

**SUTHERLAND'S HOME-COMING IS A BIG SUCCESS**

Sutherland people did themselves proud in the welcome which they extended to their returned soldiers and sailors last Friday. Business was completely suspended after the middle of the forenoon and the citizens of the town and surrounding section united in making the day a pleasant one for the boys. Sixty or more of the boys who had been in the service accepted the invitation to be present, each soldier or sailor wearing his uniform. The day opened with a parade which was headed by the North Platte band and in which the guests of honor participated, and following this a dinner which was well prepared and nicely

served was enjoyed. Short addresses were made by J. T. Keefe, Capt. Vic Halligan, Geo. N. Gibbs and Dr. C. A. Selby of this city and Miss Dickinson, a Salvation Army lassie. In the afternoon a game of ball between Tryon and Sutherland attracted a big crowd, the latter winning by a score of three to one. Picture shows and other features of amusement were thrown open free to the boys as was also a dance in the evening, the music for the latter being furnished by the Doucet orchestra of this city. During the day the North Platte band gave selections and something was "doin'" all the time.

This week you can buy one of those new fall waists at The Style Shop for \$7.95.

**NORTH PLATTE HAS PROMISE OF A MANUFACTURING CONCERN**

J. H. Hardin, inventor of the Resistant Auto Wheel, who for years has made his home in Plant precinct, is now offering for sale stock in a company which is to be organized for the purpose of manufacturing the wheel which will be made here in North Platte.

This auto wheel is not pneumatic, but derives its resiliency from springs so arranged as to produce as easy riding in a pleasure car as results from pneumatic tires. Mr. Hardin had one of the wheels made, placed it on his car, drove seventeen hundred miles through Colorado and Wyoming and upon his return the wheel showed

absolutely no signs of wear. The construction of the wheel is such that it will outlast a pneumatic tire, there is no trouble from punctures or blow-outs, and the cost of the wheel is less than the ordinary pneumatic tire.

The company will be capitalized at \$60,000, one-half of which is to be paid up. Mr. Hardin is meeting with good success in selling stock, a number of our business men subscribing, among whom are L. B. Dick, S. M. Souder, E. T. Tramp, Dr. McCabe, A. J. Salisbury, J. L. London and others.

**FOR MEN AND BOYS.**

The Men's and Boys' Store of This City.

**Men's Fall Suits and Overcoats OF SUPERIOR VALUE.**

In these days of high prices it is best to investigate thoroughly before making your Fall and Winter Clothing purchases. We are only too glad to have you look at our superior clothes values and make comparison with what other stores have to offer.

The high grade tailor shops of the east are crowded with orders from all points of the globe. Working hours are shorter and naturally the production is curtailed, and delivery to the merchant is much slower than usual. Yet with all these things to contend with this store is proud to announce that our Fall and Winter showing is complete.
