#### Organize Transportation Employees.

A transportation club, such as is now operative in most of the larger cities and towns of the country, is to be organized in North Platte in the near future. Rene S. Curtiss, of Chicago, Grand President of the Transportation Employees' Union of America, plans to come to this city in the near future for the purpose of going over the field and ascertaining the different branches of the club work which might be maintained here. He plans establishing a lodge hall and club rooms for the benefit of the different transportation employees of the railroads, express companies, etc., working in and out of the city.

#### Daylight Act Repealed

Repeal of the daylight savings act was accomplished Wednesday, the senate voting to sustain the house in passing the repeal measure over President Wilson's veto. The vote was 57 to 19.

The repeal of the law becomes effective after the clocks are turned back to normal in October. It is one of the very few measures which have twice been vetoed by a president and have become a law in spite of the veto.

#### Clara and Juanita Johnson, of 1021 Sycamore street, entertained twenty of their little friends at a birthday party Wednesday afternoon. A very pleasant afternoon was spent in games, after which a two course luncheon was served and the guests departed feeling very much pleased, and wishing the girls many happy returns of the day.

#### Chief Has an Exciting Chase.

Chief McComber had an exciting chase Tuesday night when he took after an auto speeder. The speeder started south on Locust street at a thirty mile clip with the Chief following in his car. Surmising that he was being followed, the speeder "stepped on her," and by the time he reached C street he was doing forty-five miles. He turned east on C street and stopped at his home, where he was taken in by the Chief and the following day, in the police court paid the customary \$9.80.

#### Postmaster's "Store" is Busy.

Postmaster McEvoy, who opened a sale Monday of government supplies, says he is receiving many orders, especially from farmers who generally buy in larger quantities than do town people. Orders for nearly every article on the list have been received. Mr. McEvoy says a reduction has been made in the transportation charges from \$2.00 to \$1.00 per hundred, which reduces the cost to the consumer to just that extent.

#### Take Men to Pen.

Deputy Sheriff Chappell left for Lincoln yesterday having in tow two men who had been sentenced to the penitentiary by Judge Grimes. These men were Citron Torron, a Mexican, who pleaded guilty to stealing silk shirts from the Star Clothing house, and Frank Bell, who broke into the section house at Maxwell and stole a suit of clothes and six dollars in cash. Both men received an indeterminate sentence of from one to ten years.

### TRACK AND SHOP LABORERS DEMAND INCREASE

General chairmen of the United Brotherhood of Maintenance-of-Way Employees and Railway Shop Laborers in session at Detroit Tuesday approved a new wage and working agreement already submitted to the railroad administration, calling for an increase in pay of approximately one dollar a day per man, time and a half for overtime and promotion by seniority.

The demands, it was said, affect all railroads in the United States, Canada and Central America and involve about 600,000 workers. Half of that number are members of the union.

A referendum now being taken is returnable August 24. Union officials declare 99 per cent of the men favor the proposed schedule and a general strike of all maintenance-of-way employees if their demands are not met.

The increase demanded would mean an additional expense to the railroads of nearly \$190,000,000.

#### Railroad Traffic

Freight loading on railroads in the central western zone in July were 512,110 cars compared with 529,797 cars last year, a decrease of 3.3 per cent. Miscellaneous freight loadings were 300,089 cars, or 11.4 per cent increase. Grain, 18,790 cars, increase of 10.1 per cent over last year. A feature was the loss of 28.9 per cent in ore, with 13,513 cars moved, and of 34.5 per cent in coal with 86,579 cars handled.
