

Ford

THE UNIVERSAL CAR

Remember that when you bring your Ford car to us for mechanical attention, you get the genuine Ford service—materials, experienced workmen and Ford factory prices. Your Ford is too useful, too valuable to take chances with poor mechanics, with equally poor quality materials. Bring it to us and save both time and money. We are authorized Ford dealers; trusted by the Ford Motor Company to look after the wants of Ford owners—that's the assurance we offer. We are getting a few Ford cars and first come first to receive delivery.

JULIUS PIZER PRESENTS HIS PLATFORM TO THE VOTERS

North Platte, Neb., Mar. 17, 1919. To the Voters of the City of North Platte:

By petition duly filed, my friends have nominated me for the office of Mayor of the City of North Platte, and to the end that the voters of the city may understand my position on municipal affairs, I make this declaration in reference thereto.

FIRST:—I favor a business administration of city affairs, using the same economy and conservative business methods in municipal affairs that successful business men apply to their private business.

SECOND:—I recognize that men when not working require places to meet, discuss the topics of the day, smoke and amuse themselves, and that cigar stores, billiard and pool halls are about the only places where such intercourse can be had and for such purposes I favor those places also playing therein billiards, pool and cards for amusement. But, I oppose those games, or any of them in those places, or any other place, where they are played for money, no matter how disguised, and if I am elected mayor of this city, I shall attempt to stop gambling in every form and wherever carried on.

THIRD:—Prostitution should be banished from the city and the scarlet woman should be driven from the streets and no longer permitted to flaunt her vocation before the youth of the community.

FOURTH:—I favor the strict enforcement of the prohibition law by the city police force as well as by state and county officials, and if elected I shall see to it that the city police force use every effort to suppress the sale of liquor and co-operate to the fullest extent with state and county officials to that end.

FIFTH:—Our soldiers are returning from the war, some sick, other wounded, and all have made great business sacrifices to serve their country. They should be preferred over civilians, when competent to fill public offices, and every effort should be made to furnish such soldiers with employment. And, for that purpose as well as for the reason that the city needs improvements, I favor a reasonable amount of paving and work on roads leading to the city, and favor the city making every effort to secure the erection of a court house adequate to the needs of our large, wealthy and growing county.

SIXTH:—Our city should be cleaned up. There are even in the business district vacant properties that are an eye-sore and menace to the health of the city, and all such places wherever located should be cleaned up and made inoffensive, both to the appearance and sanitation of the city.

SEVENTH:—The city population is probably near 8,000 people and still growing, and should be provided with public play grounds for the children and parks for the adults, and I favor taking all necessary measures to develop and beautify our parks.

EIGHTH:—I favor municipal music. North Platte has one of the best bands in the state, which has not received the support from the city that it deserves. The law authorizes a levy of a tax in cities of this class to be paid to the band, and I favor the levy of such a tax and the giving of public band concerts throughout the summer for the entertainment of the people.

NINTH:—Our board in charge of the cemetery has done excellent work during its existence towards cleaning up and beautifying the same, and I favor the co-operation with such board by levying such a tax as is necessary to enable the board to continue its work.

Should I be elected Mayor, I pledge myself to use my best efforts and with the co-operation of the council and citizens, I feel we will be able to make good. Respectfully,

JULIUS PIZER.

INCORPORATED 1887.

Mutual Building and Loan Association, Of North Platte, Nebraska.

RESOURCES OVER ONE MILLION DOLLARS.

This Association is prepared to make Loans:
On Improved City Property or to Improve Same.
To assist in the purchase of City Property
To pay off existing mortgages on City Property.

These loans are repaid in small monthly payments just like rent. Borrowers in the Home Association repay their loans with a saving of from 20 to 30 per cent over that of any competing Association.

SAMUEL GOOZEE, Secretary.

Why Telephone Rent is Paid In Advance

Have you ever wondered why the Telephone Company insists upon the prompt payment of telephone bills?

It is a case where somebody must be trusted. Either we must trust everybody by permitting them to pay us when they please, or everybody must trust us to furnish the telephone service for which they pay in advance.

If we did not require payment in advance some people never would pay.

In such cases the cost of installing the telephone, the expense of furnishing service and the cost of finally removing the telephone would have to be met.

Also, if we permitted "charge accounts," a large number of people would be slow in paying us, and the expense of carrying such accounts on our books would be considerable.

When a merchant does a credit business he must charge more for the merchandise he sells, because the cost to a store of "bad debts" and of carrying "slow" accounts is considerable, the same as it would be for us.

If we did not require payment of telephone rent in advance, it would cost us more for operating expenses, and hence it would be necessary to charge the public more for telephone service than at present.
