

### GOOD ROADS DELEGATION VISITS NORTH PLATTE

President Carroll, of the Chamber of Commerce, had one of the surprises of his life last evening, when he was phoned that a large delegation representing the Mid-West Highway Association was in town. He hurriedly left home to meet the delegation and was informed that the visitors had written of their intended visit to confer with the local Chamber of Commerce but that by some means the letter had miscarried. The lateness of the hour precluded a calling together of the board of directors for the conference and President Carroll represented the organization.

There were seventeen men in the delegation, representing business men of Valentine, Mullen, Tryon and intermediate points, and they represent what has been called the Mid-West Highway Association. The object of this association is to secure a highway running from North Platte north to Valentine, which as the crow flies is about 160 miles. They desire the co-operation of North Platte in this proposed highway and President Carroll assured the visitors that the Chamber of Commerce would do everything possible to help the move along.

The visitors left for their homes early this morning.

### Barrier Insurmountable.

Paris, April 24, (noon).—In spite of continued efforts at conciliation on the part of the English and the French delegates the Italians remain obdurate in their determination to leave. The tenseness of the situation increases hourly. It is evident that President Wilson, by his statement issued with regard to the Fiume question, has placed an insurmountable barrier between modern and old world diplomatic policies.

Some of the old world nations wish to cling to the observance of secret treaties, which President Wilson considers defunct with the signing of the armistice terms. The president also points out that there has been a complete change in European conditions since the opening of the war.

### Re-organize Alumni Association.

In response to the call issued fifty or more high school graduates met at the Central Building Wednesday evening and re-organized the alumni association by electing Miss Marjorie Russell president and Miss Essie Wessburg secretary and treasurer. It was decided to tender a banquet to the class of 1919, and a committee was appointed to make arrangements for the function.

### Diamonds! Diamonds! Dixon, the Jeweler.

Mrs. F. G. Hoxie returned Wednesday afternoon from a visit with her daughter in Paxton and with Mr. Hoxie in Ogalalla.

With six months in which to pay the installments on the Victory loan notes it is surprising that this investment is not more largely sought by wage earners. It is a fine opportunity to gather "nest eggs," the beginning of a systematic effort to save a little money each month.

The purchase of the Rowland and Breternitz tracts of land in the south part of town by a local real estate firm means a new addition to the city. Situated within a reasonable distance of the business center these lots when placed on the market will no doubt sell readily.

Arrival of Germans Uncertain. Paris, April 24.—The date of the arrival of the German peace delegation at Versailles is still undetermined and the allied representatives apparently are not pressing for haste in view of the uncertainties of the Italian situation. Delay in framing the treaty of peace also is a reason for not desiring the speedy arrival of the enemy plenipotentiaries.

The German government officially has advised the allied and associated governments that the German plenipotentiaries would not leave Berlin before April 28, and that they would reach Versailles May 1 at the earliest.

Dull, lifeless eyes, colorless lips, sallow, yellow cheeks, give a girl little chance for a "man" these days. Don't lose heart, just take Hollister's Rocky Mountain Tea—helps to make you attractive and fair. Don't delay, begin today. J. O. Patterson.

### Do We Want Band Concerts.

Just at present the North Platte Municipal Band is in a state of disorganization and whether we are to have band concerts this summer will depend upon the attitude of the citizens. The band members feel that they should receive some financial recompense for their work, and The Tribune agrees with them. A fund of not less than \$500 should be provided, either by popular subscription or by the city council authorizing the park commissioners to donate that sum for band concerts.

### President's Return Delayed

Washington, April 24.—Confidential dispatches from Paris to administrative officials here today indicated the crisis brought about by Italy's demands, and the unalterable determination of President Wilson not to become a party to recognition of secret treaties, had so upset the plans of the peace conference that the president's return to the United States probably would be considerably delayed.

Belief was expressed in official quarters that Italy eventually would be obliged to recede from her demands though it was recognized that for the moment Premier Orlando and his delegation were obliged to maintain an unyielding attitude or face repudiation at home.

### Labor Situation Growing Better.

Washington, April 24.—The labor situation is improving. The United States employment service Thursday made this assertion, basing it on reports of labor surpluses and shortages from 3,417 representative concerns in fifty-eight cities during the week ending April 19. Twenty-seven cities, or 46.6 per cent, reported a surplus of labor of 50,957, as compared to 73,575 for the previous week. Of the fifty-eight cities, six, or 10.3 per cent show a shortage of 3,600 skilled and unskilled labor, an increase of 150 for the week, leaving 43.1 per cent reporting an equality of labor supply and demand.

Telegraphic reports from the middle west, while incomplete, indicate that Arkansas, Colorado, Georgia, Illinois, Indiana, Kansas, Ohio and Utah have a surplus of labor. Alabama, Missouri, Nebraska, Montana and Wisconsin report an equality of labor, while Kentucky reports a shortage.
