

An iced tea set

We are showing a very pretty tea set of six glasses and six spoons specially priced.

The spoons are an artistic pattern that one will never tire of. They are the best quality of silver plate which will give exceptionally long service.

The glasses are gracefully shaped, with an exquisite light cut pattern.

This is equipment you will use daily with intense satisfaction. The price is an extra good value we consider ourselves fortunate in being able to offer at this time.

HEART DISEASE

Health Talk No. 15 by

DRS. STATES

THE CHIROPRACTORS

THE BEST HEART TABLET

Heart trouble in any of its various forms is usually declared incurable, and so far as any of the usual drugging methods are concerned, it is incurable.

Disturbance of the alignment of joints of the backbone at a point between the shoulders, will cause pressure upon the heart nerves. As long as this pressure remains there is heart weakness and disease develops.

The heart "tablet" that is best in such cases is the spinal adjustment which only a skilled chiropractor can give.

FREE—Call and learn what can be done in your case. Consultation is free.

Had Heart Trouble For Six Years

I had heart trouble for six years. It got so bad I couldn't do my housework. At times I took heart tablets every three hours without more than temporary relief.

After taking the first spinal adjustment on advice of a neighbor, I was relieved. Now my heart does not give me the least bit of trouble. I give all the praise to chiropractic.
