KING RHILEY DRAGS DOWN PURSES-AGGREGATING \$1,400

King Rhiley, western Nebraska's premier auto racer, made a cleaning in the mid-summer events held at the park in this city July 4th and lugged home with him \$1,400, taking first place in all the races he entered. While he did not lower the track record of 1:08 in the race given for that purpose, he turned the half mile track in thirty-three seconds in the Nebraska sweepstake race, evidence that he could have lowered the record had he so desired.

The rain the night before made the track a little soft on the turns, but it removed the disagreeableness of the dust that would have resulted had not the rain fallen, and the afternoon as a whole could not have been more pleasant for the spectators.

In the Midget race Ray Ogier won first place, Donald McFarland second and Claude Weingand third; Rhiley won the one mile track record race in 1:09, and also took first place in the North Platte special and the Nebraska sweepstake; in the Lincoln county special Lawler took the first heat and Bullock took the second.

In the 25-mile race Rhiley led the other three cars for eighteen laps when a tire went down. While a new wheel was being placed, Breede who was running second, gained over a lap on Rhiley, but the latter was gaining on Breede, when Breede had transmission trouble and was forced to retire. Rhiley turned the twenty-five miles in 32:15.

GALL STONES

THE CHIROPRACTORS
THE GALL STONES
RECORD OF CHIOPRACTIC

The record of spinal adjustments in correcting the cause of gall stones is one that medical science has repeatedly denied.

They have declared that gall stones once formed can only be removed by an operation.

But in cases corrected by adjustments the gall stones have been absorbed. Spinal adjustments simply give nature a chance and the stones created in weakness are absorbed when strength returns.

FREE—Call and learn what spinal adjustments can do in your case. Consultation is free.

Gall Stones Were Diagnosis

Physicians advised me that I had gall stones and that an operation would be necessary if I was ever to regain my health, which had been bad for four years. I was impressed with chiropractic or spinal adjustments and began taking them. Where I was hardly able to be on my feet before, I am now as active and free from pain as any one. "Meats in Storage"

Every working day of the year 75,000,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,348,000,000 pounds of meats in cold storage. If the meat in storage was placed on the market it would only be 20 days' supply.

This meat is not artificially withheld from trade channels to maintain or advance prices.

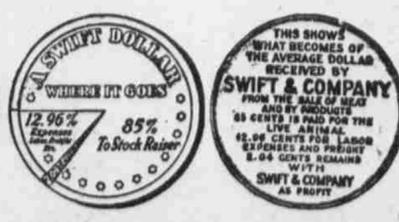

Meats in storage consist of—

- 65 per cent (approximate) hams, bacon, etc., in process of curing. It takes 30 to 90 days in pickle or salt to complete the process.
- 10 per cent is frozen pork that is to be cured later in the year.
- 6 per cent is lard. This is only four-fifths of a pound per capita, and much of it will have to go to supply European needs.
- 19 per cent is frozen beef and lamb, part of which is owned by the Government and was intended chiefly for over-seas shipment. If this were all diverted to domestic trade channels, it would be only 1 1/2 lbs. per capita—a 3 days' supply.

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.

Stecher Throws Lewis

In the wrestling match at Omaha July 4th Joe Stecher took two straight falls from "Strangler" Lewis, the first in one hour and forty-six minutes, the second in thirteen minutes. Stecher is expected to again meet Craddock, by whom he was vanquished in their last engagement.

Willard Easy for Dempsey.

Jess Willard was easy picking for Jack Dempsey at Toledo July 4th, the former failing to respond to the call for the fourth round. Willard was practically all in at the end of the first round, during which Dempsey floored him seven times.

People Behave Decently.

Though there were several thousand visitors in town on the Fourth and though it was a day when a certain class of people exceed the limit in more ways than one, the police report but two arrests both of which were on account of an overload of booze. It was currently reported a few days before the Fourth that much liquor had been shipped in and that "stewed" individuals would be plentiful, but if there was liquor in any quantity, the consumers imbibed lightly for the police run across but the two drunks.

Chief Meembeer says the behavior of the people during the day was exceptionally good, and while he had reason to anticipate more or less disorder it was conspicuous by its absence.

Obituary

The Silver Creek Sand contained the following notice of the death of J. C. Pennington, for ten years a resident of this city:

James C. Pennington was born in Hendricks county, Indiana, September 24, 1856, and died while visiting his brother, Sherman, at Stanton, Neb., on June 27, 1919, at the age of 62 years, 9 months and 3 days. He was united in marriage to Miss Lucinda Waters at North Salem, Ind., in the year 1875, and to this union seven children were born, two of them dying in infancy. The surviving children are: Mrs. Thomas Cox and Harley Lee Pennington of North Platte, Mrs. E. K. Esswein of Woodland, Wash., O. C. Pennington of Silver Creek, and Oscar M. Pennington of somewhere in France. He was a member of the Church of Christ and never transferred his membership from the old home church at North Salem, Ind. During his lifetime he was a strong exponent of temperance and has always backed it with his own clean life. He was a member of the order of Yeoman.

For a number of years the family resided on a ranch about two miles northeast of Gardiner, leaving there in 1901, and going to South Omaha. In 1907 they moved to Fort Spokane, Wash., where Mrs. Pennington died in March, 1908, and the body shipped here for burial. Mr. Pennington moved to North Platte, Neb., in 1908 and has since made that place his home. In addition to the above mentioned children, he is survived by his aged mother, Mrs. Nancy A. Pennington, two brothers, Sherman and John and one sister, Mrs. J. E. Templin, all of Stanton.

Funeral services were held in Silver Creek at the home of O. C. Pennington, conducted by Rev. Henderson of the M. E. church, and the remains were laid at rest in the Silver Creek cemetery.

Autos at the Park.

An individual with an inquisitive turn of mind stood at the corner of Front and Locust streets for thirty-five minutes following the close of the races Friday and during that period of time he counted eleven hundred autos passing. This he considered was about one-half the number that entered the park or were lined along the roadway from the park entrance to the river bridge.

Locals Beat Brule 8 to 3.

In the ball game at the city park Sunday afternoon North Platte defeated Brule by a score of eight to three. The game was rather slow, replete with errors and devoid of sensational plays. About 250 spectators witnessed the game.

Funeral of Major White.

The remains of Major White, who died in California June 28th, accompanied by the parents, arrived Thursday evening, and a funeral service was held at the Masonic hall Saturday forenoon at ten o'clock. At this service Bishop Beecher, of Hastings, officiated at the request of Mr. and Mrs. White. The body was taken to Grand Island Saturday afternoon for interment.

The deceased was twenty-one years of age and was born and lived in North Platte until he graduated from the high school in 1915. At this time his health was somewhat impaired and he went to the coast and later entered the medical department of the Leland Stanford University in California and had taken three years of the course when stricken with an acute attack of kidney trouble which ended a promising life.

Major White was a young man of more than ordinary mentality; he was brilliant, and this backed by a wonderful energy, gave to him the promise of a very successful future. That he should be cut down when life promised so much, came as a deep regret to the people of North Platte where he was so well and favorably known. In the loss of the one in which the very existence of life centered, the parents have the sympathy of the entire community.
