Miss Wallin has arrived from Kansas City to accept a position in the McVicker millinery shop.

Pete Souder, who is a member of the crew of the battleship Oregon, now stationed at the Norfolk navy yard, is home on a sixteen-day furlough.

Miss Irma Bradley, who is attending the Grand Island business college, came home the early part of the week to visit her brother who was spending a furlough in town.

The eldest of the Van Natta girls, who figured in a recent incest case, has been placed in a home for the friendless in Omaha, where she was taken a few days ago by Mrs. Salisbury.

A. P. Kelly returned the early part of the week from Omaha. Mrs. Kelly, who accompanied him, went from Omaha to Oskaloosa, Ia., to visit her daughter Esther who is attending school.

A gathering of men was held in the Presbyterian church Tuesday evening to discuss probable candidates for mayor and members of the council. The meeting was not largely attended and we understand no definite action was taken.

Architect Reynolds is completing the plans for the duplex house which Butler Buchanan will erect on west Second, and the modern residence Mrs. Sarah Bangs will build on west Fourth. Bids for the erection of both will be asked for in the near future.

It is probable that Rev. Arthur D. Jones, who has resigned the rectorship of the Episcopal church, will take the rectorship at McCook, which was offered him by Bishop Beecher a week or so ago. The matter has not however, been definitely settled.

For Sale—Twin Calves, two weeks old. Price \$25.00. Phone Black No. 647.

Property owners on west Fourth street are not making any pronounced move toward street paving this summer, although by common consent that is the section that should take the initiative in the paving of residence streets.

John C. Den has returned from Arapahoe and McCook, where he transacted business for several days. He made the trip in his car and he says he found the roads "horrible." When John C. says a road is "horrible" it means they are really and truly rough, for he seldom complains of roads while driving his Hupp.

Miss M. Sienna, steam baths and Swedish Massage, ladies and gentlemen. Phone 897, Broadbeck bldg. 837.

Two new names are now mentioned in connection with the mayoralty race—Julius Pizer and Carl Holtman, both of whom are good men and who would make a strong effort to rid the city of boot legging, scarlet women and poker playing. Whether either are available as candidates we are not advised.

The recording of deeds and mortgages has been quite active in the county clerk's office this month, but March will be the big month for deeds. Many sales of real estate under contract were made last summer and fall with March 1st named as "settling day"—the day on which the money is to be paid and the deed executed.

How would you like the job of getting up the local pages on a newspaper on such a day as yesterday, with the wind blowing, the snow falling and the streets deserted? And yet you rather feel that the reporter should fill the pages regardless of weather conditions or the activities of the people. Days such as yesterday give the reporter the Monday blues.

Within fifteen days from tomorrow us common people will be required to fill out our income tax schedules, while those with the big bank rolls have a somewhat longer time in which to perform the work. If you have kept books the past year the task of filling out the schedule will not be heavy, if you "guess" at your income the story will be different. However an expert from the revenue office will be here for a couple of days beginning March 13th and he may be able to help you out.

District Red Cross Meeting

A district meeting of county chairmen of Red Cross work was held in this city Tuesday afternoon, a dozen or more out of town representatives attending. J. L. Gillan, of Chicago, in charge of the Home Service and Civilian Relief Work was present and made an address. It was pointed out by the speaker that our first duty to the returned soldier or sailor is to see that he finds employment in his former position, or a position is secured for him, and that it is part of the Red Cross work to act in conjunction with the federal employment service to attain this end. The Home Service department should see that wounded soldiers be placed in the vocational schools provided by the government. Mr. Gillan made plain the fact that the work of the Red Cross has by no means ended.

From a North Platte citizen.

Does it ache especially after exertion?
Is there a soreness in the kidney region?
These symptoms suggest weak kidneys?

If so there is danger in delay. Weak kidneys get fast weaker. Give your trouble prompt attention. Doan's Kidney Pills are for weak kidneys. Read this North Platte testimony. Mrs. E. I. Jenkins, 821 North Dewey street says: "I have had no occasion to use Doan's Kidney Pills for years as I have enjoyed excellent health. However, I haven't forgotten the experience I once had with Doan's and I am ready to give them credit for putting my kidneys in good condition and removing backache and the other disorders I had at that time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jenkins had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

GIRL KIDNAPED IN TAXI SAVES CONTRACT SECRETS FROM THE FOES

Thrilling Scene is Filmed in "The Enchanted Barn"

How a young girl, by quick wit and bravery, saved valuable contract secrets from enemies of the government, after they had kidnaped her in a taxicab, is vividly pictured in "The Enchanted Barn," the Joseph Blue Ribbon Feature which will be the attraction in the Sun Theatre Monday. Beanie Love is the star in the feature and is supported by a strong cast, including:

Shirley Hollister (Miss Love) is a private secretary, who rents a barn in the country for her invalid mother. Her landlord is Sidney Graham, a young millionaire, whom she loves, but despairs of winning because she believes him engaged to a society girl. Sidney, however, does love Shirley, because of her pluck in making a home in a barn, and he has in every possible way tried to help them along.

