RACE MEN WILL BEGIN ARRIVING IN TOWN SUNDAY

Auto drivers who will participate in the big races July 4th will begin arriving in town Sunday in order that they will enter the test runs to be held Tuesday. These runs will determine the race classifications of the drivers, in other words the speed they develop will designate the races in which they enter. Last year elimination tests were made, but this year the other method applies.

Race Manager Crawford stated this morning that everything was in readiness for the races, and as the country for 100 miles around had been thoroughly advertised, he anticipated a record breaking crowd. In fact he feels satisfied, from the reports received, that there will be a big attendance. One thing that adds zest to the races is the apparent determination of the Kansas drivers that King Rhiley will not carry off the big money this year. These Kansas men are coming with the determination that if Rhiley wins on July 4th he will need do speedier driving than he did last year. This information reached Rhiley and he quietly remarked that if faster driving is required he can do it. He will appear in the coming races with a new machine that is said to be a lightning chaser.

Steward Kennedy, of the Elks' club, assisted by Mrs. Kennedy, began yesterday to serve a merchant's lunch at the home. If the patronage justifies these lunches will be made a permanent feature during the hot weather.

SPECIAL SESSION MAY BE CALLED NEXT MONTH

Lincoln, June 26.—It is probable that the special session of the legislature will be called for Monday, July 21, according to information given out by Governor McKelvie Thursday.

Besides ratification of the national constitutional amendment on woman suffrage, the governor was not prepared to say what would be incorporated in the call, though there are one or two other matters of importance which may be mentioned. One of these is the appointment of a committee to investigate profiteering in Nebraska. Just how far the legislature could go in this matter and the methods to be used are yet under consideration.

Maxwell Defeats Colored Boys.
The Maxwell hall team defeated the colored team of this city at the city park Tuesday evening by a score of seven to six. The game was well played, both teams developing much "pep" and it was anybody's game until the close. Three times during the game the score was tied. Between 150 and 200 spectators witnessed the game and cheered the many classy plays made by members of both teams.

Clark Paulson and Harold Applegate left the early part of the week for Douglas, Wyo., where they will visit for a week or two.

Claim Water Was Shut Off.

Union Pacific officials who investigated the cause of the explosion of the boiler of the engine that was hauling a troop train west over the company's main line Wednesday have completed their work. They found that the engine men had shut off the feed line from the water tank to the engine. As a result the water in the boiler had become low and consequently the explosion followed.—Omaha Bee.

LIEUT. CONKLIN HEARS NOTHING FROM AIRPLANE

Interrogated this morning as to whether he had any word of the proposed trans-continental airplane flight, Lieut. Conklin replied, "not a word." The delay in the starting has begun to get on Lieut. Conklin's nerves, for he is interrogated from one hundred to seven hundred times a day as to whether he has any word. As stated several times, Lieut. Conklin will not know anything about the starting until the big plane begins its flight. When he receives a message reading "it's off" he will make double quick time to the landing field, place everything ready for the landing and with his binoculars scan the eastern skies for the approach of the plane.

Second Bravest Man in War.
Camp Dix, N. Y., June 25.—Another humble American doughboy took his place in the hall of fame today in the person of Private Frank Gaffney of Company G, One Hundred eighth infantry, the Twenty-seventh division (New York) national guard.

Sergeant Alvin York of Pall Mall, Tenn., is the only man in the American army credited with a larger bag of prisoners than Gaffney. The lanky Tennessean brought in 132 Germans but he had a few men to help him round them up, while the New Yorker alone and suffering from a wound which cost him one of his arms, piloted eighty into the American lines. "You're the second bravest man the war produced," declared Major General McHale when he pinned the congressional medal of honor upon the breast of the blushing Gaffney. Here is the official citation which won the highest military honor the nation can bestow:

"On September 29 at Ransart when his lieutenant and sergeant had been killed, Private Gaffney assumed command of the platoon and continued on to the objective, a German machine gun nest. Gaffney was the only man to reach the objective. Bravely and skillfully handling a machine gun and hand grenades he killed several of the enemy and brought back eighty of them to the American lines."

Her Words of Cheer.

Mary was writing a letter to her Uncle Peter, who had almost lost the use of his legs by having rheumatism. "Be sure to write a cheerful letter, Mary," admonished her mother; "you know Uncle Peter has been sick."

An hour later Mary showed this letter to her mother: "Dear Uncle: I am so sorry that you have been sick. Why don't you go to heaven? They will give you a pair of wings there and you can rest your poor tired legs."

HAIL INSURANCE

MR. FARMER:

Are your crops fully insured against the losses from hail? Do you realize that at this date a hail storm is about the only thing that can keep you from receiving the largest grain crop in the history of Lincoln County?

If you have only \$15.00 an acre insurance on a crop that will pay you much more, better have us increase your insurance to somewhere near its real value. Figure what your crop is worth!
