Defention Hospital Ordered Closed. At the meeting of the city council Tuesday evening the Red Cross was notified that the detention hospital in the city fire building must be closed within ten days. The cost of operating the hospital, part of which was borne by the city, was considered too heavy, and in addition to this the members of the fire department seriously objected to the use of the building as a hospital. Yesterday there were two flu patients and one diphtheria patient at the hospital, the diphtheria case having been taken there without authority from those in charge.

The Oakland Sensible Six TOURING CAR

On the firm foundation of its service record in the hands of upwards of 100,000 owners, rests the fact that this Oakland Sensible Six Touring model costs less to own, operate and maintain than any other automobile built.

Price \$1,185 Delivered at your home.

Year after year an overwhelming majority of motorists have chosen the fulltonneau passenger car for its many practical features. It is the selection of most homes where automobiles are used. It affords the amount of room required by a large majority of families, and in its main characteristics measures to the popular idea of a car for constant service.

The high-speed over-head valve Oakland Sensible Six Engine delivers 44 full horse power at 2600 r. p. m., or one horse power to every 48 pounds of car weight in the Touring model. Oakland owners regularly report gasoline returns of from 18 to 25 miles per gallon and records of from 8,000 to 12,000 miles on tires.

We are now ready to show and demonstrate the 1919 Oakland to you. Make an appointment to ride in this greatest of all family car.
