

**MRS. EVA BALDWIN DIES AT LOS ANGELES SUNDAY**

Mrs. Eva Baldwin, widow of A. S. Baldwin, for many years a resident of North Platte, died at Los Angeles Sunday, and the funeral will be held in that city today. This information was received yesterday by the local chapter of the Eastern Star, of which the deceased was a member.

Mrs. Baldwin, who made her home with her sister in Los Angeles, had been sick for over a year, suffering from erysipelas which had greatly reduced her in weight and which seemed to gradually waste her strength and vitality.

The passing away of Mrs. Baldwin will be regretted by North Platte friends. She was of the highest type of womanhood — intellectual, courteous, charitable, and altogether a woman who would be highly regarded in any community.

The girls' basket ball team of the Brady schools came up this morning and will visit the state farm, the four mill and other North Platte industries. They will return to Maxwell this evening and play a game with the girls' team of that village.

The Episcopal guild will meet in the church basement Thursday afternoon. The entertaining committee will be Mesdames Purdy, Hatch, Robinson and Bean.

**Harcourt Sells Business**

Wm. E. Harcourt who has owned and conducted the Harcourt Clothing Co. for several years, sold the business yesterday to John H. Edwards and E. W. Reynolds. The purchasers are experienced clothing men. Mr. Edwards for a number of years has been the western representative of the David Adler Co., of Milwaukee, one of the largest clothing manufacturing concerns in the country, and during Mr. Harcourt's army service has been looking after the interests of the store. He moved his family from Omaha to this city several months ago. Mr. Reynolds came here from Beaver City, where he had been engaged in the clothing business for a number of years, and had since been in the employ of the Harcourt Co. Messrs. Edwards and Reynolds are two live wires and are certain to do a good business.

Mr. Harcourt retires after a very successful business career in North Platte. He has been progressive and popular, and has earned the good will of the people. His plans for the future have not been fully outlined.

Mrs. Fred Baker, of Omaha, is a guest at the C. S. Clinton home, having arrived Saturday. Mrs. Baker was a former resident of North Platte.

**LABOR UNION MEN ARE HERE FOR A CAMPAIGN**

C. W. Black, a member of the American Federation of Labor, and also a member of the Allied Press Association of Boston, and H. H. Long, business agent of the Grand Island labor unions and organizer for the American Federation of Labor, arrived Saturday and will remain for several weeks conducting a campaign in the interests of organized labor and the business men of the city. Messrs. Black and Long will feature a closer co-operation between organized labor and the business men; believing that through such the interests of both will best be served. The greater volume of business a merchant does, the greater number of employes he needs, and the higher salaries he can afford to pay, and steady employment and good wages are two of the cardinal principles of organized labor. Another feature of the campaign here will be to have merchants handle exclusively, or as far as possible, union made merchandise, and by so doing merit and receive the trade of all North Platte union men. Mr. Black believes that the home merchant deserves the trade of home people in preference to mail order houses, and he is strongly of the opinion that a closer co-operation of merchant and organized labor will result in greater home patronage.

During the visit of Messrs. Black and Long in the city they will make a number of addresses before the Central Labor Union and before individual lodges of organized labor.

LeVino, scenario writer for Metro collaborated with Mr. Lytell. This was not the actor's first attempt as he had aided in writing the script of "No Man's Land." **THE PLACE TO BUILD.**

**Trustee's and Riverdale Additions**

The above are the only additions to North Platte, on the market, where residence lots are improved with **cement sidewalks, water and gas mains, graded streets and sewer.**

The sewer is much deeper in the ground, because the sewer system runs eastward, hence deeper basements may be built in this part of the city.

These improvements make these lots the most modern and sanitary of any in the city. Many beautiful homes have already been built, and others will be built this year, in these additions.

The location, too, is good, the lots being in the best additions to the city and being but from 7 to 10 blocks east of Dewey street.

To reach the business district it will never be necessary to cross railroad tracks, whether the Burlington builds or not.

All the lots shown upon above map, which have prices marked thereon, are for sale at said prices. All other lots have been sold.

A 5% discount will be given for cash, or lots will be sold on easy terms to suit purchaser.

**Liberty Bonds** will be accepted, at full value, in part or full payment, of any of the above lots.