Shirley is called to Washington by her employer and entrusted with the papers, and while in a taxicab is overpowered. She manages to scribble an appeal for help on the leaf of a book and hurls this into a passing automobile. She also secretes the papers in her slippers. Then she is taken to a deserted house.

Her appeal for help reaches the police and Sidney rushes to the capital and leads the rescuers who find her just in time and, of course, Shirley learns that her landlord's love, not his sympathy, has made the barn an enchanted home for her.

This is one of the big scenes in the picture in which Miss Love shows her great dramatic power.

LOCAL NO. 899

Affiliated with American Federation of Labor and T. L. C. of Canada.

North Platte, Nebraska, February 16th, 1919

We the undersigned committee representing the Victory Lodge, Local 899 of the U. B. of M. W. E. and R. S. L. of North Platte, Nebraska, duly appointed by said Lodge to draft resolutions pertaining to Government Ownership of all Railroads beg to submit the following:

WHEREAS, It is a known fact that the Railroads in the hands of private owners were incapable of fulfilling their duties of public carriers with any degree of success.

WHEREAS, The management of different Railroad Systems have on numerous occasions acknowledged that it was impossible to find ample funds for the betterments and upkeep of their properties and the improvements necessary for terminal and road facilities.

WHEREAS, Under private management there was embargo after embargo placed upon necessary freight movements throughout the whole country causing loss to the shipper, the receiver and the public in general.

WHEREAS, Under private ownership and mis-management and manipulation of stocks there were many railroads placed in the hands of receivers.

WHEREAS, Through State Laws of various States there was no uniformity of tariffs and restrictions upon railroads that it created little show of National disaster.

WHEREAS, Under private management the worker was enslaved by low wages and poor working conditions without any redress, except through strike without the privilege of arbitration, thereby causing attendant inconveniences to the public.

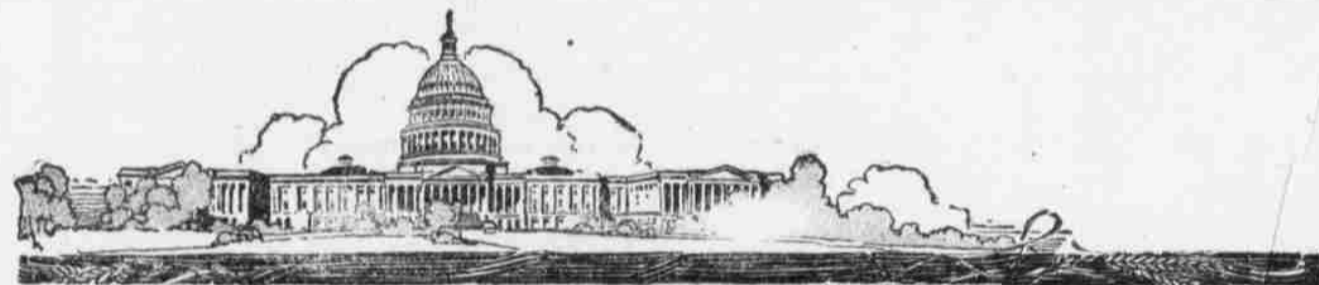

WHEREAS, The private management of railroad maintained a policy of self aggrandizement. Voting dividends beyond a reasonable percentage on money invested, this policy does not work to the betterment of Labor conditions either in living wages or facilities of living, nor benefit to either shippers or receivers. Thereby having a tendency to increase the cost of living to workers and public in general.

WHEREAS, The managements and private controllers impoverished the system by paying high salaries to unnecessary officials and corporations and lobbyists.

THEREFORE, be it resolved that Victory Lodge, 899, of the United Brotherhood of Maintenance of Way Employes and Railway Shop Laborers, of North Platte, Nebraska, thereby demanding of you as Senators and Congressmen of the United States, elected by popular vote from this district do in the future create and support all legislation pertaining to Government ownership of railroads, especially bills for raising of revenues to purchase same. Same purchase to be made on physical valuation of said property.

IT IS RESOLVED, that a copy of these resolutions be forwarded to all of our representatives in the federal house and also to the Grand Lodge of this Organization. It is further resolved that a copy be printed in our city papers.
