

Reports Shortage of Rooms.
Supt. Tout reports that not more than half enough rooms have been secured for teachers and none have been reported for rent to students.

It is necessary that North Platte homes take care of the teachers in the city schools and that we do it in good shape and in a good spirit. We cannot hope to get good teachers to come to North Platte unless we get a reputation for taking care of them right. Boys and girls wish to take advantage of our high schools and need places. Some of them must work for their board and room, others want to pay cash. Phone 100 or the residence Red 430 and we will be glad to list your place.

Schools Will Open Monday.
The city schools will open next Monday at nine o'clock fast time, or eight o'clock slow time. Which time to adopt was carefully considered by the school authorities and it was decided that as most of our people are governed by fast time it would be best for the schools to adopt that time.

Havelock Shopmen Walk Out.
Eight hundred workmen in the Burlington shops at Havelock, near Lincoln, walked out Tuesday morning. They offered no reason for going out other than they could not accept President Wilson's award of a four cent raise. It is expected that men in shops in other parts of the country will lay down their tools within a few days, regardless of Washington advice that a big majority of shopmen throughout the country favor accepting the four cent increase until a readjustment of conditions occurs.

Bonus for Soldiers.
The Wisconsin soldiers' bonus bill providing approximately \$15,000,000 to be obtained through taxes, which passed the recent legislature with a referendum amendment attached to it, at a special election throughout the state Tuesday was ratified by a wide margin, ranging from two to one to ten to one in different sections of state.

Under the measure, soldiers, sailors, marines and nurses who enlisted in the world war will receive \$10 for each month's service, the minimum to be \$50.

Blam's Food Gamblers.
That a tremendous drop in food prices may be expected in the United States in the next few months was the statement of Herbert Hoover before the senate committee which is in France investigating war expenditures.

"Europe can no longer purchase the over production," the food administrator affirmed. "The warehouses of Amsterdam, Rotterdam, Copenhagen and Stockholm are overflowing with American products for which there can be no outlet because the countries which are needing food are unable to pay the present prices."

The situation is extremely dangerous, is the opinion of Mr. Hoover, unless the United States government finds some outlet for the production.

See "Clinton & Son" about your eyes and satisfied. Sign of the Big Ring.

NOTICE TO PUBLIC.
I am now prepared to handle all kinds of interior wiring, both city and farm work. Get our prices.

The following have entered the motorcycle races:
Archie Lloyd, North Platte.
Gordon Love, North Platte.
Gordon Love, North Platte.
John Null, North Platte.
Henry Elias, North Platte.
Jay Varner, North Platte.

Hazen-Howes Wedding.
At the Episcopal church Monday afternoon at 2:30 Miss Anna E. Howes became the bride of Lloyd B. Hazen. Rev. R. O. Mackintosh performing the ceremony. The bride wore a gown of white satin and carried a shower bouquet of cream roses. She was attended by her sister Miss Elsie, gowned in white net and carrying white chrysanthemums. Irene Cross and Sarah Howes were flower girls and Allen Arnold was ring bearer. The groom was attended by Arthur Artz. The bride was given away by her father, Samuel Howes. Flowers and ferns were the church decorations.
Mr. and Mrs. Hazen left the following evening on a California trip and will be at home after November first.

A Bargain If Sold Within Ten Days.

Frame house 24x24 tubular well, Eclipse wind mill, steel cattle tank, frame barn for 4 head of horses, frame chicken house 12x16, about 3000 growing trees, frame cattle shed 16x40, about 300 acres of tillable land, 60 acres now under cultivation. See Miltonberger for further information. Price right. Terms on application. 68-2

Autos Collide.
An auto collision occurred at the postoffice corner Sunday evening between cars driven by Harvey Von Doran and a Mr. Webb of the south part of the county. VanDoran was traveling south and Webb north, and when the latter reached the street post he whirled around it, not noticing the approach of the VanDoran car, and failing to give the turn signal. Four men were in the VanDoran car and seven persons in the Webb car, but with the exception of Hudson, an occupant of the VanDoran car, who was thrown through the windshield and cut on the head, neck and body, none were injured. Webb admitted his fault, and paid Hudson's doctor bill and for the damage to the Van Doran car.

