

Summer Rings.

Summer life, with its outdoor activities and costumes of light material, brings a need for rings of appropriate designs.

Colored stones in fancy mountings are the latest fashions. They show off a graceful hand, and add a charming dash of brightness in keeping with prevailing modes.

We show many designs especially appropriate to wear with sport costumes and at summer social affairs. It is a wonderful display in variety and beauty.

The Master Key TO Successful Photography

One camera with the combined advantages of many—
One Master Model that unlocks all the doors of photography.

ANSCO VP SPEEDEX NO. 3

THE maximum of speed, efficiency, size of picture (2 1/4 x 3 1/4) coupled with quick action—as well as minimum of bulk, weight and bother—are reached in this wonderful camera. So small and light it can be carried anywhere. So efficient it makes good pictures in any light—on dull days or late afternoon. So fast that rapidly moving objects can be successfully photographed—"action pictures" are a certainty.

Four lens equipments—priced from \$31.00 to \$75.00
It merits your investigation—Step in

Henry will enter Yale university. Miss Nanine will take a course at Columbia university and Charles will probably enter a New York school.

Farmers in from the country Saturday said that early planted corn was standing the dry weather in good shape and had reached the denting stage. Late planted corn, however, may be somewhat affected by the dry weather. One farmer over south told us that he had dug sixteen inches in the north and had found the soil full of moisture notwithstanding the lack of rain for three weeks.

ONE REGISTER heats every room - upstairs and down

HERE you see the complete installation of the Estate Single Register Heating System. The heater in the basement—a simple, clean-cut installation.

The register in one of the first-floor rooms, sending healthful, moist, warm air to every room in the house, and drawing the cooled air from the floor back into the heater. No pipes needed to carry the warm air from one room to another—no tearing up of walls and floors to install this heater. Can be installed in any home—old or new. All heat goes into the house—none into the cellar.

Great Economy of Coal

Letters from users tell stories of almost unbelievable economies effected with this heater. Why feed fuel to several stoves and fireplaces when one heater in the basement does so much more work?

Burns Wood, Too

The Estate burns wood as well as coal. The extra large feed door makes firing easy.

IN its FIFTH successful season. Thousands installed in old and new homes, stores, churches, etc., in every section of the country, and all delighting their users.

Estate SINGLE REGISTER WARM AIR HEATING SYSTEM

"the furnace that breathes"

Why You Want the ESTATE

Don't confuse the Estate with so-called "pipeless" furnaces. The Estate is an original heating system, with features which put it in a class by itself. Separation of the intake pipes from the casing gives fuller and freer circulation of warm air.

The enameled water pan is as easy to fill as a teakettle and easy to clean as a china plate. The radiator has a patented clean-out attachment. The ball bearing grate can be shaken by a child—even when heavily loaded. The fire pot is guaranteed for 5 years.

Your Satisfaction GUARANTEED

When you buy an Estate Heating System you are not merely buying a thing—so much iron and steel. You are contracting for economy, for complete satisfaction. Heating plans are made by experts to fit your individual requirements, and each installation is guaranteed in writing.

THE ESTATE STOVE COMPANY
HAMILTON, OHIO
House founded in 1845

W. R. Maloney Co.

LOCAL AND PERSONAL

Miss Irene Niles of Denver is a guest at the W. H. Diener home.

Mrs. C. M. Trotter, who has been spending several months in Ogden and Salt Lake, will return home Saturday. Mrs. Trotter is a victim of asthma and is forced to seek a change of climate during the summer.

C. M. Trotter returned yesterday from Omaha, where he spent a couple of days hustling cars for his trade. He succeeded in getting a carload of Paiges, a car load of Oaklands, and has on the road a car of Hudsons.

The Lutherans and Episcopal base ball teams will play this evening at the city park. At the present time the Lutherans lead the church league, with the Episcopalists a close second, as a result the game will undoubtedly be a close one.

Christian Science service Sunday 11 a. m. Wednesday evening meetings every week at 8:00. A cordial invitation is extended to all to attend these services. Building & Loan building, room 25.

Guy Congdon arrived Thursday from Chicago to get his small son who has been spending the summer here with his grandparents, Mr. and Mrs. D. C. Congdon. Guy was accompanied on the return trip Friday by his father, who will visit him for a short time.

The Kearney Hub says: "Potatoes shipments are going out from Kearney daily to every part of the country. The crop is bringing all the way from two dollars and twenty-five cents to two dollars and seventy-five cents a hundred, one local shipper having been paid the latter price for several carloads. The yield this year will show a considerable increase over past seasons, despite the fact that it fell below early estimates. This is due to an increased acreage."

Wanted For Sale
Resident properties located in the east and west end. List it with the H. & S. AGENCY, Brodbeck Building.

Notice
No trespassing or hunting on Sec. 14-15-30 and sec. 24-15-30. 65-3p
