### Wear goggles for comfort

Comfort is the one big idea in goggles, and there isn't a day goes by in summer but what you couldn't use a pair to advantage. If your work takes you out in the sun, a pair of good goggles will leave you less tired when the day is over. If you are using your eyes for fun, why put a handicap on your sport by squinting into glare, or bright light? That uses up nervous energy and a good disposition. Clinton has a variety of styles in goggles. One of them is the kind that will suit you to a T. Come in and pick it out. 75c to \$2.50.

C. S. CLINTON.

JEWELER AND OPTICIAN.  
At the Sign of the Big Ring.
