not only know something of his quality but I have more particularly in mind the delicate and difficult tasks immediately ahead of the congress and am convinced that it would be of the utmost value, not only to Nebraska but to the country to have a man of his quality and principles in the senate. We need men with just his steadfast loyalty to the cause which now stands in need of unfaltering support."

TEN YEARS' EXPERIENCE AS JUDGE OF THE SUPREME COURT

CANDIDATE FOR RE-ELECTION

McCook REPUBLICAN: "Judge Rose has been serving as a Judge of the Supreme Court since 1908 and has made a most creditable record on the Bench as well as in every position he has ever held, administering the affairs of that position without fear or favor."

NEBRASKA DEMOCRAT (August, 1918): "Judge Rose is broad. He does not jump at conclusions. His motto is to give every party in his court a square deal and that is all the American people want. The judge is in the prime of life, strong, robust, healthy and a constant student."

TECUMSEH CHIEFTAIN: "It can be said of Judge Rose that he has uniformly discharged the duties of his high office with rare ability and has contributed powers of analysis and discrimination to the court which have been of inestimable value to the state."

DEMOCRATIC NOMINEE
FOR CONGRESSMAN
SIXTH DISTRICT

NOW SERVING A SECOND TERM AS SECRETARY OF STATE

We must win the war—not by peace treaty but by absolute and unconditional surrender of our enemies. If elected to Congress it will be my pleasure to assist the President in his every effort to win the most righteous war that was ever waged by any nation.

President Wilson carried every county in the Sixth District in 1916, his majority being 12,642. He should have a Congressman from this district to assist him in the reconstruction days which will follow the war.

I Will Appreciate Your Support
Election Tuesday, Nov. 5

Meaning of Democratic Success IN NEBRASKA.

WILSON SAYS:

"If you have approved of my leadership and wish me to continue to be your unembarrassed spokesman in affairs at home and abroad I earnestly beg that you will express yourself unmistakably to that effect by returning a democratic majority to both the Senate and House of Representatives.

If the control of the House and the Senate should be taken away from the party now in power an opposing majority could assume control of Legislation and oblige all action to be taken amidst contest and obstruction.

The return of a Republican majority to either House of the Congress would more-over be interpreted on the other side of the water as a repudiation of my leadership."

Democratic Success Means:

The re-election of Nebraska's War Governor, **KEITH NEVILLE**. He has faithfully redeemed his pledges and his experience in coordinating state with Federal war work is an asset in the prosecution of the war.

The election of **W. B. BANNING** for Lieutenant Governor. He is a successful business man and farmer and is a member of the State Board of Agriculture and the State Horticultural Society.

The election of **HUGH L. COOPER** for Secretary of State. He has been deputy for nearly four years and is familiar with the duties of the office.

The election of **J. S. CANADAY** for State Treasurer. He has been treasurer of Kearney county for two terms and is president of the Farmers' Grain and Live Stock Association of Nebraska.

The election of **EUGENE P. MUMFORD** for State Auditor. He was private secretary for Ex-Governor Morehead and has since been engaged in the abstract and insurance business. His ability and experience qualify him for the office.

The election of **GEORGE W. BERGE** for Attorney General. He is a well known lawyer and his election will place the legal department in able hands.

The re-election of **G. L. SHUMWAY** for Land Commissioner. His record is above criticism.

The election of **EDW. C. SIMMONS** for Railway Commissioner. He is an expert Civil Engineer and is eminently qualified to render valuable service in this office.

The election of **EX-GOVERNOR MOREHEAD** to the U. S. Senate. No man is more familiar with the State of Nebraska and its needs than Mr. Morehead. His administration as Governor is conceded to be one of the most successful and strictly business-like the state has ever enjoyed. He will whole-heartedly support the president in the prosecution of the war and reconstruction measures.

The election of **CHAS. POOL** to Congress from the 6th District. The president needs his assistance in congress and his election will mean that the people of this district are truly represented in congress.
