Derryberry & Forbes.

**MILLS**  
The North Platte Electric Mills.

## VICTORY LOAN WORKERS MEET IN CONFERENCE.

Victory loan workers, both men and women, of the district composed of Lincoln, Keith, Deuel, Garden, McPherson and Logan counties, met in conference in this city Wednesday and listened to addresses by State Chairman Byrne and State Secretary Folda. This conference was held in the Pacific Hotel dining room following a luncheon which was served to the out-of-town men and women and to local men and women who have been closely associated with the work in past bond drives.

District chairman Mooney presided at the conference and first introduced State Chairman Byrne who gave a very interesting talk of thirty minutes duration, touching on the various phases of the war, the need of the coming loan, and in answering those who criticized the government for its apparent profligate expenditure of money, produced figures to show that had not the money in prodigious sums been used the war would not have come so quickly to a close; that by seemingly extravagance we quickly forced upon the Hun a recognition of our wonderful resources of men, money and munitions that forced him to conclude that further continuation of the struggle was a waste of man-power. We had shown our patriotism in past Liberty loans; a continuation of that patriotism in the coming loan was just as essential; the money is needed and we must make good.

State Secretary Folda upon being introduced devoted his talk largely to the financial part of the loan, and laid particular stress upon the fact that while Nebraska had purchased \$180,000,000 worth of bonds, the state had been benefited financially many times that amount by the increased prices in wheat, corn, cattle and hogs for which the war was responsible. He had little patience for the farmer who bemoaned that the \$100 bond he purchased had depreciated seven dollars, while at the same time the government had guaranteed him a price for wheat nearly double that he would now obtain had not that guarantee been made; to not mention the increase in price of cattle, hogs, corn, etc. And this likewise applied to the mechanic and laboring man who were the beneficiaries of increased wages. Short addresses were also made by Miss Kramph, Mr. Crosby and others. The national colors were prominently displayed in the dining room, and the luncheon menu of several courses was nicely prepared and efficiently served. Manager Dodd deserving credit for this phase of the conference.

We write Life Insurance in Old Banker of Lincoln, Neb. We write Accident and Health Insurance. We write Fire, Tornado and Hall Insurance. We write any kind of Insurance that can be had in any agency in the world. Call on us, we have been in the business twenty-five years. Woodhurst's Insurance Agency, Room 3, Reynolds Building, Mrs. Kelsa, Manager.

**Mayor Streitz Appoints Police.**

Mayor Streitz, following his induction into office Tuesday evening appointed the following as members of the police force: Chief, S. C. Meemmer; patrolman, George Walker; officer for the Fourth ward, Nathaniel Walker. Chief Meemmer is an ex-passenger conductor on the Union Pacific, a man who has made his home in town for a quarter of a century and one who has stood high in railroad circles, a prominent Mason and is regarded as one of our best citizens. He is a determined sort of a man and when he gives an order there is no question but that he will expect it to be obeyed to the letter. Patrolman Rodgers for eleven years was engineer at the water plant and two years ago accepted employment in the U. P. shops. His general reputation for honesty insures that his work will be conscientious and that he cannot be influenced by any clique. Mr. Walker is an old time resident and in making his application for the position presented a petition signed by a majority of the men and women of the Fourth ward, evidence that they have faith in his ability to well perform the duties of the position.

**Spring Bargains**  
Tents, Auto Covers, Camp Cots, Stools, Wagon Covers, Bows, Furniture, Hardware and a clean stock of Groceries. ECHELBERRY, 104 East Front.

**New City Administration.**  
The regular meeting of the city council was held Tuesday evening, and after cleaning up some pending matters, Mayor Waltemath stepped out and Mayor Streitz stepped in.

For members of the police force Mayor Streitz named S. C. Meemmer, George Rogers and Nathaniel Walker, W. B. Salisbury for street commissioner, M. E. Crosby for city attorney and Geo. Rannis for city engineer. Nominations for city physician and plumbing inspector were not made. E. C. Coates and C. L. Baskins, new members of the council, took their seats, as did also Carl Simon and H. R. McMichael, who were re-elected to succeed themselves.

**FOR SALE**  
At the Old Stock Yards.

1 Metal windmill tower, 2 wood towers, lot of old lumber, big assortment of native cedar posts different lengths, kindling wood stove length 1 Emerson mower, nearly new, buggy, pole, shafts, neck yoke, 2 sets harness, 2 saddles, 3 head work horses, 3 mares, 1 cultivator, 2 sec. harrow, lister, plow. Used wire, barb and woven.

You feel different the minute you take it—a gentle, soothing warmth fills the system. It's a pleasure to take Hollister's Rocky Mountain Tea. Helps purify the blood, drives out the germs of winter, gets you hustling, bustling, full of life and energy. 50c. Tea or tablets. George Frater.

