## MAYOR-ELECT STREITZ WILL ASSUME DUTIES NEXT WEEK

Mayor-elect Streit will be inducted into office next Tuesday evening at the regular semi-monthly meeting of the council, Councilmen E. C. Coates and C. L. Baskins also taking their seats at that time.

Mr. Streit has not publicly intimated his selections for city attorney, city physician and members of the police force.

It is probable that quite a number of citizens will attend this meeting to witness the induction of the new mayor and to wish him a successful administration. He will assume the duties of the office under somewhat trying conditions, for the more radical of his supporters will no doubt make certain demands of him that are unreasonable and impossible to fulfill.

## WAR TANK COMING TO NORTH PLATTE APRIL 19.

C. F. Temple county chairman of the Liberty loans committee received the following telegram yesterday:

Omaha, Neb., April 3, 1919, C. F. Temple, North Platte:

Six thousand pound tank on special train accompanied by tank crew and victory loan speaker will arrive in North Platte April 19th, for all day victory loan demonstration. Tank will unload and operate on its own power through the streets. Will advise you of further development.

E. F. FOLDA, Secy.

The special train with the tank will arrive Saturday morning, April 19th. This war tank which is supposed to have seen service in the battles overseas, will as stated in the telegram, be operated by a regular tank crew. Not only will it be run through the streets, but Chairman Temple, as advised in Omaha a short time ago, will erect a barricade of railroad ties and have trenches dug in order to demonstrate just what these tanks can do and have done in actual warfare in overcoming obstructions to their progress. If any property owner around town has an old dilapidated building which he desires torn down, Chairman Temple will be glad to have the tank do the work and he guarantees that the destruction of the building will be complete.

Lincoln county residents have read of the work of these tanks, have seen them pictured, and now on April 19th will have an opportunity to see them in action.

A big car drive meeting will be held in the evening following the demonstration.

**Engineers Will Hold May Party.**  
Division 88, Brotherhood of Locomotive Engineers, met this week and decided to give their annual May party on Thursday, May first. Frank Moore was appointed chairman of the arrangement committee and he has secured the Lloyd opera house for the party, this being the only building in town large enough to accommodate the crowds which for over a third of a century have yearly attended this social function.

**Cattle Bring Good Price.**  
Scott Reynolds, living six miles southeast of town, a few days ago sold sixty head of coming three year old steers to Peter Peets, of Sidney, for \$170.50 a head. While this seems a big price for cattle, the condition of the steers fully warranted the sum paid.
