

Summer is the time for jewelry repairs

During the hot months, when you have but few occasions to wear your expensive jewelry, is the best time to have it gone over carefully at Clinton's to see if fastenings have become worn, prongs bent, or other injury been done to it.

We are splendidly equipped to repair jewelry, and will be glad to make an examination of yours. Bring it to us before you start on your summer trip. It will be safe then from loss or theft, and when you return will be in the best of condition. If the examination shows no repairs are needed, the jewelry will be cleaned without charge.

Bell Buys Liberty Inn

The Liberty Inn, conducted for a number of years past by C. C. Huffer, has been sold to A. E. Bell, late with the Union Pacific company, and for several years a member of the city council. The sale was made Saturday and Mr. Bell took formal possession yesterday morning. This restaurant has been for many years a paying proposition, and Mr. Huffer made the sale solely for the reason that he has engaged in business in California and he finds that country more pleasing than this.

Mr. Bell is one of the best known men in town, especially in railroad circles, and while the restaurant business is new to him, he is an apt student and can readily acquire the inner workings of the business. He will aim to maintain the excellent reputation of the Liberty Inn and make such improvements as are necessary to meet the requirements of the trade.

Sale of Government Supplies

Sale of the following listed articles will start at the North Platte postoffice on Monday, August 18th. These goods will be shipped by parcel post from Omaha after the order for same is made. They can be purchased in cans or by pounds, or in case lots or by sacks, but in order to facilitate the sale of these articles and save delay and confusion in the orders, the Department recommends that the people either form clubs or have several families join in their order, so that they can buy in case lots or by the sack. The goods will be delivered in North Platte at the following prices listed, with 5 cents war tax for each 50 pounds:

No.	Article	Price per can
607	12 lb. cans Bacon per can	\$4.50

540	2 lb. cans jam, assorted.	
186	small cans pineapple	
396	cakes toilet soap.	

(Note—No brand or firm name or articles given by the government.)

On account of the heavy amount of work in the postoffice in the morning and not being allowed to hire additional help, the hours for accepting orders for the government goods will be from 1 p. m. to 6:30 p. m.

Each individual will make out his own order, or if clubs are formed or several families join, then they should designate one person to make the order and in each instance a copy should be retained by the party making the order. These orders should be brought or mailed to the Postmaster at North Platte at an early date, and payment for the goods enclosed. Have name and address plainly written on order blank.

P. H. McEVROY, Postmaster.

Long Distance Telephone Rates Are Standardized

Long distance service is often conducted over the wires of more than one company and frequently across state lines.

Heretofore there have been several differences in the methods of quoting long distance rates by various companies.

This resulted in much confusion because of the many different conditions involved. This was not only expensive but caused many difficulties in operating the long distance lines.

Under the rates now established long distance service is on the same basis throughout the country, whether it is inter-community, inter-company or interstate. It is available everywhere on the same standard terms.

GOITRE REDUCED BY ADJUSTMENTS

Health Talk No. 18 by
DRS. STATES
THE CHIROPRACTORS

There are many forms of disfiguring and abnormal growths, but none more terrifying and unsightly than goitre.

Goitre is caused by over activity of the glands. It is a form of weakness caused by spinal nerve pressure. Among women it is usually accompanied by sexual disorder noticeable at the periods. Adjustments of the joints of the backbone to remove the weakening nerve pressure reduced the goitre. Adjustments simply co-operate with nature.
