

## Good Presents For Soldiers

Clinton's has given special attention to securing practical articles for soldiers which will make the best Christmas gifts you can send to them. We have been particular about the quality. It is the kind that will give good service. These things are not too large or too heavy to put in the official container for men in France. Packages for men in France must be in Hoboken, N. J. not later than November 20th.

### CITY WAR WORK CAMPAIGN POSTPONED UNTIL TODAY.

On account of the celebration, the opening of the united war work campaign to have started yesterday morning, was postponed until today. At nine o'clock this forenoon the city solicitors began their work, as did also the railroad employees' solicitors, and before Saturday evening it is hoped to report that North Platte has gone handsomely "over the top" on its quota.

The work is reported to be progressing nicely in the school districts. Up to yesterday noon three districts had reported and each one had gone over the top.

County Chairman Weingand desires to impress upon the people that the armistice has been signed, firing ceased, and the end of the war has practically come, that the need of funds for war work activities has not in the least been lessened.

#### The Election Had Its Effect.

Editor of Tribune:  
Ten days ago there as much said in the public press in regard to the influence the election would have upon the war; it was stated generally by the administration press that a republican victory would cause joy in Berlin, and thereby prolong the war. The result of the election is an over-whelmingly majority in the national house of representatives, and a safe majority in the senate.

The election evidently did have an effect upon the war. The Kaiser has since abdicated, and the armistice is signed.

In my opinion if we had not heard so much two or three years ago about "keeping us out of war" "too proud to fight" "I did not raise my boy to be a soldier," etc., that the Lusitania would never have been sunk, and not an American soldier would have crossed the sea.

W. T. WILCOX.

#### Bill Flees to Holland.

The arrival of William Hohenzollern the former German emperor, with his wife and oldest son, has caused excitement and much uneasiness among Dutch authorities and the public of that country, says a Rotterdam dispatch. It is unofficially stated that the refugees did not obtain authorization from Holland to enter the country and crossed the frontier in the neighborhood of Eysden because the Dutch neutrality guards were weak at that point. It is said that the Dutch government faces difficulty as to its treatment of the unwelcome guests. Many people contend that William Hohenzollern and his eldest son are still German soldiers and must be interned. Others urge that they should be sent back to Germany. Others argue that they cannot be prevented visiting their old friend, Count von Bentinck.

# "Gee! I wish there was something I could do!"

**WHEN** you think of what the boys "over there" are doing to help the great cause of freedom, wouldn't you just give anything to be there and help them? Wouldn't you fairly jump at the chance to do anything in the world to back up the men that are fighting?

You can't be there yet, of course, but there is a place for a boy who wants to help our country, a place where he can show the stuff he is made of as well as he could over in France.

There is a new opportunity for boys who want to do their share toward winning the war. It is called the *Victory Boys*. Its motto is, "A million boys behind a million fighters."

The organizations for which the *Victory Boys* are working provide the soldier with his movie theatre, his church, his club, his store where he buys the little everyday things

feed him; when he is tired, they comfort him.

When you enroll with the *Victory Boys*, you pledge yourself to go out and earn money for this great work that the soldier needs so much. Ask your neighbors for odd jobs. Tell them of the great cause you are working for. If you can pledge yourself to earn \$20, remember that for five months you are taking care of one soldier—*your* soldier.

Wear the *Victory Boys* button—it is a badge of honor. It means that you are doing everything in your power to help your country
