A New Packing Plant of Which State and City May Well Be Proud—Most Up-to-Date and Sanitary Yet. By JOHN W. THOMAS.

Some years ago I visited the plant of the Skinner Manufacturing Company, Omaha, and was favorably impressed with the system and cleanliness with which their celebrated macaroni was manufactured.

Recently I had an opportunity, through the courtesy of Mr Paul F. Skinner, of inspecting the magnificent packing plant of the Skinner Packing Company, now being erected and nearing completion. To say that I was favorably impressed does not nearly express my admiration of what I saw and learned about this Nebraska enterprise.

I am not only convinced that the statements made in the advertisements of the Skinner Packing Company are not overdrawn, but they do not do the subject justice. All that past experience and experimentation of other packing companies, combined with scientific investigation and research, can do to improve efficiency and sanitary conditions, is being made use of in the construction of this plant.

For years past there has been need of greater packing house capacity at the Omaha market. The new plant of the Skinner Packing Company will help to meet this need. It will also give to Omaha and Nebraska an "independent" packing house of which that city and the state may well be proud.

The Lincoln Highway is being gravelled east of A. Abercrombie's to the county line. The road to the Wm. Beatty place was gravelled some years ago and is still in excellent shape, and the stretch of road from Mr. Beatty's to Mr. Abercrombie's was done last year. When the present work is completed there will be a splendid hard road to the Dawson county line.—Brady Vindicator.

GOTHENBURG BECOMING PEEVED QUITS SUNDAY'S GAME

Peeved over a decision on first base rendered by Umpire Johnson, Gothenburg walked off the diamond Sunday afternoon during the first half of the eighth inning with the score standing eight to six in favor of North Platte. While the opinion of the fans was divided as to the judgment of the umpire, the visitors should have accepted the decision as sports and not have played the "baby act." Such a performance disgusts the spectators and brands the quitters as "bushers" of the bushiest variety.

Though the game was somewhat ragged, there were enough good plays to keep up the interest of the four or five hundred spectators.

In this game Darrell Healey and Joe Pizer made their initial bow to the public and the local fans agree that both have promise of real ball players.

After two or three weeks searching for office rooms Dr. Earl Fetter and Dr. Claude Selby, both recently home from service overseas, have secured rooms over the Samuelson clothing store where they will maintain separate and individual offices. The rooms are now being redecorated and will be ready for occupancy this week.

Wanted—Liberty bonds at market price. Louis Lipshtz.

"Kiwah" Shaffer bought a pint Sunday evening and by the time he had emptied the bottle he was pretty well jiggered. He was picked up by the police and yesterday morning faced Judge Miltonberger, who said kindly but firmly, "Kiwah it will cost you \$15.80 this time." Kiwah didn't have \$15.80 in his jeans, so his employer went on his bond as surety for the amount.

I venture the prediction now that in less than three years from this date, it will be unusual to see a load of grain or hogs brought to North Platte except by truck, and my present guess is that quite a few Dodge and White trucks will be used. Have you thought over your truck needs. Come and talk it over. J. V. Romigh, Dealer.

Building operations may be considered satisfactory when five houses are erected in one season on one particular half block. This applies to the half block on Maple street between First street and A street. J. A. Adams and Ralph Tyler have completed handsome stucco bungalows, Edgar Chapman is finishing a pretty home of similar construction, Judge Woodhurst has moved his house to that block and put in a new foundation and basement on the fractional corner lot, and the remaining lot will be occupied by a house to be constructed by E. A. Boyd.

For Sale My houses and lots on the corners of Sixth and Cottonwood streets. Inquire of Guy Swope. 46-8 H. N. SMITH.

HAIL INSURANCE

MR. FARMER:

Are your crops fully insured against the losses from hail? Do you realize that at this date a hail storm is about the only thing that can keep you from receiving the largest grain crop in the history of Lincoln County?

If you have only \$15.00 an acre insurance on a crop that will pay you much more, better have us increase your insurance to somewhere near its real value. Figure what your crop is worth!

THINK AND ACT QUICKLY.
