A local shoe dealer predicts that before January 1st it will be impossible to buy a pair of men's shoes for less than about seven dollars, and ladies' shoes that now sell for ten and twelve will cost twenty. Possibly the investigation of the H. C. of L. by the government may prevent this anticipated rise in the price of shoes.

Falling to interest any one in county division, Brother Dunn, of the Sutherland Courier, now advocates township organization, which is a democratic but costly form of county government. A number of years ago North Platte men advocated the election of five instead of three county commissioners, thus giving the different section of the county more direct representation on the board, but for some reason the farmers did not seem to fall in with the idea.

With over 500 Dodge cars out in his territory and Chandlers going out all over this and adjacent counties, J. V. Romigh has decided to make his place an exclusive sales and service station for these cars and their owners. The new show room, which will occupy all of the Locust street front of his building, will be fitted up in keeping with the quality of the cars sold. No storage or outside repair work will be taken. It will be a real Dodge and Chandler home, where the owners of these cars will always be welcome and will obtain the best of service and attention. It may look like city stuff now, but remember we have quite a city and our merchants can be relied upon to keep abreast of the best.

Society of the 355th Regiment

While the Eighty-ninth division was with the American army of occupation and the 355th Infantry was guarding and occupying a section of the much disputed Saar river valley, the Society of the 355th Infantry was formed in the little city of Saarburg, early in May, 1919.

At that time about 1300 men were listed as charter members, paying the original fee in German money, French money or indiscriminate German town money, such as was commonly in circulation everywhere there. At one time or another, in America or in Europe, there have been more than five thousand men in the 355th Infantry, more than half of them coming from Nebraska. The constitution adopted especially provided that all officers and enlisted men who had served honorably at any time with the regiment were entitled and invited to become members. The society has no object politically, financially or any other way except socially.

Lincoln county members of this organization are Clifford Anderson, Ben Johnson, Ernest Casey, Paul J. Thompson, W. J. Huebner, W. G. Diener and J. M. Decker. Other Lincoln county boys who were members of the 355th at any period and desire to join the society should address C. L. Jones, secretary, 305 Security Mutual Building, Lincoln, Nebraska.

July Weather.

There were fourteen days last month when the temperature registered above ninety degrees. On the 11th it reached 100, and on the 26th it registered 103. The hottest July day we have ever had was 107. The mean temperature for the month was seventy-seven degrees, or three degrees hotter than the mean for July.

The rainfall for July was 4.98 inches, which is 3.33 inches above the average for the month. In July, 1918, the precipitation was 1.88 inches and in July, 1917, it was 1.13 inches; in fact the fall last month was the greatest of any July since 1907. Since January first there has been an excess of 2.76 inches of precipitation as compared with the average for the same period for forty-five years.

During the month there were twenty-five clear days, six thunder storms and hail fell once.

This information is gained from the monthly summary issued by Observer Shilling, of the local weather bureau.

High School Principal Selected.

The board of education has elected Miss Mattie Redford, of Holden, Mo., as senior high school principal for the next school year. Miss Redford is a graduate of the University of Missouri, and the Warrensburg state normal and has attended the University of Wisconsin as a graduate student. She has had a number of years experience in rural school, grammar school and as high school teacher and principal. She has specialized in Latin and history but has had particular success in teaching public speaking and debate. Her salary will be \$1400 and she will teach part of the time in addition to her work as principal. She is a former schoolmate of Mrs. Fred Rector, of this city, who speaks very highly of her as a student and a fine christian lady.

Miss Gantt Selected as a Teacher.

Miss Sybil Gantt, daughter of Mrs. Edith L. Gantt of this city, has been elected to a position in the North Platte schools. Miss Gantt has been attending the University of Nebraska since she graduated from the local high school and meanwhile she has been teaching part time in the Lincoln city schools. She has been very successful in her teaching work and was urged to continue in that work for another year but decided to come to North Platte and be with her home people this year. Miss Gantt will have charge of one of the intermediate grade rooms of the Washington school.

Near Tragedy—Last week Mrs. R. W. Schleicher had a narrow escape from death when Bruce Brown's little six year old son pointed a revolver of small calibre at her and pulled the trigger with a deafening report. All that saved Mrs. Schleicher's life was the ball striking the heavy steel of her corset at the center of the waist line. Before the shot was fired Mrs. Schleicher had noticed the boy have the revolver in his hand, but thought it was only a toy. The boy stood so close when he fired that the woman's clothing caught on fire. Otherwise than the severe shock and a discolored spot on her skin, Mrs. Schleicher was not injured. The revolver came from its hiding place right after the burglarie occurred here a short time ago and was kept on a high shelf, but Master Brown in some way discovered it, and took it from the shelf while his father was away from home.—Brady Vindicator.

May Keep Liquor. Providing Nebraskans purchased prior to July 1, a good supply of liquor—not an extra large amount—they can keep it in their homes, and drink it without undue influence of the law being brought against them. This is the decision handed out by the supreme court in a case against Paul Hempel of Falls City.

SEVEN STATES ORCHESTRA

BIG CLIMAX TO CHAUTAUQUA PROGRAM

We have had on our chautauqua program bands, dramatic companies, singing bands and choirs, but never have we had so universally popular company as the Seven States Orchestra. A company chosen from some of the best symphony orchestras and conservatories in the United States.

Few instrumental companies have been more deservedly popular than the Seven States Orchestra. Their programs will be rendered in sprightly, dashing, original manner, and while popular in character will also contain many gems from the most difficult operatic and classical works. The repertoire of this famous organization being practically unlimited.

The Orchestra will be ably supported by Marguerite Perry one of the leading young sopranos of today. She has a beautiful voice, sings with a soul and has a magnetic personality. We are to be congratulated on having this splendid organization to close our chautauqua program.
