

FOR SALE

Scout's Rest Ranch

2600 Acres Valley Land--All Under Irrigation

IMPROVEMENTS--The north portion is the best improved place in Western Nebraska; 14 room, strictly modern house, fine barn 80x160 feet, with 200 ton capacity loft; cattle shed 80x200 feet; two silos of 300 ton capacity, ice house, corn crib, garage and complete set of outbuildings. There are also 5 tenant houses on the smaller farms.

IRRIGATION--The present owners have expended \$27,000.00 on the former irrigation project and now have a system second to none in the state, headgates, drops, checks, culverts, all concrete and properly installed.

SUB-DIVISION--This ranch has all been platted and will be sold in tracts to suit purchasers.

LOCATION--This property lies abutting North Platte on the west, the location being ideal for country home or parties wishing to be near good market.

TERMS--Reasonable terms will be given purchasers and every courtesy shown prospective buyers. Price list on Application. **BUY IRRIGATED LAND. BE SAFE.** For further information see

RAILROAD FIREMEN ASK FOR BIG INCREASE IN PAY

An increase of wages ranging from thirty-five to sixty-five per cent is demanded by the 117,000 locomotive firemen in the United States and Canada. This demand was promulgated Sunday by 300 general chairmen of the B. of L. P. & E., in session in Cleveland. The scale of wages demanded for firemen is as follows:

Rates of pay for firemen and helpers in passenger service, \$6.50 per day of 100 miles or less, except when Mallet engines are used, when \$7.20 shall be paid.

Overtime in passenger service will be computed on the present basis, at a speed of 20 miles an hour.

In freight service on engines weighing less than 200,000 pounds firemen shall be paid \$6.50 per day of 100 miles or less, overtime to be computed on present basis, at a speed of 12½ miles an hour.

Inside hostlers shall be paid \$6.80 per day and outside hostlers \$7.20 per day and hostlers' helpers \$6.50 per day, eight hours or less to constitute a day's work. All time work in excess of eight hours to be paid at rate of time and one-half.

A demand is made that all coal burning locomotives less than 200,000 pounds in weight shall be equipped with mechanical coal passers, a mechanical device operated by steam to keep the coal within the reach of the firemen, and that all coal burning locomotives shall be equipped with power grate shakers and automatic fire door openers.

It is estimated that it will cost \$200,000,000 to equip the locomotives in the United States with the different mechanical devices demanded by the firemen.

Uniform deadhead rules for pay for firemen when traveling from one terminal to work at another and to be applied to all railroads in this country and Canada are demanded.

Another working condition demanded is that on railroads where firemen are required to clean locomotives they shall be relieved of such work and that firemen shall be relieved of removing tools or supplies, loading coal, filling lubricators, etc.

---:o:---

Loren Hastings spent the week end in the city visiting his parents.

Mrs. Grulke Passes Away.

Annie Grulke, wife of Louis Grulke, died at a local hospital Thursday of dropsy, with which she had been afflicted for about two months. She was fifty-six years of age. The funeral was held from the Episcopal church Sunday afternoon.

The deceased was born in Germany and came to the United States twenty-seven years ago, locating in Bloomington, Ill., where she resided until ten years ago when she was united in marriage to Mr. Grulke. She lived with her husband on a farm nine miles south of town until about a year ago when they moved to this city. She is survived by her husband and five children by a former marriage, all of these children living in the east.
