## CLYDE SHEETS IS GIVEN A PENITENTIARY SENTENCE

Clyde Sheets, arrested for stealing a grip last Sunday from E. Benecke at the Hinman lodging house, was arraigned before Judge Woodhurst Tuesday afternoon and pleaded guilty. Wednesday he was taken before Judge Grimes and sentenced to the penitentiary for an indeterminate period of from three to twenty years. Sheets has been a 'bad actor' for some time past, and his guilt has practically been established in connection with other criminal offenses. There are others who have been associated with Sheets, and the officers are keeping pretty close tab on them. It is believed that evidence can finally be secured that will lead to their arrest, and the chances are that they will follow Sheets to Lincoln.

In talking with a bunch of newspaper reporters in Washington yesterday President Wilson expressed himself as believing that it is necessary that American troops be maintained in Germany until the Germans had complied with all the military terms of the treaty. It was pointed out that there were several million veteran soldiers in Germany and munitions sufficient for them to operate. The German have from one to four months in which to deliver all material except that sufficient for the reduced German army, provided for in the peace treaty and the president believes American troops should stay on the Rhine until the material is delivered.