## Reading by Ear.

A new invention for the blind enables them to read with their ears. It is a machine called an octophone, by means of which flashes of light from the letters as they are printed cause certain sounds, easily distinguishable by the initiated.

The sounds vary with the shapes of the letters, and very high resistance telephones transmit these to the ears of the blind person, "reading" with highly satisfactory results.

**Early Rising.**

"Do you remember how we used to seel Josh about oversleeping before he went into the army?" said Mrs. Coratossel.

"Yes," replied the farmer; "that's why we can't say a word when he gets up at daybreak and accompanies the roosters on his cornet."

**Warmth Increases Oil Flow.**

An electrical method of carrying warmth to the bottom of oil wells has been found in many cases greatly to increase the flow of oil. The heating process, says Popular Mechanics Magazine, decreases the viscosity of the oil, usually occasioned by the admission of air to the well and the cooling of the rock bed. Minute crevices and capillary channels which afford easy passage to warm, thin oil become quite impassable if the oil gums. The electric heating method not only thins the oil but often generates gas whose pressure helps the oil to the surface. The system found military use in the abandoned oil fields of Romania and Galicia.

**What's in a Name?**

Most readers are familiar with the story of the German bank in a United States city which, finding its name unpopular, changed it to the "Sherman bank." Here is another example on the same lines: A popular New York city German restaurant was called the Kloster Glocke (Cloister Bell), and its front was decorated with a large bell as a sign. The name has been changed to the "Liberty Bell," and the bell of the old monastery now does duty as a replica of the one which rang out independence to the colonies.

**Doubts Mechanical Skill.**

A "prominent business man" has offered \$50,000 for the privilege of being carried as mechanic on the first transatlantic flight made in an airplane. If this offer is accepted, it is to be hoped that his mechanical ability equals his enthusiasm.—Springfield Republican.

**Cattle Wanted**

For summer pasture, can handle a thousand head of steers and 700 cows or heifers. Plenty of grass, salt and water. Price per season from \$4 to \$6. For further particulars address, S. A. THOMAS, Sutherland, Neb.

Reference: Farmers' State Bank, Sutherland, Neb.

## Fordson Sets Bad Example

Police Jones says Fordson must stay off the pavement as it will set a bad example for the big tractors which play havoc with the pavement. Although Jones says it could not hurt anything as he could see. However the farmers often complain that tractors are too heavy to run over their nicely made road bed, which is true with the average farm tractor, while the Fordson is being highly commended because it does no harm to the road beds while in operation.

**Evangelistic Meetings.**

The evangelistic meetings that were to have been held during the month of March at the Christian church, but were postponed until May, will begin on Sunday, May 4th. At the last meeting of the official church board a half dozen committees were appointed to arrange and have charge of the different phases of work. Religious services will be conducted as a basis of personal work. Mr. H. G. Knowles and Mr. Wallace Tuttle will have charge of the meetings, which will last at least four weeks.

**FOR SALE.**

Home grown elm trees. 215 east 12th street, phone Red 958.

Two yearling Holstein bulls. A. Coolidge, North Platte.

## Mortgage Filings and Releases.

The aggregate sum of mortgages filed in the county clerk's office during March was the greatest in the history of the county. This was due to the unusual volume of real estate transfers negotiated during the fall and winter and which were closed March 1st. The filings and releases were:

Farm mortgages—Filed \$700,089.50; released \$228,443.95.

City mortgages—Filed \$43,734; released \$96,135.

Chattel mortgages—Filed \$443,103.48; released not tabulated.

**Owen O'Neill Dies.**

Owen O'Neill, at one time foreman of the Union Pacific coal chutes, later living on a farm west of town, and for a couple of years past living at Green River, Wyo., died Monday of this week. Death was due principally to kidney trouble, though he had other physical ailments.

**ANDY WANTS TO KNOW**

How do YOU spell the word EQUIPPED.

**FOR SALE**

Two yearling Holstein bulls. A. Coolidge, North Platte.

**Stands This Climate Best**

**For Houses and General Exterior Use**

**Paint Up Your Building Now**

Neglect to paint means loss by decay and depreciation. Your property is more valuable now than ever before. Don't put off painting. Economy demands that you keep your property protected with good paint.

**LINCOLN CLIMATIC PAINT**

Lincoln Climatic Paint will give the best and most economical protection. It will wear longer than ordinary paint, because it is made especially to withstand this climate. Let us estimate the amount required, and show you suitable color combinations for your house, whether you buy or not.

**Derryberry & Forbes.**

**DR. O. H. CRESSLER,**

Graduate Dentist

Office over the McDonald State Bank.
