"JIM" CLINTON PREFERS GERMANY TO FRANCE.

Writing from Rhinebrohe, Germany, to the home folks under date of January 14th, "Jim" Clinton says in part:

"At last I am back with my regiment and enjoying life in Germany. We went from the convalescent camp to Toul, where we received new equipment. Spent one day there and then started on our trip, going thru Metz, Luxembourg and Coblenz. We changed trains and had a fourteen-hour lay over at Coblenz. We expect to remain at Rhinebrohe for some time. We are on the bank of the Rhine and all they say about the beauty of the Rhine is true. This is indeed some different from France, and is the nearest like being in the states of any country I know. The prices for commodities are reasonable. We are short on soap, sugar and bread, but otherwise it seems things are fine. One can understand why Fritz put up such a good fight when you see the railroad facilities here and the amount of shipping on the Rhine. The change was noticeable as soon as we crossed into Alsace-Lorraine, and as long as I am abroad I am content to stay here instead of in France, where we have electricity, running water, cleanliness and beauty. The people treat us fine and we are "sitting on the world." Me are sleeping in beds once again."

Big Crowd at Reception.

The reception tendered returned soldiers and sailors by the Sammy Girls at the Elks' home Friday evening attracted a big crowd notwithstanding the stormy weather. Many of the returned boys were present, as were also relatives of the boys, and there was a good turnout of citizens at large. The program given in the lodge room consisted of vocal solos by Mrs. Arthur Trapp, Miss Sadie Trovillo and Paul Harrington, cornet solo by Earl Stamm, violin solo by Trevelyn Doucet and readings by Miss Walthemath and Miss Kelly. At the conclusion of the program the lodge room was cleared and dancing was indulged in until midnight.

About eleven o'clock a trainload of sailors enroute to New York arrived from the west, and about a hundred of them were brought to the hall by Caution workers.

Upon arrival it was announced that the floor would be exclusively for the use of the soldiers and sailors, and for an hour the only men on the floor were those wearing the O. D. or the blue.

Cake and coffee was served in the dining hall, and my how those jackies did eat cake.

As a whole the reception was very successful and pleasant.

Father and Son Week.

Today opens the Father and Son week which will be observed all over the country. Under the program outlined, the father and son will spend this evening at home with games and personal chats. Tomorrow evening a dinner will be served in the basement of the Presbyterian church with toasts by both father and sons. Thursday evening there will be a conference meeting of fathers and sons at the Franklin auditorium, when plans will be discussed for providing clean amusement for the young people of the city. Friday will be recreation day and Sunday fathers and sons will go to church together.

Pay Checks Reduced.

Enforcement of the eight hour schedule has been general on the railroads in the west with the result that many employees who were paid on an eight hour basis but who actually worked a greater number of hours, have had the figures on their pay checks much reduced. In many instances the reduction has been as much as one-sixth of the amount formerly drawn, and in a smaller amount of cases it has reached one-fourth of the amount formerly drawn.

More Deadly Weapons.

Boston, Feb. 9.--Secretary of War Baker warned a large audience here tonight that "unless the league of nations idea prevailed, scientists would invent, for another war, weapons of destruction beyond the comprehension of those who fought in the recent world conflict."

He said he knew of an invention that was being perfected which would enable men to drop electrically controlled bombs containing 500 pounds of explosives upon unprotected cities 150 miles distant. These implements, he said, would kill thousands.