No Hunting or Trespassing.
Will be permitted on my land ten miles west of North Platte. I mean this and violators will be dealt with according to law.
FRANK HENEKA. 68-4p

Employ Household Arts Teacher.
Miss Edna M. Burhans of Burlington, Iowa, has been employed by the board of education to take charge of the household arts department of the local schools. She is a graduate of Stout Institute and has studied post graduate work at the University of Chicago and at Columbia University. She has been supervisor of household arts at Mt. Pleasant, Iowa, for the past four years and comes highly recommended by the school people of that place.

Old Soldier Passes Away.
The funeral of Sidney Timmerman, who died Sunday was held at the Episcopal church Wednesday afternoon the service being conducted by Rev. C. F. Koch. The remains were taken to Superior, Neb., for interment.

The deceased was past seventy-four years of age, and was a veteran of the civil war. He is survived by his son A. E. Timmerman and daughter Mrs. Payne, both of this city.

Freedman. Mr. Freedman has already been here for nine weeks taking orders for the above firm. Leave a call and he will bring the samples to your residence at any time. 67-2

Ford to Mexico.
Henry Ford plans to go ahead with his program of erecting a large tractor-manufacturing plant in the north part of Mexico, despite the disturbed political situation in that country. He has employed a great number of Mexican mechanics in his Dearborn plant, these men being used later to train other workmen of their nationality.

Plumb Plan Doomed to Discard.
The Plumb plan of handling the railroads of the country is headed for the discard, in the opinion of Commissioner Wilson of the state railway commission, who is just back from Washington. The plan is not seriously considered by the senate committee that has undertaken the task of formulating a scheme for handling, because it is regarded as utterly impracticable and no real solution of the problem.—Lincoln Journal.

The Cotton Yield.
The total cotton production for the season is estimated at 11,230,000 bales by the crop experts of the bureau of agriculture. The last year's yield was over twelve million bales. The average raised this year is about one hundred and fifty-nine pounds to the acre. Picking of cotton is already under way.

No Strike of Shop Men.
Five hundred thousand railroad shopmen were to have walked out Tuesday over the entire country, but they have temporarily accepted the four cents an hour increase granted them and will arbitrate their full claims. It is stated that unions voting on what course they should pursue went about ninety per cent for accepting the four cent rate and looking to the president for a further increase.

The Coal Shortage Should Not Concern You If Your Stoves Are Equipped With OXO-GAS Burners

Demonstrations Daily at York's Feed Store
Locust St.

THE WONDER OF THE AGE
Used for COOKING RANGES, HEATING STOVES, BASE BURNERS, FURNACES. Can be installed in any stove, old or new. Cheapest fuel known to science—4 per cent Kerosene and 96 per cent Air.

A WOMAN'S FRIEND
Absolutely safe. No Coal to carry in. No Ashes to carry out, No Soot, No Smoke. Minimum Heat in Summer. Heats for Cooking and Baking with same convenience and efficiency as City Gas.

COMMON KEROSENE USED. FILL TANK YOURSELF.
Pour in Kerosene and pump air to 10 or 20 pounds pressure and the burner is ready to light. Very simple. Complete instructions with every outfit.

NEBRASKA OXO-GAS CO.,
North Platte, Neb.

A Big New Discovery in Cigarette Blending

The big thing about Chesterfields is their unique blend. The *Chesterfield blend* is an entirely new combination of tobaccos. It is a most important development in cigarette making.

As a result, Chesterfields deliver a new kind of cigarette enjoyment—just like a "bite" before bedtime when you're hungry—they SATISFY!

It took the finest selections of TURKISH and DOMESTIC tobaccos and no end of skill and patient experiment to get this blend right.

Was it worth it? Say—just smoke a Chesterfield fresh from the moisture-proof package. You'll say it was worth it, all right.

Liggett & Myers Tobacco Co.

Chesterfield CIGARETTES

—of Turkish and Domestic tobaccos—blended

—a splendid combination of aromatic Turkish tobaccos from Xanthi, Cavalla, Smyrna and Samsoun

—the choicest varieties of Domestic tobaccos grown and only the best grades of each

—careful skillful blending by a secret process that cannot be copied
